Introduction

Yet another accessory with the addictive Ivy stitch pattern.

The Autumn Buds Scarf can be worn alone or with the Ivy Crochet Hat or the Ivy Crochet Beret. The Harmony crochet mittens will complete the ensemble.

The stitch pattern is created using short rows and slip-stitch variations, smoothly integrated into ribbing edges.

The Autumn Buds Scarf is worked vertically, flat, in one piece. Repeats of the stitch pattern are structured to create a double-sided scarf textile.

Main steps

✓ Working on the gauge swatch is optional but recommended to study pattern stitches and set a density
✓ Decide on the scarf length.
✓ You can decide on the width as you go because you can work finishing after each half panel.
✓ Enjoy creating the beauty of your masterpiece.
✓ Block it.
✓ Wrap yourself in!

Materials

1. Yarn: 150 - 250m per 100 g. Approximately 300 - 400 g depending on the length and width.

Choose solid colours, hand-dyed yarns or tweeds. Variegated yarns will obscure the stitch pattern but can add other exciting effects. Do not choose very contrasted colour-changing yarn; it will eat up the stitch pattern's appearance. A z-twist yarn will give a different stitch definition; not all can be recommended.

2. A crochet hook size 5mm – 6.5mm and a hook 0.5mm smaller for the last row.

3. A pointy needle for weaving in. The pointy needle will make weaving more reliable as it gets the yarn end through fibres and is less likely to get out during wear.

Some examples:

Red Heart Roll With It Melange in Green Room, 100% Acrylic, 356 m per 150 g, hook 5.5 mm.

Length – 152 cm, foundation cords 256 st.
Width – 28 cm, 3.5 panels.
Weight – 300 g, 2 yarn cakes.

Concept by Katia, Karina, 55% Alpaca, 45% Polyamide, 110 m per 50 g, hook 6.5 mm.

Length – 180 cm, foundation cords 264 st.
Width – 28 cm, 3 panels.
Weigth – 350 g, 7 yarn balls.

Caron, Macchiato Cakes in Boundless, 80% Acrylic, 20% Wool, 440 m per 227 g, hook 6.5 mm.

Length – 190 cm, foundation cords 264 st.
Width – 25 cm, 2.5 panels.
Weight – 350 g, 1.5 yarn cake.

Gauge Swatch Instructions *(Watch video)*

All images show work in progress the way it looks on the right side.

Before starting your project, working on the gauge swatch to establish the suitable crochet hook size and density and to study pattern stitches is recommended but still **optional**.

If your yarn is limited and you wonder about the scarf size you can make, work the gauge swatch and take its measurement to apply in the Calculations.

Choose a hook size that gives even stitches and a good drape suitable for the scarf.

Block your swatch and give it time to dry completely. Evaluate: if it suits your scarf, follow the main instructions. It is better to change the hook if it is too dense or very loose with unclear or uneven stitches.

❗Important Notes

1. Work the foundation cord with a relaxed tension. With some yarns, you can increase the hook size.
2. All the stitches are back loop (BL) stitches unless another is specified.
3. The total stitch count in the current row and the remaining stitch count of the row below are included at the end of all rows in written instructions: total – (**6**), remaining – (10), or both (**6**, 10).
4. In each row after the turning chain, always **turn the work clockwise** unless another is specified. We won`t repeat this instruction in each row.

Measure the yarn tail approximately 60 cm long.

Slip knot, foundation cord ch26, ch1 tight, turn <u>counterclockwise</u> (**26**). Watch video.

Working into the foundation cord, insert the hook into the back bars.

Calculations
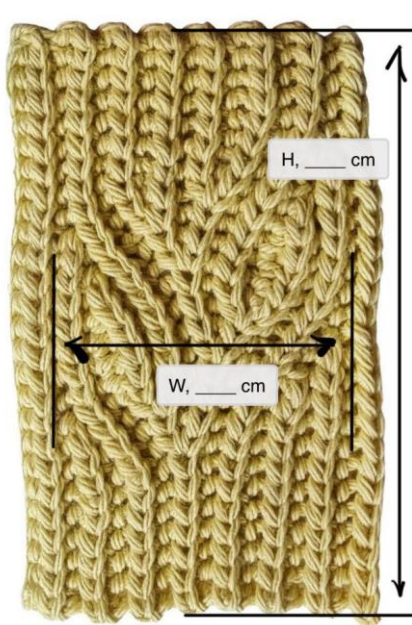

Photo 1

Gauge Swatch Height, (H) _____ cm: measure as shown in Photo 1.

