Details & Knitting Chart Symbols

Difficulty Intermediate

Recommended for knitters who have experience in finishing more than one (top-down) garment.

Needles & Notions

4 mm circular needles, 3.5 mm circular needles, 4/0 crochet hook, tapestry needle, stitch marker

Gauge

10 x 10 cm = 22 stitches and 26 rows

(Washing and blocking is recommended before measuring)

Yarn (size M : Bust 90cm)

Main Color : Garthenor Organic Beacons - Tilia (375 g 1012 m)

Flower Petals (Contrast Color 1) : Garthenor Organic Beacons - Rigging (100 g 270 m)

Flower Disk (Contrast Color 2) : Garthenor Organic Beacons - Butternut (25 g 60 m)

(For size XS~2XL, the number of flowers is same. The amount of yarn for main color is different for each size.)

Knitting Chart Symbols

These knitting chart symbols resemble the knitted shapes. You can knit from the charts by understanding what these symbols represent.

You can find crochet symbols on p.11.

(Work the stitches that include purl symbols purlwise)

knit

purl

k2tog (knit 2 together)

M1L (make 1 left)

ssk (slip slip knit)

M1R (make 1 right)

yo (yarn over)

short rows (Wrap and turn)

sl (slip stitch)

backward loop cast-on

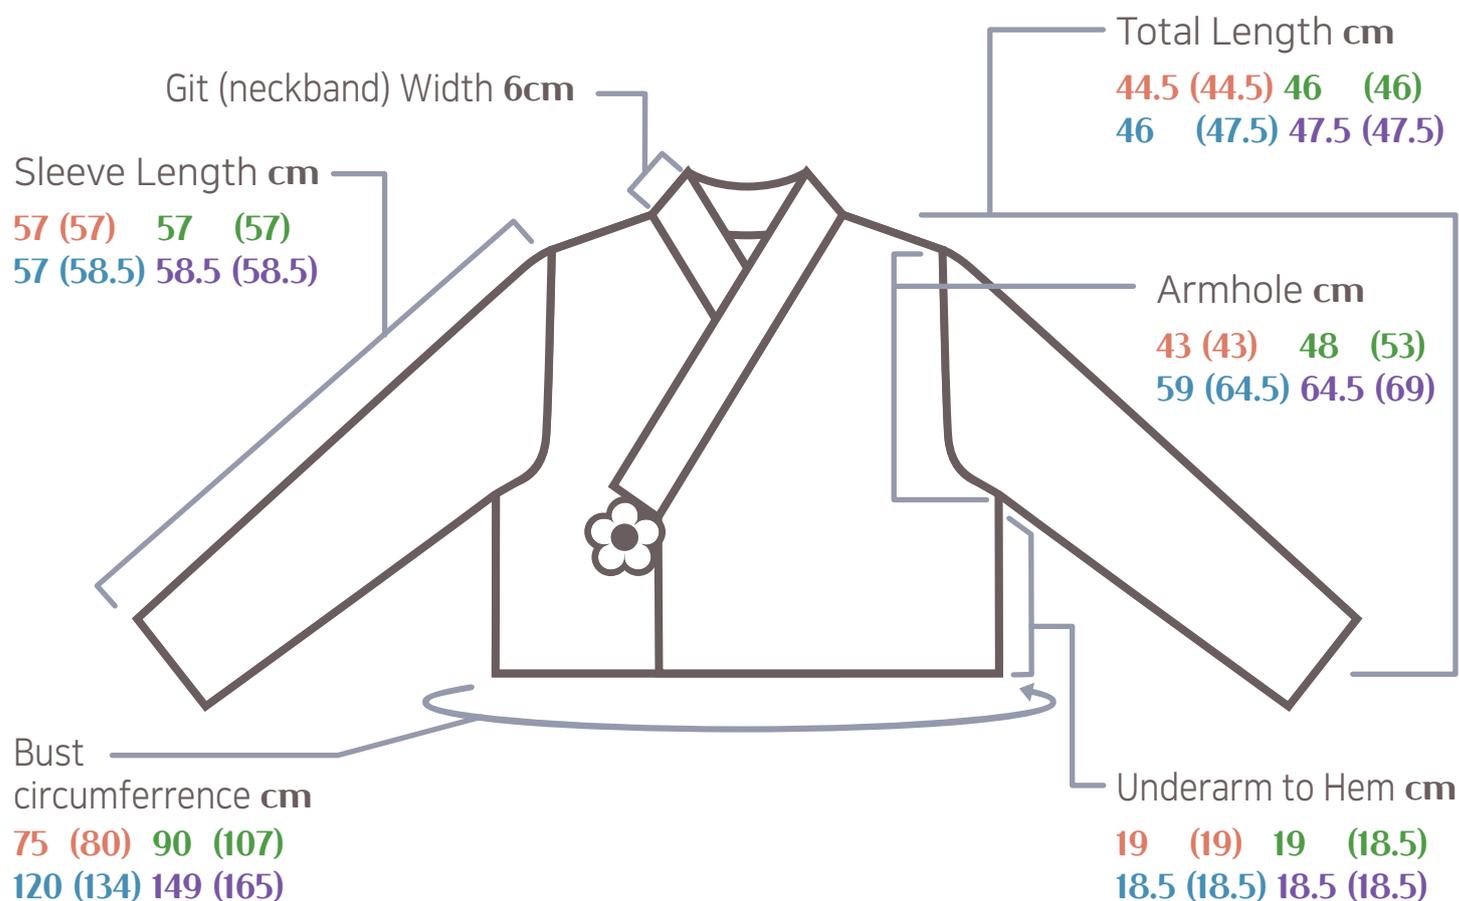

bind off

Sizes & Measurements

Size

	Bust Circumference	Length	Yarn Amount
XS	75 cm 162 sts	44.5 cm 116 rows	+ - 437 g 1180 m
S	80 cm 176 sts	44.5 cm 116 rows	+ - 458 g 1240 m
M	90 cm 200 sts	46 cm 120 rows	+ - 500 g 1350 m
L	107 cm 236 sts	46 cm 120 rows	+ - 562 g 1520 m

2XL	134 cm 294 sts	47.5 cm 124 rows	+ - 686 g 1860 m
3XL	149 cm 328 sts	47.5 cm 124 rows	+ - 755 g 2040 m
4XL	165 cm 364 sts	47.5 cm 124 rows	+ - 817 g 2210 m

Finished Measurement XS (S) M (L) XL (2XL) 3XL (4XL)

Notes

Bright, cheerful Daisies are blooming on a Korean traditional garment, Jeogori.

The Jeogori is worked from the top down, with double knitting technique and Intarsia color work.

