Haruni

by Emily Ross

Haruni is a slightly crescent shaped triangular shawl, worked from the top down. It begins with a smaller version of the traditional fern lace motif, then transitions to an exuberantly leafy border, and is finished with a chain cast off, worked with your knitting needles. Like most lace patterns, gauge is not vital, you can knit this pattern in a variety of yarn weights. You can easily adjust the size of this shawl by knitting more or less repeats of Chart A. Please note that any change in yarn, needle size, or number of repeats will change your yardage requirements as well.

Materials

- ☑ **Yarn:** Knit Picks®, Stroll Tonal Sock Yarn, 462 yards (100 g), 1.25 skeins

- ☑ **Needles:** U.S. Size 4 (3.5 mm), circular needle, at least 24" (60 cm), or size needed to obtain gauge

- ☑ **Other Materials:** Stitch markers, blocking pins and / or wires

Measurements

- ☑ **Gauge:** 24 stitches and 32 rows = 4" (10 cm) in stockinette, after blocking

- ☑ **Finished Size**: 23" (58 cm), deep, 45" (114 cm), wide, after blocking.

Acknowledgments

This pattern began life as a small project I made for my Grandmother for Christmas. After sharing some photographs of the finished shawl on Ravelry I got several requests for the pattern. Thinking this would be a simple project that a few others might enjoy, I wrote up the charts. With the help of my husband's design and layout skills we soon had a pattern ready for publishing. The initial response was overwhelming, to say the least. Thanks to the many suggestions and questions of fellow knitters I quickly learned better ways of explaining my thoughts and charting my ideas. This revision is the result of many such suggestions. I would like to thank my husband Brian (Prince Charming) for his wonderful design, layout, photography, and editing. This would not have been possible without his help. Also many thanks to "Haramis" (Ravelry screen name) for her tech editing skills, making the written directions possible.

The name **Haruni** means "Grandmother" in Quenya, Tolkien's elven language.

I've tried to make this pattern as accurate as possible, but if you find any errors or have questions there is extensive pattern support at Ravelry.com. If you need additional information you can contact me through Knitterain.com.
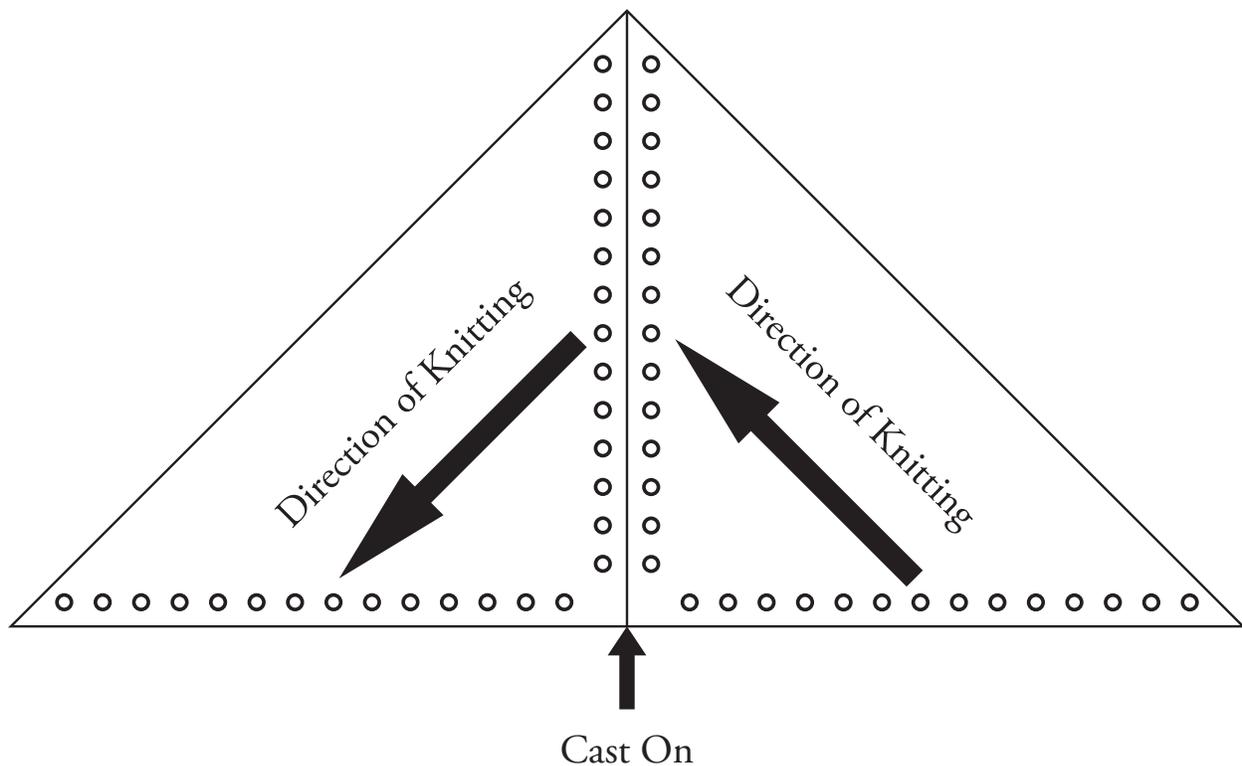

