# Great Scot!

As we speak, I'm about to head off on a trip from the Scottish Isles to the Faroes. Of course, I'm packing plenty of crochet! What could be more apt than our stunning tartan and plaid collection? It's spot on for getting to grips with new techniques as our designers have come up with three inventive ways to create plaid effects in crochet. And then Halloween isn't far off either, so you'll find crafty treats and costume ideas in this issue, too. I've got a real soft spot for Ilaria Caliri's Day of the Dead-inspired doll (p30). Happy hooking!

## CONTRIBUTORS

We couldn't have done it without this creative bunch...

### ROHN STRONG

US stitcher Rohn has a thing for crochet socks. This issue, he's designed a stonking neon pair for us (p67), and has 10 top tips to get you hooked on sock making too – see p65.

"MY INTEREST IN CRAFTS COMES FROM MY GREAT-GRANDMA."

### KIRSTEN BALLERING

## MINI PROFILE

## CURIO CRAFTS

Dutch crocheter and Scheepjes blogger Christa told us: "When I was a little girl my mother and grandmother

taught me how to crochet. It developed into a passion when I started designing three years ago. I love the entire process from the initial idea I get, to puzzling over stitches, selecting colours and then holding the finished item in my hands.

"I've mainly designed peacock-inspired items like bookmarks, coasters, garlands and stool covers. I'm best known for these. Lately I've been concentrating on larger items like throws and shawls. I'm a slow crocheter so these aren't all finished yet but I do love working on larger projects.

"I find inspiration on my nature walks. It's not just the beautiful shapes and colours that inspire me, but the peace and quiet I find there creates the mental space needed to let ideas float to the surface. Designs, fabrics, and colours from the 1920s and 30s also inspire me. I have surrounded myself with quite a bit of home décor and other objects

from that era. The peacock was a popular motif back then and it influenced my first peacock-inspired crochet design.

"It's difficult to pick a favourite design so I'll mention two: the Peacock Tail Feather Coaster, which was my first design, and the Java Peacock Feather. What I'm most proud of is that my designs led me to become part of the Scheepjes Bloggers' Group, a group of super-talented designers who encourage me to go on new crochet adventures..."

*Christa's just designed a new kit for Scheepjes. Find her at [www.thecuriocraftsroom.blogspot.com](http://www.thecuriocraftsroom.blogspot.com) and on Instagram as @thecuriocraftsroom*

PLAID IDEAS

# Aim Highlands

Get cosy with tartans, look rad in plaid, with our collection of colourwork accessories stitched in warm wool.

#### MITT LOVE

All tartans are plaid, but not all plaids are tartan. Lost already? Just remember, whatever your clan – prim, punk rock, or actually Scottish, tartan is timeless and anyone can wear it well. Start small with fingerless mitts.

#### ALL WRAPPED UP

Things we like: blankets. Things we don't like: not being in blankets. This wide fringed wrap is your hot ticket to day-long blanket cosiness without looking like a sartorial wrong 'un.

Brigitte

### SKIRTING THE ISSUE

This simple checked mini is just the right balance of 90s and now. It's worn high on the waist and is nipped in with a comfy elasticated waistband. You'll work it in the round without any fiddly fastenings, so it's a breeze.

### GIVE 'EM THE ELBOW

If somebody can't handle you at peak elbow patch jazziness, what sort of friend are they? No one needs that kind of negativity in their life. Ditch the naysayers and turn heads with the ultimate tartan patches.

## POM ON TOP

Tam o' shanter this ain't. It's a more up-to-date nod to the traditional Scottish bonnet cap, topped with a pompom, of course. Use front post treble stitches for the ribbing, and colour changes for the plaid effect. You've got a bonnie beanie, lassie.

## PLAID, BAD AND DANGEROUS TO KNOW

And the pompoms don't stop there. Complete the look with a coordinating plaid bag. This drawstring design has a circular base, giving it a spacious bucket shape and a simple structure.

## FINGERLESS MITTS

Practise front post stitches and colour changes on a small scale with this cosy project designed by Hannah Cross.

## COSY PLAID WRAP

Fringed, fabulous and wider than your average scarf, this classic wrap is big on style and so warm. By Anne Egan.

- Patons Wool Aran, (100% wool, 50g/85m),

3 balls of **Yarn A** Camel (205), 4 balls of **Yarn B** Mocca (212), 2 balls of **Yarn C** Cherry (231), 5 balls of **Yarn D** Merlot (232) and 4 balls of **Yarn E** Olive (271)

- A 6mm (US J/10) and a 5mm (US H/8) hook

- A tapestry needle

### MEASUREMENTS

Finished size (excluding fringe) 190x48cm (75x19in)

### NOTES

The plaid effect is created by working a grid in tr and chain spaces, working a striped pattern repeat in rows. To create the vertical stripes (see image) a separate chain is woven in and out of each chain space column of the treble grid. The same colour repeat is used when weaving the chains.

Care needs to be taken when measuring the length of the chains as it is easy to stretch them too much and at different rates while measuring them and while weaving them in place. Consistency is key!

### TARTAN WRAP GRID

**Row 1 (RS)** With Yarn C and a 6mm hook, ch84, tr in 6th ch from hook, \*ch1, skip next

ch, tr in next ch; repeat from \* across, turn.

**Fasten off.** [41 tr and 40 ch-sps]

**Row 2 (WS)** Join Yarn B in first st, ch3 (counts as tr throughout), \*ch1, skip next ch-1 sp, tr in next tr; rep from \* across, turn.

**Row 3** Ch3, \*ch1, skip next ch-1 sp, tr in next tr; rep from \* across, turn.

**Fasten off.**

**Rows 4-27** Rep Row 3 using the following Yarn sequence: D, E, D, D, D, E, D, B, B, C, E, E, A, B, A, A, A, B, A, E, E, C.

**Rows 28-131** Rep Rows 2 to 27 four more times.

**Rows 132-144** Rep Rows 2 to 14 once more to finish grid. Weave in all ends.

#### CHAINS

Measure the length of your grid – ours measures 190cm long.

Using a 5mm hook make 40 chains of that length in the following colours – leave tails at both ends of about 18cm for the fringe: 6 x A, 10 x B, 4 x C, 12 x D, 8 x E.

Each chain length will be woven along the length of the scarf, in and out of the chain spaces. Start nearest one edge with a chain in Yarn C and follow the same colour sequence as for the Grid.

Take care as you pull through as the chain will stretch, so ease it along the length and tie off at each end leaving the long tail at each end.

#### FRINGE

For each chain length, cut a piece of yarn measuring 40cm to match the chain.

Fold this piece in half and secure at the end of the chain of the matching colour, so that the tail end of the chain forms part of the same tassel. Knot these three ends together.

Repeat along both short ends of the scarf, matching the fringing lengths to the colour of the chains.

Trim fringe to same length.

## TARTAN MINI SKIRT

Flip to page 24 for a classy skirt with clever colourwork. By Fran Morgan.

## ELBOW PATCHES

The perfect finishing touch for a jacket or jumper. Designed by Bryony Hitchcock.

- Patons Wool Aran, (100% wool, 50g/85m), 1 ball of each: **Yarn A** Merlot (232), **Yarn B** Mocca (212), **Yarn C** Olive (271), **Yarn D** Camel (205), **Yarn E** Cherry (231)
- A 4mm (US G/6) and a 4.5mm (US 7) hook

#### TENSION

20 stitches and 20 rows to measure 10x10cm (4x4in) over dc using a 4mm hook

#### MEASUREMENTS

10x12cm (4x4¾in)

#### NOTES

To achieve an oval shape, the starting ch is

worked in a separate piece of yarn, which can be curved to meet new rows when an increase is needed.

See Chart on p93, which shows the tartan pattern, worked in rows of dc. Each square on the Chart represents 1dc.