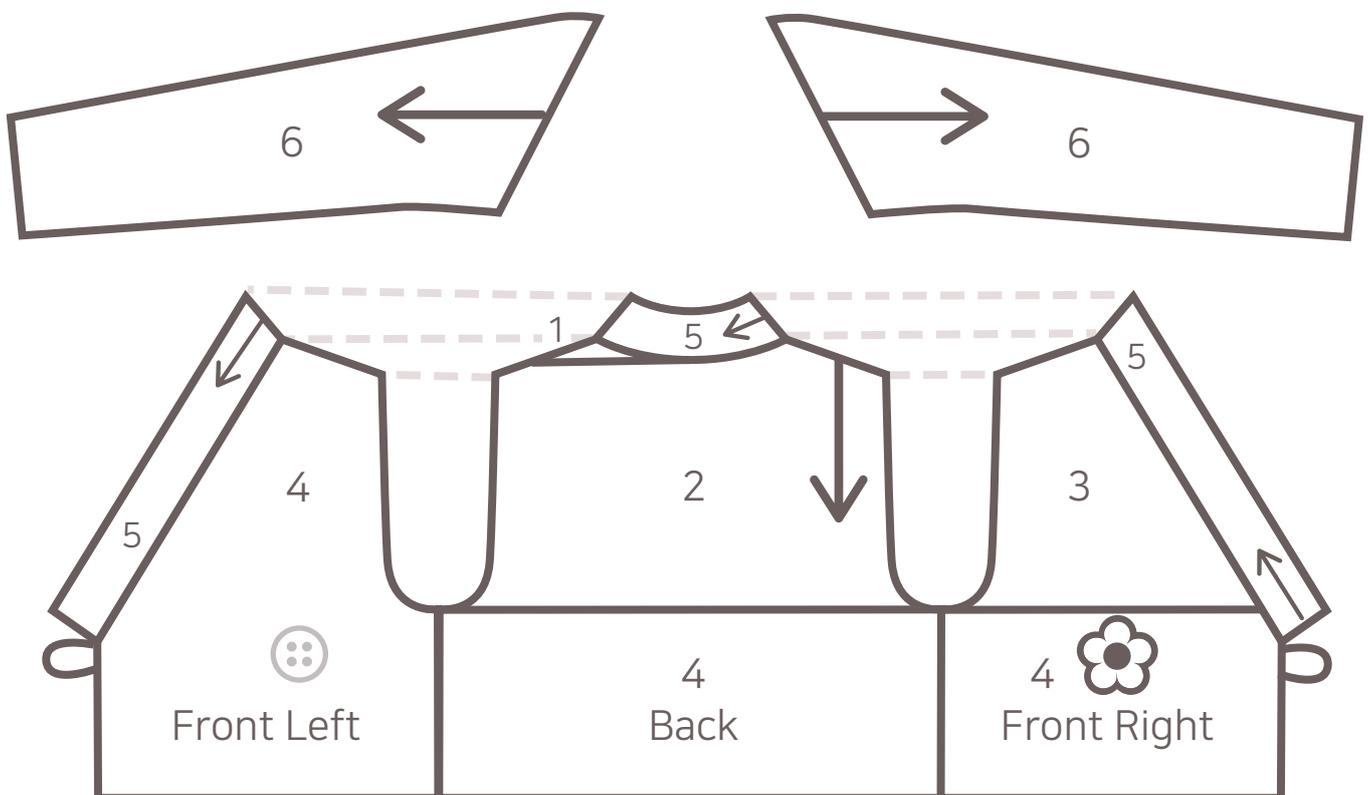

Blooming Daisy Jeogori is designed to be worn with slight positive ease rather than with over sized fit. Nicely set sleeves would give you flattering look.

Enjoy lovely daisies blooming one by one on the tip of your needles.

Construction

Follow the numbers from 1 to 6 as they show the sequence of working. Parts with same number are worked at the same time.

Work 1~6 from top down and work 5 and the hems of sleeves and body with double knitting technique.

Double Knitting For Git and Dongjeong

In Hanbok, the neckband is called Git. And the characteristic white trim around the neckband is called Dongjeong. A neckband worked in double knitting technique has a smoother line than one knitted flat and sewed.

With double knitting technique, you can create two layers of fabric at the same time. The stitches for both sides are placed alternately on one needle. When you're knitting on the right side, from right to left, the stitches with odd numbers are knitted while the stitches with even numbers are slipped. When you're knitting on the wrong side, from left to right of the fabric, the stitches with even numbers are knitted and this time the stitches with odd numbers are slipped.

