

# BRIOCHEVRON WRAP

## BRIOCHEVRON WRAP

Choose a colorful array of fingering weight yarns and knit this large wrap in two-color brioche. The main color is a black and white marled yarn from Woolfolk while bright color pops from Hedgehog Fibres decorate the striped background. Increases and decreases form the graphic chevron lines and the fabric length is customizable.

**Needles:** 24" US 4 / 3.5mm circular

**Notions:** Tapestry needle

**Gauge:** 24 sts & 20 rows = 4" / 10cm in two-color briochevron stitch

**Pattern Notes:** In two-color brioche stitch, two rows are worked for each counted row that appears on the face of the fabric. The first color is worked across the row and then the row is worked again using the second color. The next row is worked the same way, once across with the first color and worked again with the second color. When counting rows, count only the stitches going up on a knit column. For example, when you work 4 rows, count 4 knit column stitches, even though you will have worked 8 rows. 2 worked rows = 1 counted row.

When you put down your knitting and forget which color you just used and which color to use next, look at the color of the yo in the row just worked. That is the last color you used.