Happy Knitting!

Emily Ross

A Construction Note

If you have experience with top down triangular shawls, this one works much the same way. You are creating 1 large triangle that consists of 2 identical triangles, with a single spine stitch running down the center. The shaping is achieved by increasing on each edge, as well as on either side of the center stitch. For much of the pattern you will be increasing 4 stitches every right side row - 1 on the right edge, 2 in the center, and 1 on the left edge. For some rows you increase 8 stitches. All increases are incorporated into the lace pattern. In Chart B the rate of increase changes, with rows 1-15 increasing quite rapidly, and the final 13 rows actually decreasing. Please see the schematic for more on the construction of this shawl.

Cast On

Instructions

Set Up

This shawl begins with a garter stitch tab. Using the provisional cast on method of your choice, cast on 3 stitches. Slip 1 as if to purl, with yarn in back, knit 2. This initial slipped stitch should be worked quite loosely, so that you can properly block your shawl. The slipped stitch creates an attractively smooth finish on these edge stitches. You may simply knit the first stitch of every row if you prefer. Repeat this row 5 more times. After the 6th row, rotate your knitting, and pick up and knit 3 stitches along the side of your strip of knitting, one in each garter ridge. Undo your provisional cast on, place the 3 stitches on your left hand needle, knit 3. 9 stitches total. Turn. Slip 1, knit 2, purl 3, knit 3, turn. Now you are ready to begin knitting Chart A.

Chart A — Overview

This chart only shows half of your shawl. There are also a total of 7 stitches that are not shown on this chart. The 7 stitches are your first 3, last 3, and your center stitch. To knit across an entire row, sl1, k2, knit the chart as written from right to left, knit your center stitch, then repeat the chart from right to left and end k3. All even numbered rows are sl1, k2, p to the last 3, then k3.

After row 32, repeat rows 17-32 4 more times. For these rows repeat the stitches within the box as many times as possible per row.

After 4 repeats you will have 12 stems on each half of your shawl, and a total of 249 stitches. The stem is the knit stitch between the vertical pair of yarn overs. If you want to make this shawl larger or smaller, you may knit more or less repeats of this section. Each repeat adds 40 stitches. Make sure that you have an even number of stems before continuing to Chart B. Reserve roughly 50% of your yarn for Chart B.

Chart B — Overview

In Chart B you will be increasing very rapidly for the first 15 rows, then decreasing the number of stitches per row for the final 13 rows. Like Chart A, this shows only half of the shawl. Unlike Chart A, the 3 edge stitches are charted, because they change starting on row 17. All wrong side rows remain sl1, k2, p to the final 3 stitches, k3. The center stitch is still uncharted. For rows 1-15 it remains as a single knit stitch.

For the first 15 rows of this chart, you will be growing pairs of leaves, while decreasing the stitches between pairs. Each half of the shawl must begin AND end with a pair of leaves, separated by your center stitch. I've highlighted these segments in yellow on the chart. To knit a full row of Chart B, you begin reading right to left, repeating the entire chart minus the 3 edge stitches, ending your final repeat of the first half midway through the chart, with the last yellow stitch. Knit your center stitch (not shown on the chart), and repeat for the second half of the shawl, starting AND ending with a yellow segment, and finishing with k3. If you are knitting from the charts you may want to consult the written instructions to insure you understand the repeat structure.