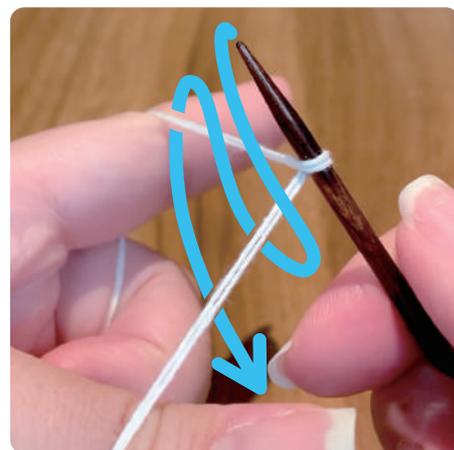

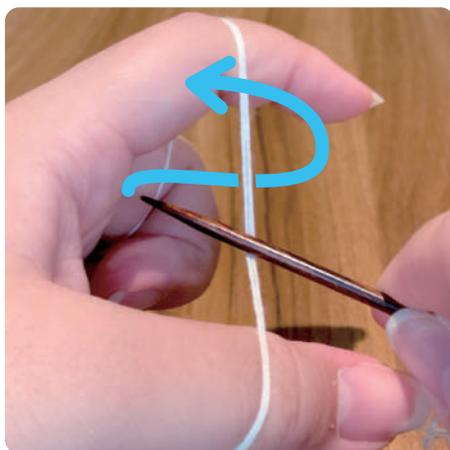

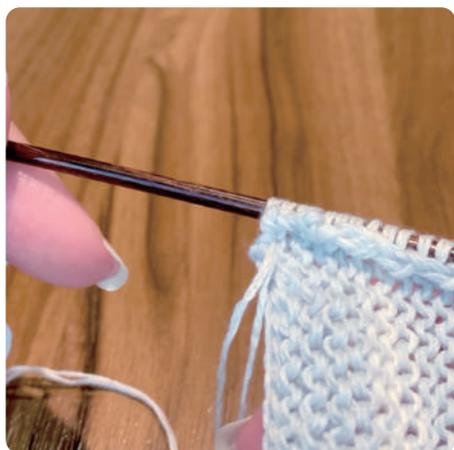

The finished fabric looks like it is knitted in the round. Stitches are picked up along the neckline. Then you cut the yarn and work on the neckband with a new thread of yarn.

Colorwork is needed for Dongjeong. To prevent a gap between two colors, don't forget to cross the two working arms when you change the colors on the right side.

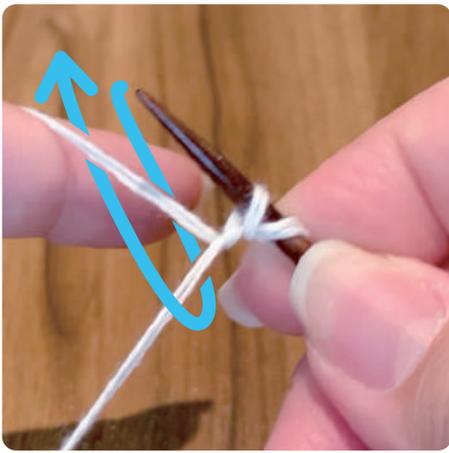

Casting on

First, you need to pick up stitches along the neckline. The number of stitches depends on each size. Pick up stitches one by one from the back but from the row edges of both left and right front you skip one row on every five rows. Break yarn and keep the picked up stitches rest on the needle. Place stitch markers on the 27th stitches from both ends to mark the beginning and the end of Dongjeong.

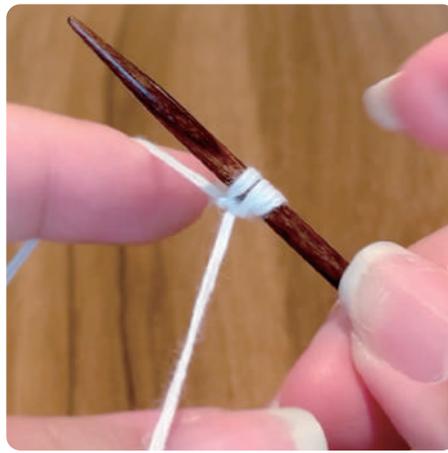

Place the garment with right side facing you and cast on 27 stitches with a new strand of yarn.