Pick up new colours on the last yrh of the previous st and carry all tail ends on the WS of your work. Where colours are reintroduced after a few sts, yarn can be carried over. For longer stretches, use a new yarn strand.

## NOTES

The skirt is worked from the hem up to the waistline using the amigurumi method. Work in a continuous spiral without closing off each round with a slip stitch. Place a marker in the first st of each round and move it up as you work. Each odd Round will begin with a dc and each even Round will begin with a ch. The waist measurement given in the table is the measurement at the top of the skirt before the elastic has been added. When selecting your size, use the Actual Hip measurements for guidance.

Repeat Rounds 2 and 3 until Skirt measures 41cm, ending on an even row, ss to first ch to join, do not fasten off.

## ELASTIC CASING

**Round 1** Continue with current colour, ch5, skip next dc, (ttr into next ch-sp, skip next st, ch1) repeat around, ss to top of beg ch-5 to join.

**Fasten off.**

## TO MAKE UP

Fold casing row to the WS of the Skirt and pin in place. Using a length of yarn sew top edge of row to the inside of the Skirt, making sure stitches do not show on the RS. Thread elastic through the casing and use to adjust waistband to fit, knot or sew ends together and trim excess.

## VERTICAL STRIPES

Mark the centre and sides of Skirt at the Waistband with pins. Mark the mid-points between these points, giving a total of 8 marked points.

Starting at hem and using yarn doubled, sew up through ch spaces by weaving in and out, to top of skirt, using the image as a guide and the stripe sequence below:

## Sides and Centres

1 row Camel (D)  
2 rows Olive (E)

## Mid-Points

2 rows Camel (D)  
2 row Merlot (B)

No fiddly fastenings here, just a stretchy elastic waistband to slip in and out of.

## NOTES

The swans are simple to make as the body is made from a crochet circle that is folded in half and gathered up to form the body shape. The neck is made separately and worked in a continuous round. A pipe cleaner inserted into the neck allows you to create the distinctive curve. Eyes are sewn on with a needle and thread.

## BODY

The body is made in a continuous round. Using Yarn A or B make a magic loop.

**Round 1** Ch1 (does not count as st), 8dc into the loop.

**Round 2** 2dc in each st around. [16 dc]

**Round 3** (2dc in next st, dc in next st) 8 times. [24 dc]

**Round 4** (2dc in next st, dc in each of next 2 sts) 8 times. [32 dc]

## NECK

Using Yarn C, make a magic loop.

**Round 1** Ch1 (does not count as st), 4dc into the loop.

**Round 2** Dc in each st around. [4 dc]

**Round 3** (2dc in next st, dc in next st) twice. **Fasten off.** [6 dc]

**Round 4** With Yarn B, dc in each st around. For a Black Swan cont in Yarn B, for the White Swan **fasten off** Yarn B and join Yarn A in first st of next round.

**Round 5** 2dc in each st around. [12 dc]

**Rounds 6-11** Dc in each st around.

**Round 12** (Dc in next 4 dc, dc2tog) twice. [10 sts]

**Rounds 13-34** Dc in each st around.

**Fasten off** leaving a long tail. Fold pipe cleaner into 3 and carefully push up into neck piece. Leave neck straight.

## TO MAKE UP

Lay Body on a flat surface, RS facing down with unfrilled segment facing centre left. Fold bottom half of circle up so that you have a semicircle with a small unfrilled section at the left. Carefully tuck neck into body at unfrilled edge so that end of neck is placed at centre point of circle. Using tail of yarn at end of neck sew a couple of sts to hold neck in position. Using a length of matching yarn, run a gathering thread around upper curved edge of Body. Pull thread to gather Body, creating a feathered effect. Bend Neck so that it is pointing upwards and add curves to create shape of Neck. Push Neck back to edge of Body and stitch in ends. Weave in ends.

Cover 12cm of tape, then remove it from the work surface. Using Yarn D sew along the 12 cm with back stitches, securing all lengths as you go, then remove the tape from the yarn.

# EMMA'S JOURNAL

## ...from the South Downs

Designer Emma Friedlander-Collins is a big Halloween fan – she's not afraid to dress up, decorate her home and rock an epic crown.

**E**very household has its favourite time of year. For some, it's the summer with the promise of long hot days, paddling in the sea and picnics in the park. For others it's Christmas, with trees already up and decorated by December 1st, pressies and cards being lovingly made and heaps of cosy nights in. For me, it has to be autumn.

As the end of September creeps around with its final flourish of berries, and the evenings crisp up with frost through the lovely, long October nights, a childlike sense of excitement grips me. I don't know if it's the changing colours of the leaves, exploding with their ruby and gold hues, or if it's the joy of being out as the inky night descends and seeing all the stars filling the sky, hours before you have to be in bed. It might be because this is the time of year that the summer clothes go away, and out comes the trunk stuffed to the gills with all the wondrous woolly wear: hats, scarves, mittens, gloves, legwarmers – you name it, I've got it.

### PARTY TIME IS CROCHET TIME

Whatever it is, this is really the time that crochet comes into its own. A long cosy evening, wool piled up next to me on the sofa and endless opportunities to make wintry wear for my little family and our home and I've found my perfect, happy place. But not only that. Oh no. Then, there is the ridiculous joy of a Halloween party. I'm not kidding when I say I have

*"I have more Halloween costumes on my rail than proper dresses."*

more Halloween costumes on my clothes rail than proper dresses. The only party we hold every year is a Halloween party. And we always go all out, decorating the front of the house, but not with polyester spider's webs and dismembered hands, nuh-uh. In our house we go full Martha Stewart, autumnal glory – I collect leaves of all different colours and pile them in swathes around our door, there are mounds of conkers and lovingly carved pumpkins placed on beautiful tree stumps. And every year I crochet a new wreath for the front door, to go with whatever theme our Halloween is taking. Sometimes it's inspired by nature. This year, we're going with Mexican Day of the Dead.

### GET CREATIVE

One of the things I truly love about crochet is how it can be used to create such a wide variety of things. I'm using amigurumi to create candy skulls, and then sewing on a little bit of detail for the faces. There are going to be some brilliant, basic flowers in vibrant colours, with a mix of green leaves to bring that beautiful, floral vibe, all complemented with pompoms and tassels galore! Then there are also all the fun things you can make for your costume. A couple of years ago, I crocheted myself a whole wig of curling black hair just to wear for Halloween. Even though it's since been borrowed and battered by a whole host of people, a quick whizz

*"This year I'm using a little amigurumi to create candy skulls."*

**“Crochet allows you to express yourself.”**

through the washing machine and it's literally as good as new. And to finish it all off, there is my now legendary crocheted floral crown.

#### WEAR YOUR CROWN

Some of you may have seen me trotting around Yarndale in my floral crown last year. It is one of my favourite and most loved crochet makes of all time. It has crocheted roses, azaleas and lilies, leaves, tassels, pom-poms, pearls, beads and birds. Originally, I made it just to be part of a Halloween costume, but now every year it gets embellished with another bird, or tweaked to be even taller. That is what makes crochet so precious to me. Crochet can be a beautiful, serious

craft but it also gives you the means of expressing yourself, the confidence to alter, create and adapt things so you can change things as you change as a person. And if that person wants to have the tallest floral crown you've ever seen, and candy skulls on her front door, then so be it.

See what Emma's been hooking lately on her blog over at [www.steelandstitch.blogspot.co.uk](http://www.steelandstitch.blogspot.co.uk) and you can follow her on Instagram – she's @steelandstitch. And don't miss her sugar skull pom-pom wreath, a bonus pattern with this issue.

## AUTUMN INSPIRATION

I've got a real soft spot for my little pumpkin pom-pom wreath, inspired by autumn colours, but my new candy skull version will get pride of place on the front door this year. In fact, I've been busy sketching out skulls for a bunting idea, too. The pumpkin ball of yarn will be staying though – the best kind of pumpkin!

