PATTERN NOTES

This Dress is worked from the top down. The Front and Back Bodice are worked separately in rows from the Shoulders down and joined together at the underarm. The Body is worked in rounds to the Split Hem. The Sleeves are worked in rounds directly onto the Dress. The Flowers are made using the Filet Crochet technique. Follow the chart where instructed to create the Flowers. The Flower design is symmetrical so the same is used when working in rows or rounds. Work Open Blocks and Solid Blocks as defined in the Stitch Guide. Each block consists of 3 stitches. Count each block as a set of 3 stitches to ensure block counts are correct and the flower chart is worked correctly.

Turn piece so that Front is facing. The next set of 2 Front flowers should be staggered on either side of the first Front flower as shown in the photo.

Now place the remaining 2 markers so that you have a set of 17 blocks marked to the left of the center **Open Blocks** and a set of 17 blocks marked to the right of the center **Open Blocks**. You will work the same Flower chart across all 3 sets of 17 marked Blocks. Work all other blocks as **Open Blocks**. To keep the flowers staggered yet still showing on the front of the garment for all sizes, most sizes will have more **Open Blocks** along the sides than between the 2 Front flowers.
