Get the picture?

As if our creative crew didn't work hard enough already, we gave ourselves a new challenge this spring: to pull together an extra issue, scheduled at that time of year when we usually get to (breathe) for a few minutes, clean off our desks and sort through the stuff we've accumulated over the past twelve months. We're really excited, though, since making knitting magazines is what we all love to do.

The magazine you are holding is the direct result of the reader survey you filled out last year, in which you told us you wanted more designs and more issues. When we were deciding on the styles to include, we had to really think about what "Early Fall" meant to us, and would mean to you, since the magazine would go on sale in the early part of the summer. We agreed a mix was best—designs for late summer, which also work in places that are warm year-round, and lightweight knits for the transition into cooler weather. As well, we added three lovely gay sweaters from the Seventh Avenue design team Lutz & Palmos, which knit up relatively quickly, have amazing texture and are perfect for a Fall wardrobe—start them now and they'll be ready to wear by the time the leaves fall. Meet the wonderful women behind the Lutz & Palmos label on page 64. I've been a fan of their work for years and am thrilled to have them work with us.

Another great item to knit at this time of the year is jewelry. There is so much knitted (and crocheted) neckwear around at the moment, as the trend moves toward chunky pieces embellished with all sorts of materials, including everyone's favorite, Swarovski crystals. The neckpiece shown at left, by Shadowplay designer Heather Goldberg, is really sensational (as is her long, skinny necklace; see them both in detail on page 62). If something more traditional is your style, check out Nicky Epstein's flower necklace on page 44. They are great

pieces to try with different garments in multiple colors, with or without beads and crystals.

On top of the thirty fabulous designs on these pages, we've added yet another feature to give you even more information about the projects, which we believe will be just as valuable as our popular VOGUE. When we shoot an individual sweater or accessory, we take about forty shots—then Joe Vito, our creative director, spends hours editing film or digital film to select the best photos for our pages. The leftovers? They usually get filed away.

Now, we're giving our Web team a few of these extra shots—especially the back view, side views and closeups of stitch details—to add to our site, which we consider to be an extension of the pages of our magazine. If you go to the website's Preview section, you'll see a slider in the corner of each photo. Click on it and the extra shots will appear. The photos shown top right are an example of the extra details you'll find. (Thanks to all of you who've let us know that you prefer the voice-over to the background music on VOGUE; we're bringing it back with this issue.)

We hope to see lots of people wearing their own creative versions of our designs at our Vogue Knitting LIVE event scheduled for next January. (More about that in our next issue.) In the meantime, happy knitting!

Princess Squares Blanket Designed by Pam Allen

What a sweet way to add vibrant color to a room – a Pam Allen Blanket using one background and 5 contrasting colors, knit entirely in garter stitch. The blanket's modular knitting, a technique inspired by

Vivian Huxford's book *Knit To Be Square* (Interweave Press, 2004), works best with strong color, but with Princess yarn's wide color range, imagine the possibilities!

The pattern calls for Princess, not only because of its colors, but because of its gauge and fiber content, both of which contribute to the finished blanket's cozy warmth.

Princess has a nice melina base that is combined with cashmere for softness and gentle drape and angora for a slight halo. Its positively blossoms offer its feel hand with or without blocking.

While this blanket is written for a 29" x 29" size, the pattern is easily adaptable to larger (or smaller) dimensions, which makes it just right for any size throw or blanket. Enjoy!

EPS: The Four Tops

In a new series of articles, Meg extols the virtues of Elizabeth's Percentage System.

Yoke, Biddle shoulder, Hybrid, Shirt yoke, Raglan, Set-in sleeve, Sideways garter stitch, Lap shoulder, Bow-the-Corpus, Cousin Pulgar, Entrelac. This list represents the Elizabeth Zimmerman topings you can knit into an EPS (Elizabeth's Percentage System) circular, seamless sweater. EPS allows you to work with any gauge, to fit practically any size, and is particularly well suited to hand spinners, who often have their gauge dictated to them by their wool.

Each of the above choices (except Cousin Pulgar) begins in the same manner: knit the body from the lower edge to the underarms, work the sleeves from cuffs to armpits, knit the three tubes and decrease your way to the neck. Yes, there are a number of practical reasons to knit a sweater of this type from the top down, but for me, there are psychological reasons not to do so.

