# Picnic Blanket

Delightful crochet blanket in spring shades by Marie Wallin  
will bring a splash of colour to your home and garden

## Rowan Picnic Blanket

THIS LOVELY BLANKET by Marie Wallin is the perfect accessory for keeping you cosy on cool summer evenings in the garden, as well as hosting picnics in the park. With its delightful stripes and border of pale blue, it would brighten up any sofa or deckchair.

It is made in Rowan Handknit Cotton, a soft, machine-washable yarn with a matt finish. Marie has used shades of blue, pink, green, purple and orange to create a fresh summer feel.

The blanket requires 54 balls of yarn to complete, so it represents an investment in terms of money and time, but the pattern is straightforward to follow and you'll be creating an item that will become a family heirloom.