The swatch is 26 stitches in height; this will be used for calculations.

Panel Width, (W) _____ cm - measure as shown in

Photo 1.

Gauge Swatch Weight, _____ g.

Scarf Length, st.

The main formula for the scarf length: stitch count is a multiple of 8.
Simply work a foundation cord of the desired scarf length, ensuring your stitch count can be evenly divided by 8. Use stitch markers to help count.

Scarf Width

Calculate the scarf width by multiplying Panel Width, cm or decide the width as you go, growing it by adding the Main Panel repeats. Add 1-1.5cm for edges.

You can finish with the whole panel or with the half panel. This will be noted in the Main Panel instructions. Finishing instructions are the same in both cases.

❗ Tips on yarn consumption:

If there is a limited amount of yarn in your stash, use our **Autumn Buds Scarf Calculator** to find out what size of scarf you can make.

Alternatively, use the tips below to help figure out the yarn needed at each stage of work and plan the scarf width according to your remaining yarn.

- ✓ Foundation weight **(1)** _____ g: weigh the full-length foundation cord.
- ✓ 1st-row weight **(3)** _____ g: weigh the work after completing the 1st row **(2)** _____ g, and subtract the foundation cord weight **(1)**.
- ✓ Half Panel weight **(4)** _____ g: after completing the Beginning instructions, weigh the work, _____ g, and subtract the weight **(2)**.
- ✓ Finishing weight **(5)** _____ g: triple the 1st-row weight **(3)** and have this amount remaining to work on Finishing instructions.
- ✓ You can confidently grow the width, knowing you need not less than the weight **(5) + (4)** _____ g remaining to finish the scarf.

Now, you are ready to start working on the Autumn Buds Scarf.

Your Notes:

The Autumn Buds Scarf

Beginning

Leave the yarn end approximately 3 times longer than your desired scarf length, or use an alternative two-yarn-end method.

Slip knot. Work foundation cord with a relaxed tension (not tight or very loose). The foundation cord stitch count is a multiple of 8, tch tight, and turn the work *counterclockwise*.

Row 1:	**(WS)** yoslst across, e-yoslst in the last foundation cord ch, tch tight.
Row 2:	**(RS)** 10 yoslst, tch (**10**).
Row 3:	2 yoslst, inc-yoslst, wbl-yoslst, 6 yoslst, e-yoslst, tch tight (**11**).
Row 4:	11 yoslst, p2l-yoslst, 7 yoslst, tch (**19**).
Row 5:	10 yoslst, inc-yoslst, wbl-yoslst, 7 yoslst, e-yoslst, tch tight (**20**).
Row 6:	18 yoslst, tch (**18**, 2).
Row 7:	Set1, tch (**6**, 12).
Row 8:	6 yoslst, p2l-yoslst, yoslst, p2l-yoslst, 7 yoslst, tch (**16**).
Row 9:	16 yoslst, p2l-yoslst, yoslst, tch (**18**, 10).
Row 10:	16 yoslst, tch (**16**, 2).

Row 12:	6 yoslst, p2l-yoslst, yoslst, p2l-yoslst, 7 yoslst, tch (**16**).
Row 13:	16 yoslst, p2l-yoslst, yoslst, tch (**18**, 8).
Row 14:	16 yoslst, tch (**16**, 2).
Row 15:	Set1, tch (**6**, 10).

Repeat **Rows 12 – 15** across until 14 st rem after the last repeat of Row 12, complete Rows 13-15. Your work will look similar to the picture below.

Row 16:   6 yoslst, p2l-yoslst, yoslst, p2l-yoslst, 12 yoslst, e-yoslst, tch tight (**22**).

Row 17:   22 yoslst, p2l-yoslst, yoslst, tch (**24**, 8).