When you begin a new project, you are full of enthusiasm, and before you know it, you have completed the body. Work the two sleeves simultaneously and they will take even less time to knit than the body did. Suddenly, you have reached your reward: the top shaping. And as you knit the sleeves and body, cogitating on the yoke, you have the luxury of changing your mind time and again as you soar through the plain parts. When knitting down the top, however, all the excitement is over almost immediately, then you have to slog through the (sometimes) seemingly endless body and sleeves. But, as always, *Knitter's Choice*.

Over the next few articles, to celebrate the centennial of my mother's birth, I will give you an overview of a few of the shapes from the above list. As with nearly any properly fitted garment, the key is knowing how easily stitches and rows to the inch you get with the yarn and needles you choose.

When you multiply your stitch gauge by the number of rows around the largest part of the body—usually just below the underarms—the resulting number is 100 percent, or (K) (the key number). You may want to begin at the lower edge of the body with some kind of ribbing or garter stitch on 10 percent fewer stitches (90 percent (K)), then increase up to 100 percent in the first stockinette-stitch round above the bands. Or cast on 95 percent (K) for a few and increase at the side "seams" as you work your way to the underarms. Or use a needle several sizes smaller and work plain knit for an inch or so to produce a rolled lower edge.

When you reach the desired body length from lower edge to underarms, put K to 15 percent of (K) stitches on a length of scrap yarn, directly centered above each side "seam." Please do not cast off the underarm stitches, doing so results in a tight salvage that restricts movement and makes an uncomfortable edge in the armholes. Using your sweater will not be seamless. To prevent the body from riding up at the back, you may want to add a pair of short rows at some point across the back only.

Sleeves begin at the cuff (maybe choose a border to match the lower edge of the body) with 25 to 35 percent (K) stitches. After the border, mark the center 2 or 3 underarm stitches and increase on each side of these

Here are four of many ways to eliminate two stitches at each raglan point. The first two are examples of pairs of single decreases; the second two are double decreases. 1) 2-stitch, 4/1, reb; 2) reb, 4/1, 2-stitch; 3) reb 1/1, 2-stitch; 4) reb 2 top 1/2 reb, 4/1, 2-stitch.

marked stitches every fifth round (approximately), until you have between 35–40 percent (K) at the upper arm. Work straight to wanted sleeve length. Or, for a pleated sleeve, increase severely right above a ribbed cuff and work straight to about elbow length; then begin to increase each side of the marked underarm stitches to desired upper-arm circumference. First straight to needed length. Working both sleeves on one circular needle or two sleeves on two circles is amazing, but I am faster with two separate sleeves on separate needles, knitted twice or less simultaneously.

As with the body, put 8–10 percent of 90 stitches on scrap yarn at each underarm, carefully centered above the shaping. If you like, after the resulting number to an uneven one so you have a center stitch for G2's. Finney Seams on body and sleeves. Now join the three pieces as follows: knit across body (front or back) and, matching armpits, stitches-on-scap yarn, continue knitting around one sleeve; last that sleeve needed, knit across the other side of the body and repeat for second sleeve. There. All stitches (minus four sets of underarm stitches) are now on one needle.

Here is the moment of truth: It's time to choose one of the top shapings.

Most of the shapes listed at the beginning of this article require you to work a series of short rows around the back yoke only. They will lower the neck front, without them, the neck would cut across the wearer's Adam's apple. Work 2 or 3 sets of short rows (4 or 6 extra rows) as follows: knit about 12 sts past the left-hand sleeve/body join. *Wrap, turn and knit back to the same spot on the other front. Wrap, turn and knit to within 3 or 4 sts of the first wrap. Repeat from * a total of 2 or 3 times (4 or 6 additional rows across back only). (See drawing.)

Let us begin this series with a raglan shape, which requires the elimination of 8 stitches every other round until you reach a neck circumference of approx 40 percent (K) or 50 percent (K) for little kids whose heads are proportionally larger to their bodies than "humans," as my mom used to say.