For rows 17-27, you will be decreasing the leaves, while only increasing between leaves, (shown in pink) NOT between pairs of leaves. When you come to the 4 leaves (2 pairs) that make up the center of your shawl, knit the increase section (shown in pink) between EACH leaf. Starting with row 17, you no longer have a center stitch, you have a center section, which is shown in pink.

The 3 edge stitches change starting on row 17 - the first ssk will consume your yo from the previous pattern row. *The final edge stitches will be yo, k2tog, k2, instead of k3.* Also note the special stitches on row 17. The two special stitches are worked as double decreases EXCEPT for the ones on the very first and very last leaf of each half, which are single decreases.

Work your final (wrong side) row *very* loosly to facilitate binding off.

Bind off

If you used lace weight yarn you may want to work the bind off with a double strand of yarn, to help stabilize the edge.

1. Knit 4 together.

2. * Insert the left hand needle into the front of the stitch on your right hand needle, from left to right, knit this stitch. * Repeat from * to * 6 times. This creates the chained loops.

3. Knit 3 together.

4. Cast off 1 stitch by slipping the first stitch on your right hand needle over the 2nd stitch, and off the needle.

Repeat steps #2-4 until the final 4 stitches. Work step 1, knit 4 together, cast off 1 stitch. Break yarn and pull through final stitch. Each knit 3 together will line up with the pattern, and close each leaf tip.

Finishing

Sew in any ends, soak, and block. When blocking you can either use wires to block this into a triangular shape, or pin out the loops individually to emphasize the curves of the leaves. You can also block the top straight across, or gently curve it into more of a crescent shape.

Legend

☐	**k** Knit
▨	**No Stitch** Placeholder – No stitch made.
☒	**sl** Slip stitch as if to purl, with yarn in back
⊙	**yo** Yarn Over
◻	**ssk** Slip one stitch as if to knit, Slip another stitch as if to knit. Insert left–hand needle into front of these 2 stitches and knit them together
◻	**k2tog** Knit two stitches together as one stitch
⋀	**sl2k1psso** Slip first and second stitches together as if to knit. Knit 1 stitch. Pass two slipped stitches over the knit stitch.
▣	**On first time per half, ssk, all other repeats, sl2, k1, psso** On first time per half, ssk. On all repeats, sl2, k1, psso.
◆	**sl2, k1, psso. On final repeat of each half k2tog** sl2, k1, psso. On final repeat of each half, k2tog

Row 71, same as row 39, with 8 repeats of stitches between brackets **(189 TS)**
Row 73, same as row 33, with 9 repeats of stitches between brackets **(193 TS)**
Row 75, same as row 35, with 9 repeats of stitches between brackets **(201 TS)**
Row 77, same as row 37, with 9 repeats of stitches between brackets **(205 TS)**
Row 79, same as row 39, with 9 repeats of stitches between brackets **(209 TS)**

Row 81, same as row 33, with 10 repeats of stitches between brackets **(213 TS)**
Row 83, same as row 35, with 10 repeats of stitches between brackets **(221 TS)**
Row 85, same as row 37, with 10 repeats of stitches between brackets **(225 TS)**
Row 87, same as row 39, with 10 repeats of stitches between brackets **(229 TS)**
Row 89, same as row 33, with 11 repeats of stitches between brackets **(233 TS)**
Row 91, same as row 35, with 11 repeats of stitches between brackets **(241 TS)**
Row 93, same as row 37, with 11 repeats of stitches between brackets **(245 TS)**
Row 95, same as row 39, with 11 repeats of stitches between brackets **(249 TS)**

After completing Row 96 (wrong side) you are now ready for Chart B - with 12 stems on either side of your shawl. If you want to make a smaller shawl, you may stop Chart A after row 80, or for an even smaller shawl, after row 64. For a larger shawl, work another 16 row repeat, with first 12, then 13 repeats of the stitches between brackets.

Chart B — Directions

If you did more or less repeats (of rows 17-32) of Chart A, you will need to adjust the number of repeats in Chart B. If you did 3 repeats instead of 4 for a smaller shawl, repeat between the ∗ (stars) 1 less time. Conversely, if you did 5 repeats (of rows 17-32) of Chart A, then you would repeat between the ∗ (stars) 1 more time.