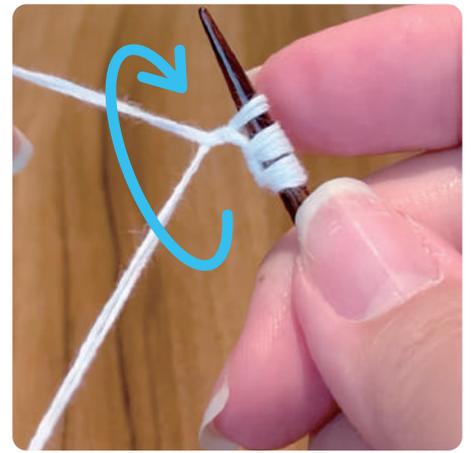

1. Flip the piece to face the wrong side. Slide picked up stitches aside to make some space on the needle. Now you're going to cast on in tubular cast on method.
2. Grasp the yarn with your thumb and your index finger under the working yarn. Put the needle on the yarn and twist it around to make the first stitch.
3. Weave the needle around the yarn as shown in the picture to make a knit stitch.

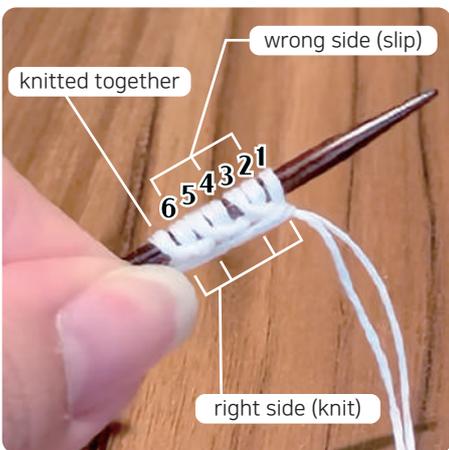

4. Weave the needle around the yarn as shown in the picture to make a purl stitch

5. Repeat step 3 and 4 to make alternating knit and purl stitches until you have 27 stitches.

6. Twist the tail around the working yarn not to be unraveled.

7. Holding tail yarn together with the needle, flip the piece. Now the point of the needle is on your right.

In the picture, odd numbers are knitted on the right side and even numbers are knitted on the wrong side. The stitch on the far left is knitted together with the stitch picked from the garment.

(7 stitches are made in the image. Repeat until you have 27 stitches.)

Right side

1. Holding the tail yarn carefully not to be unraveled, knit the first stitch.

2. Bring the yarn in front as you purl.

3. Slip 1 stitch to the right hand needle.

4. Repeat step 1 – 3 until you have one cast-on stitch left. Slip the last stitch with yarn in back and knit the stitch picked from the garment.

5. Pick up the slipped stitch with left hand needle and pass it over the stitch you just knitted.

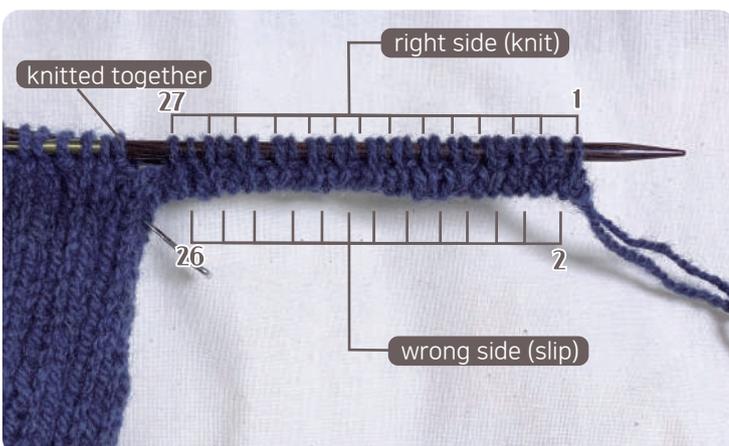

Wrong side

1. Turn the piece inside out to work on wrong side. Slip the first stitch and knit only even numbered stitches.

2. Slip the last stitch to right hand needle. Now you have knit stitches on both sides. This is counted as one row.

Work on double knitting to row 27 and start working on Dongjeong from row 28.