The total yoke depth will be approximately one half the body width (one quarter of the circumference), so at this point, use the finished body as a giant match to obtain your row gauge. Now roughly calculate the number of rounds in the yoke, and figure how many stitches will remain after decreasing 8 stitches every other round (only the yoke depth has been achieved).

If you'll reach wanted yoke depth before you have eliminated the necessary number of stitches, begin the raglan shaping right after joining sleeves and body (maybe knit one plain round to settle down all stitches). You can instantly eliminate any remaining extra stitches on the top of the yoke in the first round of the neck ribbing. Or, if you will get to the 40 percent neck circumference before you have the necessary yoke depth, knit an inch or two plain before knitting into the decreases, right after joining sleeves to body. After (or during—

Final neck sts: approx. 90% (K)

Ribbing at garter stitch, cast on 90% (K). Use in 100% in the round above lower edge.

Ham or rolled edge, cast on 80% (K). Use in 100% above rolled edge or in pairs at side "seams" as you work up the body.

see above.) 2 or 3 sets of short rows (which are worked as shown in the drawing, much closer together across the chest than you may have imagined), mark four raglan points where the sleeves meet the body. Take a note to choose whether the "marked stitch" will be the last body stitch or the first

(continued from page 40)

sleeve stitch, and be consistent at the other three points.

Now decrease 2 stitches at each of the four markers every other round. There are plenty of decrease methods from which to choose; you can work pairs of single decreases or any number of different double decreases (turning 2 stitches into 1). The pairs of single decreases can be spaced apart, and you can insert a 2- or 3-stitch cable between them, or work a single part stitch between the two decreases (a vertical part will cause the fabric to ravel). Or reverse the usual k2tog, p2s4 and try ssk, k2tog. The double decrease can be as simple as k2tog (which is awkward to execute) or c2tog, or slip 1, k2tog, pass, or slip 2tog knitwise, k1, p2sso. Just be sure to keep the decreases strictly in line. Knit on, and notice how the rounds click past faster and faster as the number of stitches is steadily reduced.

More short rows

When you are about 1 inch shy of wanted yoke depth, the decrease pairs of stitches may meet at the shoulder, or you may have 8 to 10 stitches still separating the decrease lines. After finishing the last decrease (at wearer's left front), knit about 8 more stitches as you prepare for another few sets of short rows. "Wrap, turn and knit regular decrease round to within 2 or 3 stitches of the first wrap. Repeat from " a total of two or three times (4 or 6 additional rows across the back only). (See drawing at bottom of page 40.)

If the number of neck stitches or the yoke depth is not what you planned, there is still time to make some adjustments. Keep in mind that this is knitting; when using pure wool, further alterations can be made during blocking.

Finish off with the neck edging of your choice: ribbing, fern, 1-cord, etc. The final move that turns this into a totally seamless garment is weaving the end underarm stitches invisibly (this will apply to all the yoke variations, except Cousin Pulgar).

Because the fabric comes from three different directions to meet at the underarm corners, there is usually a large gap at the beginning and end of the Kitchener stitch. This may be obtained as follows: Say you have 15 underarm stitches on scrap yarn; put 15 sleeve stitches on one double-pointed needle, the 15 body stitches on another. Now, pick up one of those large, sloppy strands at one end of one needle, twist it and add it to the needle as a legitimate stitch. Repeat the foregoing at the other three ends of the two double-pointed needles. You will now weave 17 stitches to 17 stitches.

That usually takes care of the problem. If it does not, you can work a kind of duplicate stitch around any offending hole and drag it up as you darn in the ends. Tip: As tempting as it is to use the hanging sleeve or body wool for weaving, resist that impulse and take a fresh length of wool. Yes, you'll have extra ends to darn in, but you'll eliminate the possibility of distortion and provide a length of resting wool at the same time.

Perhaps you do not want a raglan yoke top for your garment. But you may need to find a round yoke with, perhaps, some color patterns (which I will describe in the next issue) or one of the others I listed. In that case, please save these instructions; they will be applicable to the future articles and will not necessarily be repeated.

