

Animal Family Blanket

The Crocodile design

AE1202-271-02

This blanket consists of two main parts: the main body and the decorations. The main body includes the central **square fabric piece**, the **first edging**, the **motif section**, and the **second edging**. Following the order from inside out, crochet each section of the main body one by one. After completing the main body, make and attach the **decorations** at the corresponding positions.

Size: 100*100cm

The handcrafted measurements may have an error of 1 to 2 cm. Due to variations in individual tension, the size of the sample is for reference only.

Materials: Impression Misty Feather, 4-Ply Combed Cotton & Acrylic Fibre Hand Knitting Yarn

Hook: 3.00mm crochet hook (for the main part and flowers), 2.00mm crochet hook (for the pattern decorations).

Using the diagonal method, work back and forth, dividing into an increasing section and a decreasing section. During this process, continuously join new yarn and change colors to crochet the corresponding pattern. Please refer to the video demonstration for specifics.

Note:

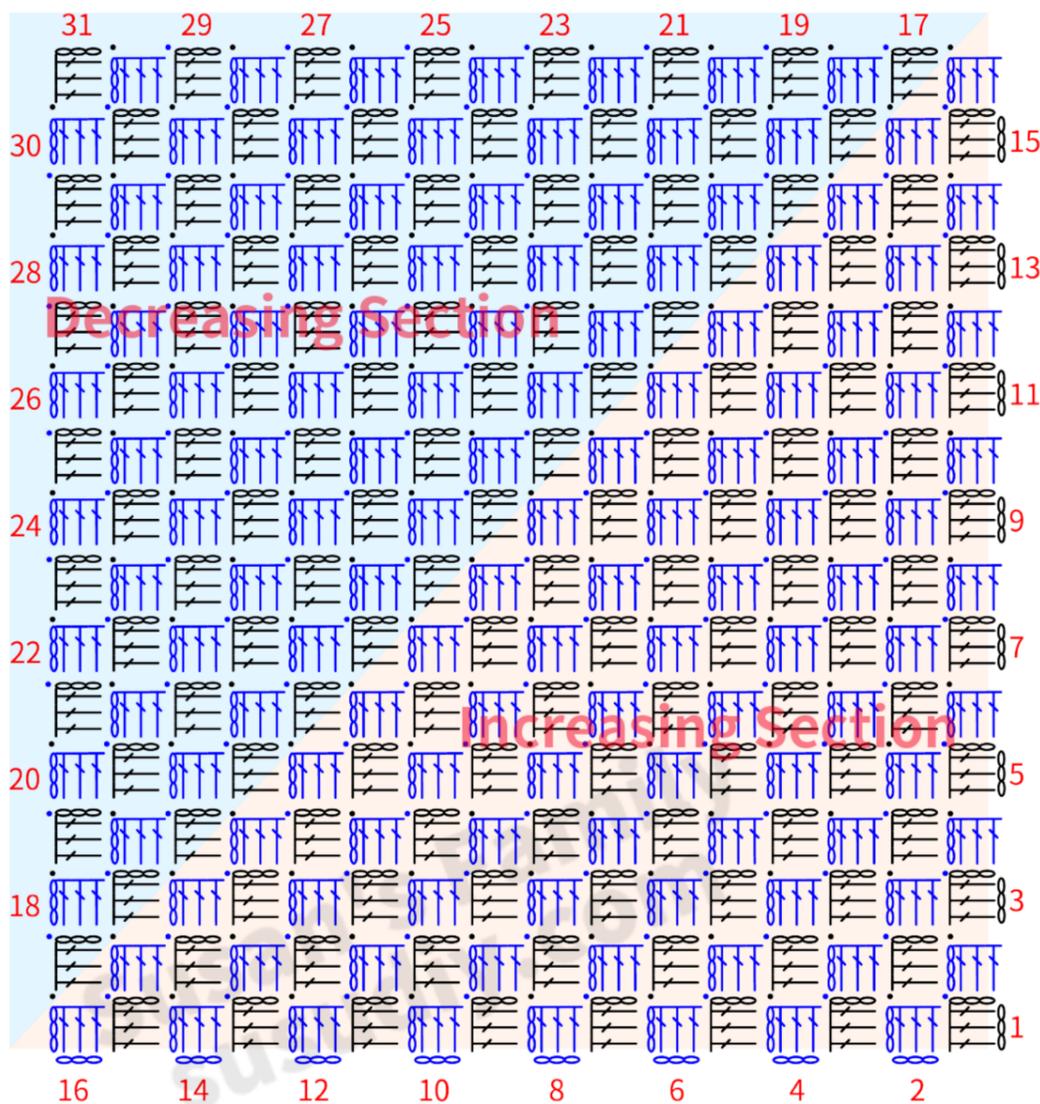

1. Measure the dimensions after completing 10 rows of the crochet piece; the height should be 10.5 cm. If the size differs significantly, consider adjusting your tension or switching to a different hook size.
2. The chart here is a schematic diagram; the actual row numbers should follow the pixel grid chart.