**2** Yrh and pull the yarn through the first 2 loops only (3 loops on hook).

**3** Yrh and pull the yarn through the first 2 loops only (2 loops on hook).

## NOTES

Worked in one piece in rows from the bottom up, and then divided at the armholes for Front and Back. The seam will lie at the centre back, and will be left open at the top for a back opening fastened with buttons. The collar is added separately afterwards. This garment is designed to be close fitting and this is reflected in the 'ease' added. Select measurements with the finished size in mind.

## TRINITY STITCH PATTERN

The following instructions describe the stitch pattern and relevant notes. For the beginning of the pattern instructions, start at Lower Back and Front.

Trinity Stitch is made up of a series of dc3tog sts, with a ch1 in between each. At the beginning and end of the row there is a single dc stitch. Each time a dc3tog is worked, it is worked over the same st as the previous st, and the next 2 sts. The last dc of the row is worked into the same st as the last leg of the final dc3tog.

Worked on a foundation ch of a multiple of 2 plus 1, and one more for a turning ch:

**Foundation row (RS)** Dc into second ch from hook, ch1, dc3tog in same ch as first dc and next 2 ch, ch1, (dc3tog in same ch as last leg of previous dc3tog and next 2 ch, ch1) repeat to end, dc in same st as last

Be sure to block your lacy collar carefully before sewing into the neckline of the top.

leg of final dc3tog, turn.

**Row 1** Ch1 (does not count as st), dc in single dc below, ch1, dc3tog working in same st as dc, in next dc3tog below, and next ch-1 below, ch1, (dc3tog in same ch as last leg of previous dc3tog, next dc3tog below and next ch-1, ch1) repeat to end, dc in final single dc, turn.

Row 1 forms pattern.

## LOWER BACK AND FRONT

With Yarn A loosely ch198 (206: 218: 234: 246: 258).

Work Foundation Row and Row 1 of Trinity Stitch. [199 (207: 219: 235: 247: 259) sts or 98 (102: 108: 116: 112: 128) dc3tog]

Repeat Row 1 until work measures 32 (32: 33: 33: 33: 33)cm ending on a RS row.

**Fasten off** and change to Yarn B, work 4 more rows of pattern.

## DIVIDE FOR FRONT AND BACK

The divide is measured in dc3tog, or pattern repeats. You may find it helpful to count and mark the divides before working the row to check that you have divided accurately.

**Next row (WS)** Work in patt as set across

SIZE	8	10	12	14	16	18

YARN A	100g	2	3	3	3	3
YARN B	100g	2	2	2	2	2

To make this pattern easier to follow, we've colour-coded the sizing instructions – simply follow the relevant column.

22 (23: 24: 26: 27: 28) patt repeats, ss in each st across 5 (5: 6: 7: 8) patt repeats for armhole, patt across 44 (46: 48: 52: 54: 56) patt repeats for Front, ss in each st across 5 (5: 6: 6: 7: 8) patt repeats for second armhole, patt across rem 22 (23: 24: 26: 27: 28) patt repeats.

## MEASUREMENTS

235x45cm (92½x17¾in)

## ABBREVIATIONS

For a full list, see page 92

Designer Sue Pinner says: "This long wrap with its decorative triangle edging and graduating circles was inspired by Nettipattam, the ornaments worn by elephants in Kerala's ceremonies and festivals." It's a statement accessory that would be showstopping in any shades.

### BASIC CIRCLE PATTERN

Using Yarn A, make a magic loop with 8 wraps of the yarn around your finger.

**Round 1 (RS)** Ch1 (does not count as st), 12dc into loop, ss to first dc to join. [12 dc]

**Round 2** Ch3 (counts as tr), tr in dc at base of ch-3, 2tr in each dc around, ss to top of beg ch-3 to join. [24 tr]

**Round 3** Ch3 (counts as tr), tr in st at base of ch-3, tr in next st, (2tr in next st, tr in next st) 11 times, ss to top of beg ch-3 to join. [36 tr]

**Round 4** Ch3 (counts as tr), tr in st at base of ch-3, tr in each of next 2 sts, (2tr in next st, tr in each of next 2 sts) 11 times, ss to top of beg ch-3 to join. [48 tr]

Make 6 Circles ending with Round 2.

### CIRCLE C

Make 6 Circles ending with Round 3.

### CIRCLE D

Make 6 Circles ending with Round 4.

### CIRCLE E

Make 3 Circles ending with Round 5.

### CIRCLE A (MAKE 2)

**Round 2** Ch1 (does not count as st), 2dc in each dc around, ss to first dc to join. [24 dc]

### Fasten off.

Arrange circles in a long line in the following order: A; B; B; B; C; C; C; D; D; D; E; E; D; D; D; C; C; C; B; B; A.

Using a tapestry needle and matching yarn, sew the edges of each circle together, joining 3 sts on the smaller circles and 5 or 6 sts on the larger circles.

### BANDING

The first Round creates an elliptical starting chain, into which the bands are worked. See Chart on p93 for Round 1.

Secret Garden yarn has a thick and thin texture, which gives this make a rustic feel.

**Round 1 (RS)** Join Yarn B in st at furthest point of Circle A, ch3 (counts as tr), (2tr, ch3, 3tr) in st at base of ch-3, \*\*skip next 3 sts, dc in each of next 4 sts on Circle A, (ch3, dc in 4 sts along next Circle B edge) 3 times, (ch3, dtr into seam between Circles, ch3, dc in 5 sts along next Circle C edge) 3 times, (ch4, ttr into seam between Circles, ch4, dc in 7 sts along next Circle D edge) 3 times, \*ch4, skip 3 sts, tr in next st on same Circle, ch2, ttr into seam between Circles, ch2, skip 4 sts on next Circle, tr in next st, ch4, dc in 7 sts along same Circle edge; rep from \* 3 more times, (ch4, ttr into seam between Circles, ch4, dc in 7 sts along next Circle D edge) twice, ch4, ttr into seam between Circles, ch4, (dc in 5 sts along next Circle C edge, ch3, dtr into seam between Circles, ch3) 3 times, (dc in 4 sts along next Circle B edge, ch3) 3 times, dc in 4 sts along last Circle edge, skip next 3 sts, (3tr, ch3, 3tr) in next st at opposite point of the line of Circles; repeat from \*\* omitting last (3tr, ch3, 3tr), ss to top of beg ch-3 to join.

Make woodland walks (or just nipping to the shops) way more whimsical with the cutest of hooded cardigans. This foxy project even has a tail and is sized for ages two to six years. Is it bad that we kinda want an adult-sized one now, too?

If joined with a sewn seam the actual chest measurement would be approx 64 (67: 71)cm. Please bear this in mind if you choose to make up the pieces with a method other than that given.

# GOLDING YARNS

Indie dyer Kim Laudan gives us the goss on Sherbet Fizz.

For our 2017 limited edition *Simply Crochet* colourway, we asked Kim from Golding Yarns to dream up something special. She did not disappoint! Her Sherbet Fizz sock set includes an eye-popping skein of hand-dyed 4ply and a neon mini skein to go with it. Perfect for our contrasting crochet socks on p67.

**Can you tell us a bit about you and your yarns?**  
I'm a part-time dyer, full-time teacher and deputy head, living and working in Norwich. I work out of my studio shed in the back garden, often accompanied by Peggy-Sue the basset hound X beagle and my two cats, Wilson and Warrick. I love to dye brightly-coloured, speckled skeins of yarn inspired by TV, film and pop culture.

#### What's your workspace like?

The studio is full of inspirational bits and bobs, prints and stickers as well as pegboards housing all of my tools. All of the furniture is vintage, too! I have an old kitchen cupboard which was in my parents' house and two Formica tables which I rescued from my school. My desk and sideboard were both thrifted bargains! The studio gets pretty messy when I'm working in there, but you can't get creative without a little mess, right?

