PATTERN AND CHART NOTES

- There are 3 charts: Right, Center, Left. When combined they make up the entirety of the wrap. Because the charts would be too small and illegible if depicted as one, they are broken out into three parts.
- Work across all charts from Right to Center to Left on RS rows, and from Left to Center to Right on WS rows.

HOLMES PATTERN

With 24" or 32" circular Smaller Needle, CO 78 sts using your preferred method.

Setup Row (WS): Begin Holmes Cable Chart (Left) over first 26 sts, then begin Holmes Cable Chart (Center) over next 26 sts, then begin Holmes Cable Chart (Right) over last 26 sts.

Row 1 (RS): Cont Holmes Cable Chart (Right) over first 26 sts, then cont Holmes Cable Chart (Center) over next 26 sts, then cont Holmes Cable Chart (Left) over last 26 sts.

Cont in established pattern for 7 rows ending on a WS row.

Change to Gauge Needle.

Continue working the 32 rows of Holmes Cable Chart Right, then the 24 rows of Holmes Cable Chart Center, then the 32 rows of Holmes Cable Chart Left for 512 rows.

Rep the 32 rows of the Holmes Cable Charts Right and Left 16 times, and the Holmes Cable Chart Center 21 times plus the first 8 rows, as indicated on the Chart.

Once you've completed the 519 rows, (first 7 rows + 512 rows) *change to Smaller Needle.*

Complete the final 7 rows of the charts and BO all sts in pattern. When BO over cabled fabric, decrease one st approximately every four or five sts to prevent flaring.

Weave in all ends and wet-block wrap until it is completely dry. (Blocking wires are recommended for crisp edges.) Trim all ends.