Using photo as guide, sew flowers to center of tie. Cut 1 piece of netting to 3 x 15 1/2 x 38cm, fold in half lengthwise and gather edge to form circle. Sew to back of flower 1 through thickness of flower and tie. Cut second piece of netting to 3 x 20 1/2 x 60.5cm. Gather at edge to fit around lower edge of all flowers, sew to tie. With A and tapestry needle and with WS facing, run strand through top edges of flowers, making knot where flowers meet to secure third tag. Using photo as guide, sew new crystals to front of tie.

glossary

- bind off** Used to finish an edge or segment. Lift the first stitch over the second, the second over the third, etc. (U.K.: cast off)
- bind off in ribbing** Work in ribbing as you bind off. (Bind the knit stitches, purl the purl stitches.) (U.K.: cast off in ribbing)
- 3-needle bind-off** With the right side of the two pieces facing and the needles parallel, insert a third needle into the first stitch on each needle and knit them together. Knit the next two stitches the same way. Slip the first stitch on the first needle over the second stitch and off the needle. Repeat for three-needle bind-off.
- cast on** Placing a foundation row of stitches upon the needle in order to begin knitting.
- decrease** Reduce the stitches in a row (that is, knit 2 together).
- increase** Add stitches in a row (that is, knit in front and back of stitch).
- knitwise** Insert the needle into the stitch as if you were going to knit it.
- make one** With the needle tip, lift the strand between the last stitch knit and the next stitch on the left-hand needle and knit into the back of it. One knit stitch has been added.
- make one p-st** With the needle tip, lift the strand between the last stitch worked and the next stitch on the left-hand needle and purl into back of it. One purl stitch has been added.
- no stitch** On some charts, "no stitch" is indicated with shaded squares where stitches have been decreased or not yet made. In such cases, work the stitches of the chart, skipping over the "no stitch" spaces.
- plant markers** Place or attach a loop of colored yarn or purchased stitch marker as indicated.
- pick up and knit (purl)** Pick (or purl) into the loops along an edge.
- purlicue** Insert the needle into the stitch as if you were going to purl it.
- sewing stitch** Edge stitch that helps make sewing easier.
- slip, slip, knit** Slip next two stitches knitwise, one at a time, to right-hand needle. Insert tip of left-hand needle into fronts of these stitches, from left to right. Knit them together. One stitch has been decreased.
- slip, slip, slip, knit** Slip next three stitches knitwise, one at a time, to right-hand needle. Insert tip of left-hand needle into fronts of these stitches, from left to right. Knit them together. Two stitches have been DECREASED.
- slip stitch** An unworked stitch made by passing a stitch from the left-hand to the right-hand needle as if to purl.
- work even** Continue in pattern without increasing or decreasing. (U.K.: work straight)
- yarn over** Making a new stitch by wrapping the yarn over the right-hand needle. (U.K.: yfn, yrn, yml)

gauge

Stitches measured over 27.5cm.

Rows measured over 27.5cm.

Note: Gauge should be taken over at least 27.5cm and preferably over 47.0cm.

Make a test swatch at least 47.0cm square. If the number of stitches and rows does not correspond to the gauge given, you must change the needle size. An easy rule to follow is: To get fewer stitches to the inch/cm, use a larger needle; to get more stitches to the inch/cm, use a smaller needle. Continue to try different needle sizes until you get the same number of stitches in the gauge.

sizing

Directions are given for the smallest size, with the larger sizes in parentheses. If there is only one figure, it applies to all sizes. **SIZE+** listed under a pattern number indicates that a garment is sized XXL or larger.

basic stitches

Garter stitch Knit every row. (Circular knitting: knit one round), then purl one round.

Stockinette stitch Knit right-side rows and purl wrong-side rows. (Circular knitting and all rounds: R.U.K.: stocking stitch)

Reverse stockinette stitch Purl right-side rows and knit wrong-side rows. (Circular knitting: purl all rounds. U.K.: reverse stocking stitch)

skill levels for knitting

- Beginner** Ideal first project.
- Easy** **EASY** listed under a pattern number indicates basic stitches, minimal shaping and simple finishing.
- Intermediate** For knitters with some experience. May indicate stitches, shaping and finishing.
- Experienced** For knitters able to work patterns with complicated shaping and finishing.