#### How do you create your colour effects?

I use a wide range of techniques and tricks to create different colourways and effects. I like to use a pepper shaker to add speckles to yarn that has already been submerged in a dye bath. I also utilise a number of different twists and knots to help layer colours. I'm always learning new ways to create interesting colour combinations.

#### What inspired this skein and mini set?

I was thinking nostalgically about what made me happy as a kid. The village shop used to have a penny sweet counter which I just loved. Some of my favourites were fruit salad chews and those neon straws filled with sherbet – I headed down to the shop, grabbed myself a bag of sherbet straws and translated that into a yarn colourway!

#### What's it made of?

The Soft & Strong base is a 75% superwash merino, 25% nylon blend. The name explains it well, really – the yarn is very soft and squishy, but durable enough for making socks, or crochet garments that will get a good amount of wear. I source all of my yarn from a mill here in the UK.

#### How can we keep hand-dyed yarns tip-top?

It's always recommended to hand wash your handmade items using cool water and lay flat to dry. If this yarn makes its way into the washing machine it shouldn't do it too much harm; I've got hand knit socks that have ended up in the wash with everything else more than once!

#### Any tips for budding dyers?

Have a go! Buy yourself some bare yarn (I would recommend starting off with superwash to avoid a felted mess) and get your hands on some Kool Aid. You can use your normal kitchen utensils and you don't have to worry about setting with acid so you can concentrate on having some fun. There are lots of guides and tutorials on Pinterest and YouTube. Just don't forget your gloves! Visit [www.goldingyarns.etsy.com](http://www.goldingyarns.etsy.com) to get your hands on a Sherbet Fizz set (there's a discount code on p69). Kim's on Instagram as @goldingyarns

HOOK TO HOOK

# Creep it real

We challenged two designers to come up with a fab design, each using the same yarn... which is your fave?

HOOK  
— to —  
HOOK

## Sylvia Margaret

"Elaborate collars are my crochet trademark. I wanted to keep it classy and with the time invested in making, I wanted it to be something that could be worn more than once."

So, thinking 'Halloween party', I thought 'what would Morticia Addams wear?' This led to me create a Victorian Gothic-style high neck piece. At first glance it just looks like a fancy collar, but look again and you can see the skulls – a real talking piece that would transform any little black dress." See [www.sylviamargaret.co.uk](http://www.sylviamargaret.co.uk)

## Miki Hemphill

Miki is a self-confessed crochet addict, yarn hoarder and crazy cat lady. She loves bright colours and modern boho vibes, sharing her makes and patterns on her Set Free My Gypsy Soul blog at [www.sfmgs.co.uk](http://www.sfmgs.co.uk). She says: "For this project, I wanted to create something that was fun to make and fun to wear. I love that Halloween fancy dress spans across all the genres, from gory and scary to cute and pretty, with a bit of everything in between. This fun tiara headdress combines a little of all of that!"

Clockwise from above left: a look inside Sylvia's sketchbook at her concept for this fancy skull collar design; look closer and you'll see a trio of pale skull motifs, worked from the eyes outwards; the collar fastens at the back with two chain lengths, or you could add chain or ribbon instead.

## GOTHIC SKULL COLLAR

**Sylvia Margaret's Victorian-inspired necklace is just the right balance of fancy and freaky, don't you think? The cashmere blend is super soft on the neck.**

No matter what the season, I love crocheting socks whether as gifts or for myself. I've compiled a quick list for you of 10 of my secrets to sock success that'll soon have you crocheting pair after pair of them.

**1** Row gauge doesn't really matter a whole lot, to be honest. You can always add and subtract rows as you see fit. You'll absolutely need to get stitch gauge down, however. Without that, you'll have a sock that's ill-fitting and unwearable.

**2** When picking up stitches between the heel flap and gusset, do so evenly spaced in the row ends. An easy method I use is one stitch for every dc row, three stitches for every two htr rows, and two stitches for every tr row.

**3** For a nice, dense sock that will last longer, crochet the sock with a hook one size smaller than the pattern calls for.

**4** If you're not getting gauge and having a tough time, try using a hook made of a different material (wood or plastic or metal) or a hook with a different size shaft. These elements can actually affect your stitch gauge a great deal.

**5** Choose the right yarn for the right sock. No, before you ask, 100% cotton yarn will not work for socks. They'll lose shape and have little stretch. A little wool never hurt anyone and is fab for socks.

**6** The cuff of the socks needs to be just right. Too tight and they'll fall down. Too loose and they'll fall down. If you're a tight crocheter try a hook size larger. A loose crocheter, try a hook size smaller.

**7** If you love crocheting toe-up socks, learn how to work a square toe. It's easy and amazing. It looks great and it's incredibly comfortable.

**8** If you tend to wear out the heels and toes of your socks, try using a strand of nylon thread with the yarn when working the heel flap, the heel turn, and toe shaping.

**9** When washing your socks, soak them in warm, not hot, water and lay flat to dry. Dryers will break down the fibres and hot water can felt even the most super of superwash wool.

**10** Try working both socks at the same time. By working a few rows of one and then a few rows of another, it allows you to avoid the dreaded second sock syndrome and it ensures that both of your socks are exactly the same.

# Luxury GOODS

Creative blogger Nadia Seaver explores why we can't get enough of indie yarns right now and what makes them so perfect for one-of-a-kind projects.

Beautifully vibrant Hedgehog Fibres hand-dyed skeins hanging out to dry.

## GOOD READ

Clockwise from top left: seahorse-inspired yarn from The Wool Kitchen; sherbert-inspired sock yarn by Golding Yarns; indie yarn makes a unique project, photo by Hedgehog Fibres.

**M**akers want something that will stand the test of time, that they will enjoy both the process of making and the wearing afterwards. After all, this is something that we do for ourselves in our downtime; if we don't enjoy the feeling of that beautiful yarn between our fingers, then it can become a bit of a chore," according to dyer Kim Laudan at Golding Yarns ([www.goldingyarns.etsy.com](http://www.goldingyarns.etsy.com)).

It was this statement by Kim that made me think about the rise of independent yarns. My first thought when I come to a new project is always that I want it to be unique. I want it to catch the eye of passers-by and for them to ask me where I got it, so I can utter the phrase, "oh, this? I made this myself!", which is always accompanied by that smile.

### ONE OF A KIND

One of the reasons a project grows into a true one-of-a-kind piece is down to the yarn chosen. From the bold colours of The Wool Kitchen to the speckled yarns of Hedgehog

*"Gorgeous materials and colours make all the difference."*

Fibres, each artisan dyer is unique, lending different variations of colour on yarn.

Beata Jezek of Hedgehog Fibres ([www.shop.hedgehogfibres.com](http://www.shop.hedgehogfibres.com)) is known for her inspirational colour choices and bold combinations and these are just some of the reasons her yarn stands out. When I asked Beata why she thinks artisan yarns are gaining in popularity she replied: "Working with beautiful yarn is what keeps us makers engaged. Gorgeous materials and beautiful colours make

all the difference. The attention paid to every skein and the uniqueness that comes with hand-dyed yarn sets Hedgehog Fibres apart from commercially produced yarn. Most knitters desire a luxurious experience, since one project can take months to complete."

### AFFORDABLE LUXURY

I found myself nodding along in agreement. I feel like my own projects are more luxurious when I use hand-dyed yarns.

When I chatted to Jenny of Townhouse Yarns ([www.townhouseyarns.com](http://www.townhouseyarns.com)), she

Clockwise from left:

agreed: "It's true that when you sit down to crochet a large piece or a smaller accessory, that it makes sense that crafters want to match the time dedicated to making the piece with that of the yarn they choose, they want to know, to feel the quality and dedication it has taken to produce the skein of yarn that they are lovingly going to use." It isn't hard to see that Jenny believes deeply in this when you look at her choice in bases and dedication to colour in her yarn range.

