

Northern  
Augustins

*NO. I*

“ *Northern Augustins no. 1* is a nostalgic and intricate colour work sweater, which pays homage to the long-standing tradition of Northern knitswear. The warm and dense feel of the sweater is secured by using soft plant dyed lambswool, which will create a beautifully vivid structure.

*Happy knitting. ”*

# Pattern

## Before you begin

*Please read the entire pattern before casting on.*

*Be sure to make a swatch before you begin, to ensure the right gauge.*

**Increasing method:** *When increases are made to shape the yoke, left leaning increases are used. The increases are knitted in the following way:*

**m1L:** *Work to the place where the increase is to be made. Insert the left side needle from front to back into the horizontal strand between the two stitches. Knit the stitch through the back loop.*

**Knitting with dominance :** *for this sweater, colour B is the dominant colour. When knitting, hold colour B over your index finger, whilst holding colour A over both your index- and middle finger. Thereby, colour B becomes the dominant colour, as it is closest to your knitwear.*

## Neckline

With circular needles 5 mm and 2 threads of colour A, cast on 76 (78) 80 (82) 84 (86) 88 (90) sts with the Italian tubular cast on method.

Gather work and place a M between the first and last st = BOR.

Knit \*k 1, p 1\* in the rnd until the neckline measures 16 cm.

Change to circular needles 6 mm and k 1 rnd.

At the next rnd, inc 16 (22) 28 (34) 40 (46) 52 (58) sts evenly.

There are now a total of 92 (100) 108 (116) 124 (132) 140 (148) sts on the needles.

K 1 rnd.

## Yoke

Join 2 threads of colour B to the work.

Starting at BOR, knit all 48 rnds of “Chart 1”.

When “Chart 1” is finished, there are a total of 230 (250) 270 (290) 310 (330) 350 (370) sts on the needles.
