Pattern Notes

Andy cardigan is knitted top-down,
without any seams. It is an
oversized garment that come in a
one-size-fits-most. The long and
the short version refer to the
length of the cardigan. Please
check the pages with the
dimensions of the cardigan in
order to determine if the cardigan
will fit you.

When knitting, you can try it on
and determine if you need to make
adjustments. Be aware though that
garments knitted in Moeke Yarns
Elena (and most minimally
processed wool) will change in
size after being washed. However,
if the length of the sleeves needs
to be adjusted, you can do that
easily by adding a few rows of
ribbing. If you feel that the length
of the cardigan needs to be
adjusted (especially for the short
version) adding a few rows of
ribbing should solve the problem.
