DESIGNED BY MELANIE BERG

30.5" deep

## YARN

Woolfolk Tynd (100% Ovis 21 Ultimate Merino®, 223 yds per 50 g skein)

## NEEDLES AND NOTIONS

Size US 4 (3.5 mm) 24" or longer circular needle

Tapestry needle, stitch marker

## GAUGE

26 sts and 38 rows = 4" in garter st, blocked

## NOTES

This shawl is worked flat from the left tip to the right edge. Please read through the entire pattern to familiarize yourself with its construction before starting to knit.

If desired, you can make the upper edge extra stretchy by adding a yarn over after the very first stitch of every WS row, then dropping it on the following RS row.

While working charts A and B, the stitch count within the pattern repeat drops from 18 to 16 sts after Row 15, then increases back to 18 sts after Row 17.

Blocking wires are helpful to block the edges straight and even.

## DESIGNER PROFILE

### MELANIE BERG

Melanie combines texture and color into wearable modern designs that are both playful and beautiful. She designs to surprise, matching cheeky stripes with elegant lace and choosing unexpected color combinations. Her patterns have been published by yarn companies and knitting magazines, large and small. She lives with her husband and three children in Bonn, Germany, where she finds inspiration in the landscape, history, and culture.

### WHY DO YOU LOVE WORKING WITH WOOLFOLK YARN?

I've been working together with Kristin since before she even started Woolfolk, and it's been a pleasure to follow her process of creating yarns that hold the highest levels of quality, combined with a great sense of aesthetic. I also really appreciate the collaboration between Woolfolk and Ovis 21—it's important to invest into the future, and using reliable and regenerative sources for farming and yarn production is a step into the right direction.

### WHAT'S YOUR FAVORITE WOOLFOLK YARN AND WHY?

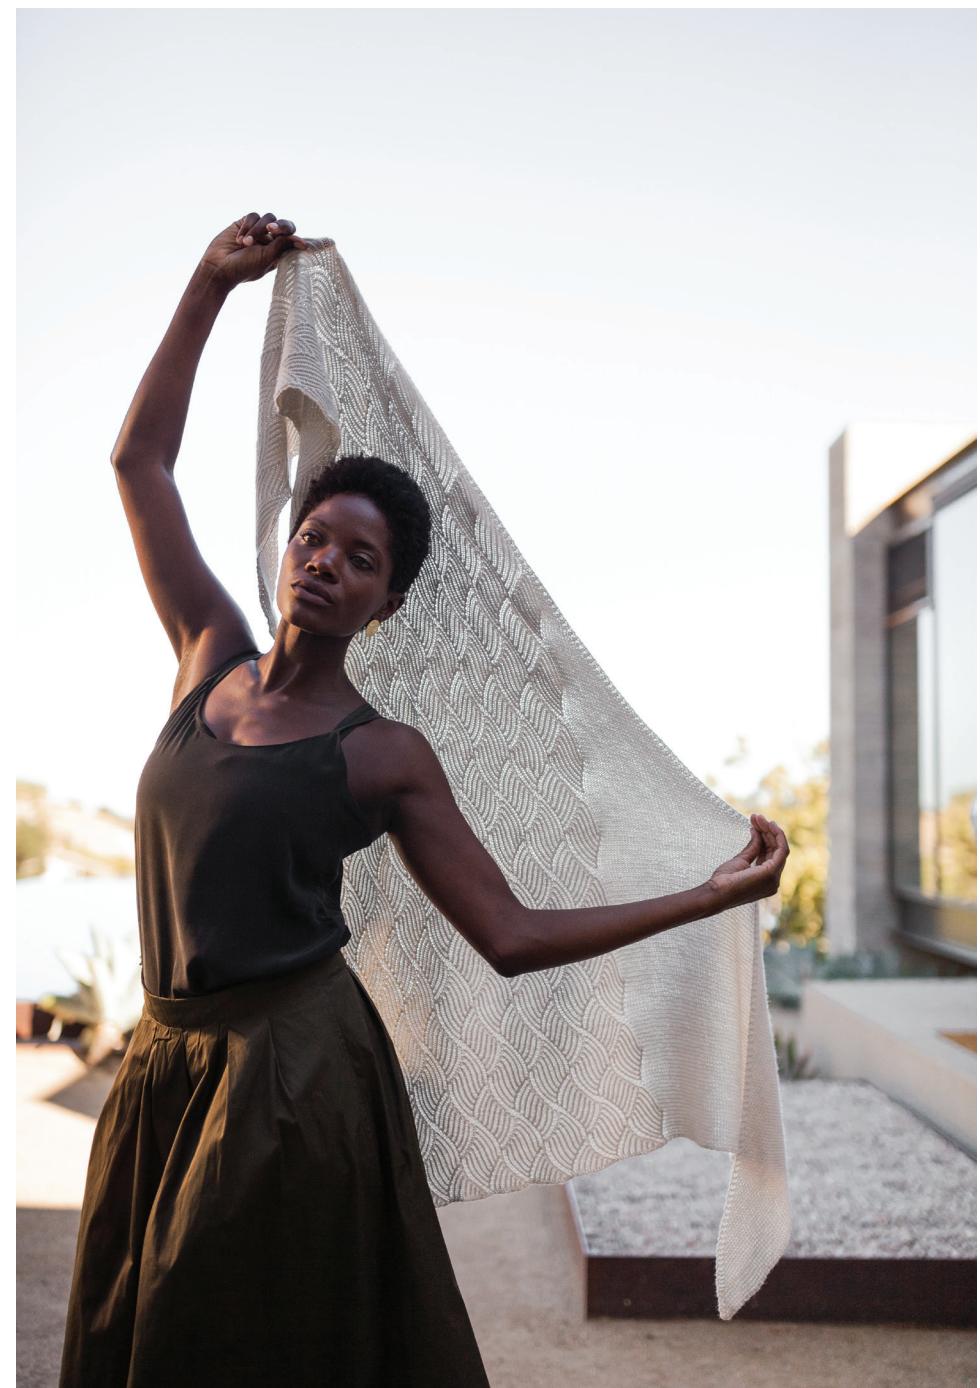

Tynd is my favorite! I'm a big fan of fingering weight yarn, and the softness of Tynd is amazing. It's the perfect yarn choice for shawls, and the elegant color palette makes sure you'll get a lot of wear out of your garment.

### WHAT'S YOUR FAVORITE WOOLFOLK PATTERN?

It's hard to decide, but I really love the SPOR pullover by Laura Chau, and the BIRK cardigan by Olga Buraya-Kefelian.