Not only do we like to produce a striking piece, but we like to share it too. More and more projects are filling timelines on social media, allowing these artists to build a community and grow a following that, in turn, helps growth.

Kim recognises this sentiment: "I can honestly say that the community that's grown through Instagram has been instrumental in the success of Golding Yarns. The support from friends across the country and internationally has been amazing. It's let me find 'my people', because in reality not everyone we are friends with in the real world can discuss the difference between a

high-twist Blue Faced Leicester 4ply and a Merino Nylon Sport weight!"

#### BACKING LOCAL ARTISANS

By building this online community, it isn't just about yarn choice, it has come to be more about the people behind the yarn and supporting a local artist, so I asked Helen Reed of The Wool Kitchen ([www.thewoolkitchen.etsy.com](http://www.thewoolkitchen.etsy.com)) if she could describe how her life has changed since she started selling her hand-dyed yarn. "I feel independent, and that I've found my career. I've met incredible people to work with and have made friends all over the world because of working with yarn. I'm so grateful to my customers for their support."

If you were ever in doubt about the difference your choice of using independent yarn can make, Beata of Hedgehog Fibres described her journey to me: "I started

dyeing from my kitchen at home. Soon my friends started liking my yarns and I thought, I'd give it a go. I set up an Etsy store and it all went from there." That was 2008 and "now Hedgehog Fibres has over 200 retailers worldwide and I love my job! Things can get very hectic at times, but I employ a wonderful team of passionate people and I think it shows in our yarn that we all love what we do."

*"I think it shows in our yarn that we all love what we do."*

Reflecting on my earlier conversations, I sat and turned a hand-dyed skein over in my hand. These talented artists add a vast array of choice to our craft community and I, for one, want to see it grow and flourish; to be nurtured and respected for the dedication that goes into producing each skein and to be realised for the valuable commodity it is. From now on I will be putting more thought into my yarn purchases. Will you?

## TENSION

22sts and 25 rows to measure 10x10cm over dc using a 4.5mm hook or size needed to obtain tension

## ABBREVIATIONS

For a full list, see page 92

Embrace vintage vibes with this sweet woodland creatures cushion duo. The hare and badger look like they're worked in cross stitch or needlepoint, but it's all just double crochet stitches with charts.

## NOTES

Yarn quantities given are sufficient to make both cushions. The cushions are worked in the round using dc in the front loop only of each stitch, following the pattern shown in the

Chart for the front. The back is worked in dc in Yarn A throughout.

Each square on the Chart represents 1 dc worked in the front loop. Working in the front loop keeps the cushion straighter preventing the natural spiralling effect when crocheting in the round.

When changing colour, twist the ends of the two colours together. Pick up new colour in last yrh of previous stitch and carry the unused strands of yarn across the WS of the work. Where the previous yarn

colour is reintroduced within a few stitches, it can be carried over (as in the border). However, for larger gaps, cut the yarn and rejoin when required.

### HARE CUSHION

With Yarn A, ch68.

**Round 1** Dc in front loop only of second ch from hook and in each ch across to end, turn and work a further row of dc in the back loops of the starting chain (now the front loop), ss to first dc to join in the round. [134 dc]

**Rounds 2-107** Ch1 (does not count as st), dc in fl of each st around referring to the Chart over the first 67 sts for colour changes, ss to first dc to join. [134 dc]

**Fasten off.**

Weave in all ends and using Yarn D, embroider Nose onto the Hare's face using a tapestry needle and the image as a guide. Block Cover to size. Insert cushion pad and using Yarn A sew the open end closed using a whipstitch seam.

### BADGER CUSHION

With Yarn A, ch85.

**Rounds 1-80** Work as for Hare Cushion following Chart over first 84 sts of round for Front. [168 dc]

**Fasten off**, block and finish as for Hare Cushion.

The rust-coloured border is the same on both cushion designs, adding a matching element.

Use this image as a guide when you come to stitch on the hare's nose at the end.

Pay close attention to the charts to make sure your colourwork is neat and accurate.

TABLET CASE P83

## Linked double crochet

A DENSE STITCH THAT'S EASY TO WORK AND HAS FAB TEXTURE

If you like learning new stitches then linked double crochet is a fantastic one to have in your hooking library. Each easy-to-work stitch is the same height as a treble crochet stitch, but there's an extra link at the centre, which makes the stitch less lacy and more dense. The finished stitches actually look like you've made two double crochet stitches, with one sitting on top of the other.

Linked double crochet is great to use instead of treble crochet, but it's also brilliant for using instead of double crochet – you can create a fabric with the same qualities as double crochet but in double-quick time. Read on and we'll

show you just what to do to create these special stitches and how to best use this technique for your makes.

### HOW DO I START OFF?

Where to begin with linked double crochet.

**You can use any yarn and hook to work linked double crochet, but we recommend you start with a DK yarn and 4mm hook. The easiest way to get started with linked double crochet is to work a row of double crochet first.**

So make a chain length as long as you like, we would recommend a length of around 10-12 chains. Turn and dc in the second chain from the hook, then dc in each chain to the end. To start a row of linked double crochet, you need to turn and chain 3 – this is your turning chain and it doesn't count as a stitch throughout.

### LOST IN TRANSLATION

Something to bear in mind with this stitch.

A quick warning to help you avoid getting confused over the names of stitches: as you may know, the stitch called 'double crochet' by crocheters in the UK is called 'single crochet' by crocheters in the USA. To confuse things a bit more, the stitch called 'treble crochet' in the UK is called 'double crochet' in the USA.

In the USA, linked double crochet is so named because it's the same height as the US double crochet stitch, but there's an extra

link at the centre. To avoid confusion, we're also going to refer to this stitch as linked double crochet, but from the point of view that the stitch creates the illusion of two double crochet stitches linked together. If you're following a pattern, always check how the linked stitch is constructed to make sure you use the right technique.

# HOW DO I WORK THE FIRST LINKED DC?

The next step after hooking your initial dc row.

**The next stitch is sometimes referred to as a beginning linked double crochet stitch – it's made just like a standard linked dc but it's worked into the previous ch3 and the first stitch on the row below. It's simpler than it sounds – here's how:**

**Step 1** Insert the hook into the second chain from the hook, work yrh and pull up the loop. You should now have 2 loops on the hook.

**Step 2** Next insert the hook into the top of

the first dc stitch on the row below – this is the stitch at the base of the ch3. Yrh and pull up a loop. You should now have 3 loops on the hook.

**Step 3** That's the tricky bit done, now you just need to finish the stitch in the same way as you would do with a double crochet – work yrh and pull through 2 loops (2 loops remaining on hook). You can see how the stitch you've just made looks like a double

crochet stitch.

**Step 4** Now work yrh and pull through the remaining 2 loops. You've finished the stitch and you should have one loop on the hook ready to work the next stitch. Have a look at the stitch and you'll see how it looks like two double crochet stitches sitting on top of each other, divided by a horizontal strand.

# HOW DO I WORK A STANDARD LINKED DC?

Getting into the rhythm of this technique .

**To make the next stitch, we'll work a standard linked dc. The stitch is made in the same way as the starting linked dc, but it's worked into the previous linked dc and the stitch on the row below.**

**Step 1** Insert the hook under the horizontal strand at the front of the previous linked dc, from top to bottom.

**Step 2** Work yrh and pull up the loop. You should have 2 loops on the hook.

**Step 3** Next insert the hook into the top of the next stitch on the row below (at this point, you can choose to insert the hook under the back or front loop only of the stitch below). Yrh and pull up a loop. You should now have 3 loops on the hook.

**Step 4** Now you just need to finish the stitch in the same way as a double crochet – work yrh and pull through 2 loops (2 loops remaining on hook).