1. Hold right sides of pieces tog on first needles, insert third needle between into first stitch of each needle, and wrap yarn between.

2. Knit these two stitches together and slip them off the needles. Repeat the bind two stitches together in the same manner.

3. Slip first stitch on 2nd needle over 2nd stitch and off needle. Repeat from * in step 2 across row until all stitches are bound off.

* GUIDELINES ONLY: The above reflect the most commonly used gauges and needle or hook sizes for specific yarn categories.

** Lace weight yarns are usually limited or restricted on larger needles and hooks to create lace, openwork, petting. Accordingly, a gauge range is difficult to determine. Always follow the gauge stated in your pattern.

*** Steel crochet hooks are sized differently from regular hooks—the higher the number, the smaller the hook, which is the reverse of regular hook sizing.

Figure 1 consists of four bar charts arranged in a 2x2 grid. Each chart represents a different level of agreement with the statement 'The government should do more to help people who are struggling financially'. The y-axis for all charts is 'Percentage of respondents' ranging from 0 to 100. The x-axis for each chart is 'Level of agreement' with categories: 'Strongly agree', 'Somewhat agree', 'Somewhat disagree', and 'Strongly disagree'. The data is as follows:

Level of agreement	Strongly agree	Somewhat agree	Somewhat disagree	Strongly disagree
Strongly agree	~85%	~10%	~3%	~2%
Somewhat agree	~75%	~20%	~3%	~2%
Somewhat disagree	~65%	~25%	~8%	~2%
Strongly disagree	~55%	~30%	~12%	~3%

1601

1) Tank is washed in the round to underside, then divided and front and back are washed separately back and forth in rows.

2) Fold to the nature of k1, p1 rib for the fabric. The finished last measurement, unstretched, may seem small, but it will stretch to fit when worn.

STITCH GLOSSARY

Visible line (VL) Insert LH needle from front to back under the horizontal strand between last st worked and next st on LH needle. K into the front loop for an unstretch (open) line.

BODY-SKIRT

Cast on 198 (210, 222, 234) sts. Place marker (pm), and join. K every row for 81 (9, 9%, 103/212, 2 (23, 24, 25) cm. Next row *K5, drop next st from LH needle; rep from * around—165 (175, 185, 195) sts. Gently help the dropped sts unravel or “run” down the fabric by stretching or pulling the fabric downward. Next row K2tog, k to end of row—164 (174, 184, 194) sts.

Buttons

Work in k1, p1 rib for 174/183 cm.

Divide for front and back

Next row K2 (88, 92, 96) sts (for front), place row k2 (88, 92, 96) sts on a holder (for back).

FRONT

Work back and forth in rows on front sts for 11 (15, 15, 17) more rows. Armhole measures approx 1 1/2 (2, 2 1/2, 2 3/4) x 5 (5, 5.5, 6.5) cm.

Divide for neck

Next row (RS) Rib 41 (44, 46, 48) sts, join 2nd half of yars, rib to end. Working both sides at same time, work even until armhole measures 6 1/2 (7 1/2, 8, 8 1/2) x 17 (18.5, 20.5, 21.5) cm. Place shoulder sts on each side on 2 separate holders. Cut yars.

BACK

With RS facing, rejoin yars and work in rib put as established over 82 (88, 92, 96) sts of back until armhole measures same length as front to neck, end with a WS row.

Shape Waist

Next row (RS) Rib 41 (44, 46, 48) sts, pm, VL, pm, rib to end—82 (87, 93, 97) sts.

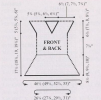

*Next row (WS) Rib to marker, sl st, p1, sl st, rib to end.

Next row (RS) Rib to marker, VL, sl st, k1, sl st, VL, rib to end—82 (89, 95, 99) sts.

