SEWING & MAKING UP

SEWING THE LEGS

Thread the tapestry needle with cast on long tail through the loops of the cast on stitches of leg (10 sts) and pull up tightly (*I've used white yarn to illustrate*). (Fig. 10 - Fig. 16)

Fig. 14

Fig. 15

Then using Mattress Stitch to sew from A to B.

Fig. 16

Sew the second leg in the same way.

Now, it's time to stuff the legs. The easiest way to do this is breaking off two equally sized lumps of stuffing so that we will get both legs as the same size. Stuffing them so they are fairly firm but not straining the seams. (Fig.17)

Fig. 17

SEWING THE BODY

Then using Mattress Stitch to sew from C to D (Fig.18).

Adding stuffing as you sew, stuff them so they are fairly firm but not straining the seams. Then continue sewing the back of the body (Fig.19).

Fig. 18

Fig. 19

Make sure that you are satisfied with the stuffing then sew the short edges between the legs with the Mattress stitch. Using the longest tail of legs to sew (*I've used white yarn to illustrate*) (Fig.20 - Fig. 21). Once finished, tie all of the tails of the legs and thread them through into the body to hide.

SEWING THE TAIL

ATTACH THE TAIL TO THE BODY

Tutorial Video “How to attach the tail to the body”: https://youtu.be/Qt7l1_lsJTw

Adjust the tail with sewing pins to the body (*Fig.24 - Fig.25*).

Fig. 24

Fig. 25

To attach the tail, using the cast on tail of the finished tail to sew it in place. We will sew alternately through a stitch of body and a stitch of the tail as in the photos (*Fig.26 - Fig.30*). Work all the way around the tail (*I've used white yarn to illustrate*).

Fig. 26

Fig. 27

Fig. 28

Once it is attached, we will tie off all the tails together and we will poke them into the body to hide (Fig.31 - Fig.32).

Fig. 31

Fig. 32

SEWING THE HEAD

Using a tapestry needle with cast on tail of the head, we'll pick up the loops from the cast on edge (*I've used white yarn to illustrate*) (Fig.33 - Fig.34) .

Then we will pull up tightly (Fig.35) continue sewing the side edges together. Adding stuffing as you sew, stuff them so they are fairly firm but not straining the seams (Fig.36).

After that, tie off 2 long tails together (Fig.37 - Fig.38).

SEWING THE EYES

Using a tapestry needle with cast off tail to sew the side edges together with help of the Mattress Stitch.

Halfway along the seam, we'll stop.

If you use the toy eyes with thread end and washer buckle (plastic washers) (*Fig.44*) , we'll attach them to the eyes of Alan before you've finished the seam .

Attaching the beads that you planned to use as eyes. Then secure it in place with the eye backs (*Fig.45 - Fig.47*) .

Fig. 45

Fig. 46

Adding stuffing then continue sewing the side edges to the cast on edge (*Fig.48*). After that, we'll pick up the loops from the cast on stitches and pull up tightly.

Once finished, tie off all the tails and poke them into the head to hide (*Fig.49*).

Fig. 48

Fig. 49

ATTACH THE EYES TO THE HEAD

Adjust the eyes with sewing pins to the head as in the photos. (*J is middle I and K*) (Fig.50 - Fig. 51)

Fig. 50

Fig. 51

Thread the tapestry needle with one of the long tails from the eye and use it to sew the eye and head together. We will sew alternately through a stitch on the underside of the eye (Fig.52) and then through a stitch on the head (Fig.53). Work around the underside of the eye in a circle.

Then we will tie off all the tails together and poke them into body to hide.

Fig. 52

Fig. 53

ATTACH THE NOSTRILS TO THE HEAD

Fix the nostrils with sewing pins to the head as in the photos (Fig.54).

Thread the tapestry needle with one of the long tails from the nostril and use it to sew the nostril and head (Fig.55 - Fig. 57).

Then we will tie off all the tails together and poke them into body to hide (Fig.58).

Sewing the second nostril as the same way (Fig.59).

ATTACH THE HEAD TO THE BODY

Fix the head with sewing pins to the body (Fig.60).

Thread the tapestry needle with one of the long tails from the neck and use it to sew the body and head together. We will sew alternately through a stitch on the neck (Fig.61) and then through a stitch on the underside of the head (Fig.62). Work around the underside of the head in a circle.

While attaching the head to the body, stuff the neck as tightly as you can (Fig.63), so the head can stay up and not droop then continue sewing and go on stuffing the neck till it is very taut.

Then we will tie off all the tails together and poke them into body to hide (Fig.64).

SEWING THE ARMS

Fold the arms and using Whip Stitch to sew from L to M (Fig.65) (*I've used white yarn to illustrate*) (Fig.66), then using Mattresss Stitch to sew from M to N.

Adding stuffing as you sew , leaving the top of arm unstuffed so it stays floppy, stuff them so that they are fairly firm but not straining the seams. Continue sewing to the cast off edge, tie off 2 tails together (Fig.67).

Fig. 65

Fig. 66

Fig. 67

ATTACH THE ARMS TO THE BODY

Adjust the arms with sewing pins to the body (*Fig.68*).

To attach the first arm, using the cast off tail from the top of the finished arm to sew it in place. We will sew alternately through a stitch of shoulder (*Fig.69*) and a stitch of the arm (*Fig.70*) (*I've used white yarn to illustrate*). Work all the way around the arm to join both the upper and the lower side.

Once it is attached, tie off all the tails together and we will poke them into body to hide.

Repeat with the second arm (*Fig.71*).

MAKING UP THE TROUSERS

To make the string on the trousers, we will use the tapestry needle with the red yarn to poke into the body at O and get the needle out in P (*Fig.72 - Fig.74*).

Fig. 72

Fig. 73

Fix the sunglasses with sewing pins to the head.

We will attach the sunglasses to the head: Using the tapestry needle with the long tails S (Fig.114) to sew from S to T: We will sew alternately through a stitch on the sunglasses and then through a stitch on the head.

Then we will tie the long tail S and T together, poke them inside the body to hide.

Repeat with the long tail U and V.

Then using alternately the tapestry needle with the long tails X, Y (Fig.115 - Fig.118):

- Poking the long tail X go inside the head in X and get out in Z
- Poking the long tail Y go inside the head in Y and get out in Z

Then we will tie long tails together, and poke them inside the body to hide.