**Step 5** Now work yrh and pull through the remaining 2 loops. You've finished the stitch and you should have one loop on the hook ready to work the next stitch.

**Step 6** To work the next stitch, repeat Steps 1-4. Repeat this across to the end of the row.

# WHAT COMES NEXT WITH THIS STITCH?

Keep on hooking with the stitch you've learnt.

**Once you've worked one row of linked double crochet, it's easy to work more rows and create a lovely textured fabric.**

**Step 1** To continue the fabric, just turn your work and repeat the previous process: make the ch3 turning chain, work the starting linked dc and then make standard linked dc stitches to the end of the row. Now you've done two rows, you'll notice that the stitches look slightly different on the right side compared to the wrong side – this is perfectly normal and just like how rows of double crochet stitches look slightly different on the front compared to the back.

**Step 2** Just repeat Step 1 to work more rows and you'll end up with a lovely linked dc fabric.

# HOW DO I WORK IN THE ROUNDS?

Another way to use linked double crochet.

**To work linked double crochet in the round, the process is exactly the same – just remember not to turn your work at the end of each row.**

Instead, at the end of each round, you need to slip stitch to the top of the first linked dc stitch (not the top of the beginning ch-3). The resulting fabric will look slightly more

consistent than flat fabric worked in rows because the front of the stitch is facing throughout.

If you like, you can also vary the look of the fabric when working in the round. You can try working the linked dc stitches into the back loop only of the stitch on the row below. Have a look at one linked dc stitch

and you'll see how the horizontal strand that divides the two 'stitches' makes it look like the top dc is worked into the back loop of the bottom dc. You can echo this look within fabric made in the round by working all your linked dc stitches into just the back loop of the stitch on the row below.

# HOW DO I WORK LINKED DC INTO A CHAIN?

Bypass that dc row and get straight to it.

It's simple to work linked dc stitches into your foundation chain instead of starting with a row of plain double crochet. Just make a chain length, add an extra ch3 for the turning chain, then work the beginning linked dc by pulling up a loop in the 2nd and 4th chain from the hook. Now you can work standard link dc stitches as before, pulling up a loop in the horizontal strand of the previous linked dc and the next chain.

Ch30.

**Round 1** Ch3 (this counts as the t-ch and is not treated as a stitch throughout); insert hook in 2nd ch from hook, yrh and pull up a loop, insert hook in 4th ch from hook, yrh and pull up a loop, (yrh and pull through 2 loops) twice; repeat from \* to last ch. [30 ldc]

The case fastens with a co-ordinating button and a button loop that's easy to make.

strand of stitch just worked, yrh and pull up a loop, insert hook in next empty ch below, yrh and pull up a loop, (yrh and pull through 2 loops) twice; repeat from \* to last ch. [30 ldc]

Rotate work and repeat from \* working stitches into the other side of each chain until you have 60 ldc. ss to top of first ldc st to join.

**Round 2** Ch3 (t-ch does not count as stitch); insert hook in 2nd ch from hook, yrh and pull up a loop, insert hook in stitch at base of ch3, yrh and pull up a loop, (yrh and pull through 2 loops) twice; \*insert hook in horizontal strand of stitch just worked, yrh and pull up a loop, insert hook in top of next ldc below, yrh and pull up a loop, (yrh and pull through 2 loops) twice; repeat from \* around, ss to top of first ldc st. [60 ldc]

Repeat Round 2 to desired length (we worked a total of 24 rounds, 8 rounds in each of three shades).

On the final round, add a button loop if desired. Work this final round as follows:

**Round 24** Work as given for Round 2 until you have 46 ldc, ch15, ss to stitch at base of ch15, turn and work 25dc into chain loop, ss to stitch at base of ch15, ldc in next st and continue to ldc to end of round, ss to top of first ldc st.

**Fasten off** and weave in ends.

Sew button in place on front of the cosy. If desired, use a tapestry needle and spare yarn to sew up the gaps along the side of the cosy.

The stripes will vary depending on the kind of gradient yarn cake you choose to use.

# Crochet essentials

Over the next few pages, you'll find simple step-by-step guides to many useful stitches and techniques that you'll use every time you pick up a hook.

## HOLDING THE HOOK

Try these methods and see which works best.

### PENCIL METHOD

Hold the hook like a pencil, in your right hand (if you're right-handed), about 3-5cm from the hooked end. If your hook has a flat area, you'll find it comfortable to hold it here.

### KNIFE METHOD

Hold the hook between your thumb and forefinger, about 3-5cm from the hooked end, resting the end of the hook against your palm. This will give you lots of control.

## HOLDING THE YARN

Even tension results in even stitches.

### METHOD ONE

Pass the ball end of the yarn between the little finger and third fingers of your left hand (if you are right-handed), then behind the third and middle fingers, over your index finger.

### METHOD TWO

Loop the ball end of the yarn loosely around the little finger of your left hand, then take it over the third finger, behind the middle finger and over your index finger.

## MAKING A SLIPKNOT

The first loop on the hook.

1 Hold the tail of the ball of yarn in your left hand and drape the yarn clockwise over the top of it to form a circular loop.

2 Hold the loop between left thumb and forefinger, then insert the crochet hook through the centre of the loop from front to back.

3 Catch the ball end of the yarn with the hook and pull it back through the centre of the loop, taking the yarn through with it.

4 Pull both ends of the yarn to tighten the knot, then pull just the ball end to tighten the loop so it's close to the hook, but not touching it.

## CHAIN STITCH

Use this stitch to make your foundation chain.

1 Hold the hook in your right hand, and both the yarn end and the working yarn in your left hand. Move the hook under and over the yarn to wrap it around anticlockwise.

2 Pull the hook towards the slipknot, catching the yarn in the hook, and pulling it through the slipknot loop. This forms your first chain (ch) stitch. Repeat steps 1 and 2 to form a chain length.

3 This is what your row of chains will look like. Hold the chain with your left hand near the hook, to keep the tension. Keep going until you have the number of chains that's stated in your pattern.

## How to count chains

Each chain or loop counts as one stitch. Never count your first slipknot or the loop on the hook (called the working loop). So that you can be accurate, make sure the chain is not twisted and that the front is facing you.

## SLIP STITCH (ss)

This stitch has no height – often used to join rounds.

**1** The slip stitch is used to join a length of chain into the round. Insert the hook from front to back into the first chain you worked. Wrap yarn round the hook (yrh) in an anticlockwise direction.

**2** Pull the yarn through the chain stitch (as shown) and then the loop already on the hook to make a slip stitch. You can also work this stitch into each stitch along a row to form a neat edging.

## WORKING IN ROWS

Follow these simple rules to construct crochet fabric.

**1** The first row is made by working across the foundation chain from right to left. At the end of the chain or row, turn the work so that the yarn is behind the hook.

**2** For the next row, first make the turning chain for the stitch you're about to work (see opposite). Now work the next stitch into the top of the stitches on your first row, missing the first stitch.

## DOUBLE CROCHET (dc) US term: single crochet

One of the key stitches in crochet, doubles are simple, compact stitches that form a dense fabric.

**1** To make a double crochet stitch, insert the hook under the top two loops of the next stitch on the previous row.

**2** Wind the yarn around the hook (yrh).

**3** Pull the yarn through the stitch, giving you two loops on your crochet hook.

**4** Yarn round hook again, then pull the yarn through both loops. There's your double crochet made and you'll have one loop left on the hook, ready to do the next stitch.

## HALF TREBLE CROCHET (htr) US term: half double crochet

A handy stitch that's between double and treble crochet in size, and it looks slightly looser than double crochet.

**1** To make a half treble crochet stitch, work to where you want the htr and then wind the yarn round the hook (yrh).

**2** Insert the hook under the top two loops of the next stitch in the previous row. Wrap yarn around the hook again (yrh).