Rep from * (working into sts into rib put) 16 (17, 18, 19) times more—117 (123, 131, 137) sts. Work 1 WS row. Do not cut yars. Lay out sts on needle. Turn garment inside out. Place front sts onto a straight needle. Holding needles tog, join shoulders, using 3-needle bind-off (and other straight needle), as foll: (k first st from each needle tog) twice, pass first st on RH needle over 2nd st and off needle; *k next 2 st tog, pass first st over 2nd st; rep from * until all sts of first shoulder have been used. Cast to bind off back neck sts as foll: k1, pass first st over 2nd st, (k2tog, pass first st over 2nd st) 17 (17, 19, 19) times, join 2nd shoulder, using 3-needle bind-off as before.

FINISHING

Block piece. Weave in ends.

GAUGE

20 sts and 28 rows = 4" (10cm) over St st and check pat using larger needle.

TAKE TIME TO CHECK GAUGE.

CHECK PATTERN (over a multiple of 10 sts)

Row 1 (RS): * K3 with A, k3 with B; rep from * to end.

Rows 2-6: Work in St st in established colors.

Row 7: * K5 with B, k5 with C; rep from * to end.

Rows 8-12: Work in St st in established colors. Rep rows 1-12 for check pat.

NOTES

1) When working each leg or end of row check pat, always strand the alternate check color across the back so that these checks create the "stranded fabric" density of the rest of the piece.

2) Circular needle is used to accommodate large number of sts. Do not join.

BODY

With smaller circular needle and A, cast on 168 (180, 204, 228) sts. Do not join. Work in k1, p1 rib for 2" (5.08cm).

Leg check pat

Change to larger circular needle.

Row 1 (RS): Work 40 (45, 50, 55) sts in row 1 of check pat, pm, (for right front) cast in check pat across 80 (90, 100, 110) sts, pm (for back) cast in check pat across 40 (45, 50, 55) (for left front). Cast in check pat until piece measures 19" (48cm) from beg.

Separate for armholes

Next row (RS): Work to the first marker and leave these sts on hold; then for back, remove marker and bind off 2 (4, 4, 4) sts, work to next marker, remove marker and turn.

Note: Be sure to retain the stranded checks at the armhole edges.

BACK

Next row (WS): Bind off 2 (4, 4, 4) sts, work to end. Dec 1 at each side of next row, then every other row 2 (3, 5, 5) times more—70 (70, 88, 90) sts. Work even until armhole measures 7 1/2 (8, 8 1/2, 9 1/4) (28.5, 21.5, 23) cm.

Shoulder shaping

Bind off 5 (5, 7, 8) sts at beg of next 4 rows, 5 (5, 6, 9) sts at beg of next 2 rows. Place the rem 40 sts on holder.

LEFT FRONT

Next row (WS): Join in yarn at armhole edge and bind off 2 (4, 4, 4) sts, work to end. Cast to shape armhole, dec/ing 1 st at armhole edge on next RS row, then every other row 2 (3, 5, 5) times more—35 (35, 48, 49) sts. Work even until armhole measures same as back.

Shoulder shaping

Bind off 5 (5, 7, 8) sts from armhole edge twice, then 5 (5, 6, 9) once. St the rem 20 sts to a holder.

RIGHT FRONT

Work as for left front, reversing shaping.

SLEEVES

With smaller needle and A, cast on 60 (70, 75, 80) sts. Work in k1, p1 rib for 3" (7.5 cm).

Leg check pat

Change to larger needle and work in check pat until piece measures 19" (51.5 cm) from beg.

Cup shaping

Bind off 2 (4, 4, 4) sts at beg of next 2 rows. Dec 1 at each side every other row 3 (3, 7, 9) times—50 (52, 53, 54) sts. Bind off 2 sts at beg of next 22 rows. Bind off rem 6 (8, 9, 10) sts.

FINISHING

Block pieces to measurements. Sew shoulder seams. Set in sleeves. Sew side and sleeve seams.

HOOD

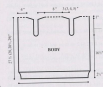

With larger needles, work the 80 sts from st holder in check pat for 9" (23cm).

Next two rows (RS): K3B, k1bg, pm, cat, k to end.

Rep dec row every other row 4 times more—70 sts. Divide sts onto 2 needles and join the top of hood using the 3-needle bind-off method.

OUTER BAND

With 1 smaller circular needle and A, pick up and k 138 (183, 188, 193) sts to center of hood, then 178 (183, 188, 193) sts to other end with 2nd cir-
