Insert the eyes during round 13 - 14. Position the disks of the eyes from the inside, push with a coin if necessary.
Stuff the head with filling.
Cut the yarn and pull through the stitches, tighten and sew the head together leaving a small opening. Form the head and the eye holes: pull a thread from the opening of the head (the part that will be sewn onto the body) to the place of one eye, guide the thread around a stitch and back. Tighten to form the eye deepening, attach the thread with a knot. Repeat for the other eye. See drawing.
Close the last opening.

Good to know

Go handmade's collection is developed and handcrafted by the expert hands of passionate crocheters. All are crocheted to meet what we find is a medium tightness and what suits the animal.

Hook Size & Tension

Crocheters crochet very differently: some crochet with a hook size 2,0 mm and obtain the same size of design and quality as a person who crochets with a hook size 4,0 mm. We owe this knowledge to the team of crocheters who join us. The key to crochet a specific size is a lot about the crochet style/hands/skills, rather than the size of hook. Therefore, we will recommend a range of hook sizes.

We have gone to great lengths to make sure that all patterns are as perfect as possible. However, should there prove to be a mistake, the correction or addition will be shown on www.gohandmade.net