**3** Pull the yarn through the stitch only (3 loops on hook).

**4** Yarn round hook again, pull the yarn through all 3 loops. You've made a half treble crochet. Continue working htr into next and following sts to the end of the row.

## TREBLE CROCHET (tr) US term: double crochet

One of the most popular stitches in crochet, this simple stitch is twice as high as a double crochet stitch.

1 To work a treble crochet, start by winding yrh and then insert the hook under the top two loops of the stitch on the previous row.

2 Wrap the yarn around the hook (yrh) and pull the yarn through the stitch only.

3 You will now have 3 loops on the hook. Yrh again, and draw the yarn through just the first 2 loops on the hook.

4 You will now have 2 loops on the hook. Yrh again and draw the yarn through the remaining loops on the hook. Your treble crochet is complete.

## DOUBLE TREBLE CROCHET (dtr)

### US term: treble crochet

This is a stitch regularly used as an elongated version of the treble (described above). It's worked in a very similar way to the treble, as follows:

- 1 Make a foundation chain. Skip 4ch, \*yrh twice, and insert the hook under the top loop of the next ch.
- 2 Yrh, pull the yarn through the ch loop only (4 loops on hook).
- 3 Yrh and pull the yarn through 2 loops only (3 loops on hook).

Yrh and pull the yarn through 2 loops only (2 loops on hook).

- 4 Yrh and pull the yarn through the remaining 2 loops. Repeat from \* to make more dtr sts.
- 5 To make the next row of dtr, turn work and ch4. This turning chain counts as the first dtr in a new row. Skip first st at the base of the t-ch, work 1dtr under the top two loops of the 2nd stitch in the previous row; continue to the end of the row.

## TURNING CHAIN (t-ch)

For an even finish, start each row with a turning chain.

In crochet, you need to add turning chains (t-chs) to the beginning of rows. The reason for this is to bring the hook up to the height of the stitches you're crocheting. Each basic stitch has its own number of chains. The

table below tells you how many t-ch sts form the first stitch. \*For dc, usually the turning chain does not count as a stitch, and the first stitch of the row is worked into the stitch at the base of the turning chain.

STITCH	Add to foundation chain before starting row	Skip at start of foundation row (counts as first st)	For turning chain (counts as first st)
Double crochet	1 ch	1 ch*	1 ch*
Half treble	1 ch	2 ch	2 ch
Treble	2 ch	3 ch	3 ch
Double treble	3 ch	4 ch	4 ch
Triple treble	4 ch	5 ch	5 ch

## TRIPLE TREBLE CROCHET (ttr)

### US term: double treble crochet

This is one of the longest standard crochet stitches and is mainly used in fancy stitch patterns. It's taller than a double treble crochet stitch (described left) and is worked in a very similar way, as follows:

- 1 Make a foundation ch. Skip 5 ch, \*yrh 3 times, insert hook under top loop of next ch.
- 2 Yrh, pull yarn through ch loop only (5 loops on hook).
- 3 Yrh, draw loop through 2

loops only. Repeat from \* 3 times more and your triple treble will be finished. Repeat from \* to make more ttr sts.

- 4 To make the next row, turn work and ch5. This turning chain counts as the first triple treble in a new row. Skip first st at base of the t-ch. Work 1 triple treble, inserting hook under the top 2 loops of the 2nd st in the previous row; continue to the end of the row.

## How to count stitches

Check your work is correct.

Being able to count your stitches is very important and helps you to ensure that you're following a pattern correctly. It's a good idea to count your stitches at the end of every row. To count short stitches such as double crochet, look at the plaited tops (see above right). For taller stitches, count the upright 'stems' – each 'stem' is counted as a stitch (see right).

## HOW TO CHANGE COLOUR

Create stripes and other colour effects.

**1** Before you work the final yrh (yarn round hook) on the last stitch of a row in the old colour, drop the old yarn and then pick up the new one with your hook.

**2** Pull through a loop of the new yarn to finish the old stitch. The working loop will be in the new colour. Continue, keeping the old yarn at the wrong side.

## INCREASING AND DECREASING

Shaping stitches are vital for making garments.

**INCREASE** To increase one stitch is very simple – work one stitch into the next stitch on the row below. When you've finished, work another stitch into the same stitch.

**DECREASE** For a quick decrease, just skip one stitch. For a neater look, work the first part of one stitch and then begin the next stitch. Finish both together.

## SEWING SEAMS

You can join crochet seams by using a tapestry needle or a crochet hook, using one of these four methods.

**1** Sewing with a tapestry needle is the regular and neat way to join seams. Place two pieces of crochet right sides together and oversew them as shown above, using a tapestry or yarn needle.

**2** To slip stitch a seam, place the crochet pieces right sides together. \*Insert hook into both edge stitches, yrh and pull through to complete 1 slip stitch; rep from \* working into the next edge stitches, keeping work fairly loose.

**3** For a dc seam, place the crochet pieces right sides together, or wrong sides together for a visible seam. Work as for slip stitch seam, using double crochet instead of slip stitch.

**4** A useful variation on the dc seam, the dc and chain seam is used when less bulk and/or greater flexibility is needed. Work 1 double crochet and 1 chain alternately.

## How to check your tension

Make and measure a swatch to check your tension.

Most crochet patterns state the tension required, in rows and stitches of a specific type. Make a swatch at least 15cm square and check that your tension matches. Place a ruler across the swatch and insert two pins, 10cm apart. Then place the ruler along a column of stitches and insert two pins 10cm apart. Count the stitches and rows between the pins – if you have less than the pattern, your tension is too loose so you need to use a smaller hook, but if you have too many, use a larger hook. It's usually better to match the stitches than rows, because you can always work more or fewer rows.

## FOUNDATION RING

Create a foundation ring for working in the round.

1 Make a chain the length stated in the pattern instructions. Next, insert the crochet hook into the first chain. Close the ring with a slip stitch, working yrh...

2 ...and pull yarn through 2 loops on hook. Now you're ready to start crocheting in the round, following the instructions given right.

## WORKING STITCHES INTO A RING

To make circles, tubes and other shapes.

1 Make a foundation ring and work the t-ch (3ch for treble sts). Work a treble st as usual, but insert hook into centre of ring. For treble sts, yrh, insert hook into ring.

2 Finish the treble as usual (yrh, pull yarn through ring, yrh, pull yarn through first 2 loops, yrh, pull yarn through 2 loops). Work more sts into the ring as needed.

## MAGIC LOOP

An alternative foundation ring for working in the round.

1 To start a Magic Loop, don't make a slipknot. Instead, make a loop with the yarn, leaving a tail around 10cm long. Make sure the tail end is under the working yarn.

2 Now insert your hook into the loop, from front to back. Wrap the working yarn around the hook and pull the yarn through the loop.

3 Make a t-ch for the sts you want to work (above, we made 1 t-ch for dc). Work your sts into the Magic Loop, over both the loop and the tail end (so two yarn strands).

4 Once you've worked the first round of stitches, simply pull the tail end of yarn to draw up the ring. Work a slip stitch to join the last and first sts to finish the first round (as instructed in the guide below).

## JOINING ROUNDS

Finish off each round of crochet stitches nice and neatly by using a slip stitch.

1 To close a round of stitches, work a slip stitch into the top of the turning chain. To do this, insert the hook into the top stitch of the turning chain.

2 Then place the yarn round the hook. Pull the yarn through the turning chain stitch and through the original stitch on your hook.

3 You've slip stitched the round together! Before working another round, be sure to make the required turning chain. Always work rounds on the right side, unless your pattern instructs you otherwise.

## Rounds or spirals

Check which technique you need to use.

Some patterns are worked in rounds that are joined together at the end of each round (see left). Other patterns are worked in a spiral so you don't need to join the rounds at the end, just keep going, working into the next stitch on the previous row. Amigurumi toys are often worked in a spiral like this.

