Предисловие

Еще пару веков назад, например в Шотландии, вязание было доступно только мужчинам. В настоящее время им увлекаются миллионы женщин во всем мире.

И это не удивительно. Вязаные модели одежды ярки, красочны, оригинальны и интересны. Для многих женщин увлечение таким декоративно-прикладным искусством – не только возможность пополнить свой гардероб стильными элегантными вещами, но и великолепный досуг, приобщение к искусству и творчеству. При современном темпе жизни, стрессах и нервных нагрузках данная разновидность рукоделия способствует расслаблению и релаксации, чему помогает равномерный ритм вязания. Даже можно сказать, что это своего рода экономия семейного бюджета.

Наша книга представляет собой уникальную коллекцию узоров, особенно модных в 2006 году. Она будет интересна не только опытным, но и начинающим вязальщицам. Представленные здесь узоры можно использовать для вязания джемперов, свитеров, пальто, кофт, костюмов, летних и зимних комплектов и так далее.

Простые схемы и техники, собранные в конце книги, даже не нуждаются в описании. Всего лишь глядя на рисунок, вы легко повторите узор. Надеемся, что, используя наш удивительный сборник элегантных и модных узоров, вы всегда, в любой сезон года, будете выглядеть женственно и привлекательно. И конечно же не только вы, ведь узоры в этой книге прекрасно подойдут к мужским и детским вязаным моделям.