## HOW TO GET A PERFECT FINISH

To prevent your hard work unravelling once you've finished crocheting, fasten the end off carefully.

Complete the final stitch, then cut the yarn about 15cm from the work. Pull it through the last loop on the hook and pull to close the loop. Thread the yarn tail onto a tapestry needle and weave into the back of the work. Most crochet items don't need a lot of blocking, but cotton lace work usually does. To do this, carefully pin out the item with rust-proof pins, mist with a water spray and leave to dry naturally.

### IT'S THE YEAR OF THE GIZA MANDALA

All 12 mandalas in our 2017 calendar series are hooked in Giza, King Cole's 100% cotton 4ply. The mercerised Egyptian cotton is fine, has a brilliant sheen and a luxurious feel. The cotton is grown in its namesake city, Giza. The purity of the soil there results in fantastic clarity and depth in each of the 20 colourways. For the chance to win six balls of Giza yarn to hook this design, head to [www.simplycrochetmag.co.uk/win-king-cole-giza-yarn](http://www.simplycrochetmag.co.uk/win-king-cole-giza-yarn)

# Add a little spice

Top blogger and designer Kirsten Ballering shares a fabulous diamond blanket that she hooked on holiday in Spain.

Right now, my Spicy Diamond blanket is my favourite crochet make. There are a lot of happy memories attached to this blanket. It's also special as it is out of my normal palette. Usually I gravitate towards projects with lots of colour. For this one I chose a more muted palette – way out of my comfort zone but I'm so happy with it!

I made this blanket on holiday in Spain. The first 'real' holiday I took with my then-boyfriend, now husband. We just got in the car and drove all the way down to Spain with me crocheting the motifs. I was working on joining this blanket on the beach there. It was hot and I was just buried in heaps of blanket, joining. People must have thought I was crazy! Little did they know it was a linen blend so I was pretty comfortable.

The yarn is Scheepjes Linen Soft. It had the perfect shade of mustard yellow to match my idea. Yellow is hard to get right, so I built the other colours around it. And it has a nice texture – a bit coarse at first, but it softens over time and drapes beautifully. Almost rustic!

I chose the colours based on a picture of baskets full of spices in Mumbai. Think earthy, rich tones. The yellow was a perfect fit for mustard seeds. The red resembled hot peppers. Pistachio green, well that one

speaks for itself. I limited myself to a small number of colours. That's so much harder to get right!

On holiday I had plenty of time, so the joining was finished by the time we arrived home. But I started making motifs long before that. It's a fair sized blanket, 1.20 by 1.80m, so it took me two or three months.

The stitches are trebles and half trebles. What makes this blanket different is the lace motif in the centre of each diamond. The joining enhances the airy feel but trust me, it's warm enough in the winter too!

I've seen gorgeous Spicy Diamonds made by crafters, some with the original palette, others incorporated more colours. People tell me it's a nice project to take with you, as it's made of motifs. It's easier to carry just a few balls at a time!

I have a box of heirloom crochet pieces made by my great-grandma. She was the creative one in the family, always thrifty. I never got to see her crochet as she passed away while I was young, but I'm sure that's where my interest in crafts originated. I've overloaded my family with handmade items, so I'll keep this one to myself. That's allowed every once in a while, right?

Fold bag in half lengthways and join rem seams. Cont to work in same style around outer edges of diamonds which are not to be seamed. Insert lining if desired and attach handle to inner corners of top diamonds.

A final double crochet row of neon green on the upper edge of the bag adds a bright accent.

Add some serious chic to your wardrobe with this striking black and white accessory with contrasting trim. The circle design looks really impressive but is easy to achieve with some clever colour changes and simple stitches.

## NOTE

The Bag is made as one flat panel, and then folded and seamed to make the Bag.

## BAG

With Yarn A, ch67.

**Row 1 (RS)** Tr in fourth ch from hook and in each ch to end, turn. [65 sts]

**Row 2** Ch3 (counts as tr throughout), tr in each st to end, turn.

## PLACE CHART

On the Chart on p11, each rectangle represents 1 tr stitch. Follow the Chart for the colour changes between Yarns A and B. Read RS rows from right to left, and WS rows from left to right. When you change colours, pick up the new colour in the last yrh of the previous st, and work over the strands of yarn you are not using to enclose them within the stitches.

**Rows 3-36** Work as Row 2, following the colour

With some careful folding and seaming (see diagram on p12), a flat rectangle becomes a bag.

changes on the Chart.

**Rows 37-38** Repeat Row 2 with Yarn A only.

**Fasten off.**

### TO MAKE UP

Fold along the centre at the line marked Fold 1 on Diagram 1.

With Yarn A, seam the two short edges together. Now fold along Fold Line 2 on both sides, so that the side seam is inside the bag, and a pleat is formed of the fabric. See also Diagram 2 for the top opening of the bag,

which shows the top of the pleat on each side of the bag. Sew the edges marked A together, leaving the outside opening of the bag free. Repeat for the edges marked B. You can also tack down each point at the bottom from the inside of the bag, to prevent the pleat from unfolding.

With Yarn C and the RS of the bag facing, dc evenly around the top opening edge of the bag.

**Fasten off** and weave in ends. Sew the handles in position.

We reckon this brilliant bag will become the most reached-for accessory in your wardrobe. Cool classic hound's tooth pattern? Check. Roomy enough for all your essentials (and at least three WIPS)? Check. And that's the tooth.

## NOTE

For the Base and Bag Sides, work in the round without closing off each round with a slip stitch. You may find it helpful to use a stitch marker in the first stitch of each round, moving it up as you work.

## BASE

With Yarn A, make a magic loop.

**Round 1 (RS)** Ch1 (does not count as st throughout), 6dc into loop. [6 sts]

**Round 2** 2dc in each st around. [12 sts]

**Round 3** 2dc in each st around. [24 sts]

**Round 4** Dc in each st around.

**Round 5** (1dc, 2dc in next st) 12 times. [36 sts]

**Round 6** Dc in each st around.

**Round 7** (2dc, 2dc in next st) 12 times. [48 sts]

**Round 8** Dc in each st around.

**Round 9** (3dc, 2dc in next st) 12 times. [60 sts]

**Round 10** Dc in each st around.

**Round 11** Increase 12 sts evenly in the same fashion. [72 sts]

**Round 12** Dc in each st around.

**Rounds 13-24** Repeat the last 2 rows 6 more times, do not fasten off. [144 sts]

## BAG SIDES

**Round 1 (RS)** Working in back loop only, dc in each st around.

## PLACE CHART

On the Chart on p14, each square represents 1dc stitch. Follow the Chart for the colour changes between Yarns A and B. Read every row from right to left, and repeat the 4 stitches of the Chart 36 times in each round. When you change

colours, pick up the new colour in the last yrh of the previous st, and work over the strands of yarn you are not using to enclose them within the stitches.

**Round 2** Edc in each st around, following Row 1 of the Chart.

**Rounds 3-39** Continue working as Round 2, working Rows 2-4 of the Chart, then repeating Rows 1-4 of the Chart 8 times, and finishing with Rows 1-3 of the Chart.

**Round 40** With Yarn A, edc in each st around to last st, ss in last st.

**Fasten off.**

#### BORDER

**Round 41** With Yarn C, working in back loops only, ch2 (counts as first edc), edc in each st around, ss to top of beg ch-2.

**Rounds 42-48** Ch2, edc in each st around, ss to top of beg ch-2.

**Round 49** Ss in each st around.

**Fasten off** and weave in ends.

Fold the Border over the top of the patterned section so that the WS of the border is facing and there is a double thickness of fabric around the top edge. Sew in place around the edge of the Border.

Sew the handles centrally on the inside top edges of the bag at the join between the pattern and the Border.

This bag has a large round base, which gives it a better shape and keeps it sitting upright.

A double crochet brim in bright green gives a neat finish and a striking flash of colour.