Colorwork for Dongjeong

Work on double knitting for the right side of row 27 and 18 stitches on the wrong side. Leave the yarn on rest and work 9 stitches with a new strand of (white) yarn for Dongjeong. On the right side of row 28, work 9 stitches. Then twist the two working yarns (one for Dongjeong, one for Git) and work 18 stitches. (See the images below.)

(The number of stitches in the images is not the same with the pattern. Please use them just as tutorial.)

1. On the right side of row 28, work 9 stitches with white yarn then cross two working yarns placing white yarn over blue yarn. (White yarn is for Dongjeong)
2. Pull the blue yarn for Git to the front.
3. Move one stitch on the left hand needle to the right hand needle and knit one stitch. Keep on double knitting with 18 stitches on the right side then 18 stitches on the wrong side too.

4. On the wrong side, work on colorwork for 9 stitches of Dongjeong without twisting the yarns.
5. You have 18 stitches for Git and 9 stitches for Dongjeong. Twist the yarns only on the right side not to separate the two parts. Keep on to the marker, which is the 27th stitch from the end of picked up stitches on the body.

On the next row, work Dongjeong only on the right side then cut the white yarn.

From the wrong side of the same row work on double knitting without colorwork.

Keep working on Git to the end of picked up stitches.

Double Knitting for Hems

Using double knitting technique, you can create two layers of fabric at the same time. The stitches for both right side and wrong side are placed alternately on one needle.

Unlike double knitting for Git, you don't need to make stitches for both sides because you already have stitches for right side. So you'll make stitches only for wrong side.

When you're knitting on the right side, the stitches with odd numbers are knitted and the ones with even numbers are slipped. And vice versa for the wrong side. Bringing the yarn back and front is same with double knitting for Git. (See the images on p.6~p.7)

You need to change the size of your needle from 4 mm to 3.5 mm to avoid loosening the tension.

< Right Side >

< Wrong Side >

1. The First Row On The Right Side - Round One

Repeat * knit 1, **yarn over** * until you have 1 stitch left then knit one stitch.

(You make stitches one less than original number of stitches.)

2. The First Row On The Wrong Side - Round Two

Repeat * slip 1, with yarn in front, **knit 1 through back loop** * until you have one stitch left.

Slip the last stitch.

Two rounds make one row.

Turn the garment. On the right side, knit the stitches with odd number and slip the stitches with even number. (Right Side)

For the wrong side, turn the garment then slip the stitches with odd number and knit the stitches with even number. (Wrong Side)

Remember to bring the yarn in front when you slip the stitches.

Work 6 rows, meaning 12 rounds, and work one more round for the right side.

Bind off with a tapestry needle using tubular bind off method.

Double Knitting In The Round For Sleeves

You can create double knit hem for sleeve edge too. This time the sleeve is worked in the round so you're always facing the right side, with odd numbered stitches for the right side and even numbered stitches for the wrong side.

To begin with, knit one round making one stitch by **yarn over** next to each stitch. Now you have original stitches for the right side and new stitches for the wrong side. On the next round, for the wrong side, work the **yarn over** purling it through back loop.

You work only one side at a time, meaning that for one round you only knit the stitches for the right side then for the next round you only purl the stitches for the wrong side.

These two rounds make one row. (see the images below)

Because of the thickness of the garment, the right side should have one more stitch and one more round than the wrong side to make smooth edge.

You need to down the size of your needle from 4 mm to 3.5 mm to avoid loosening the tension.

Double Knitting For The Right Side

1. Place a marker at the beginning of the round

2. Knit the first stitch. Bring the yarn to the front and slip the purl stitch.

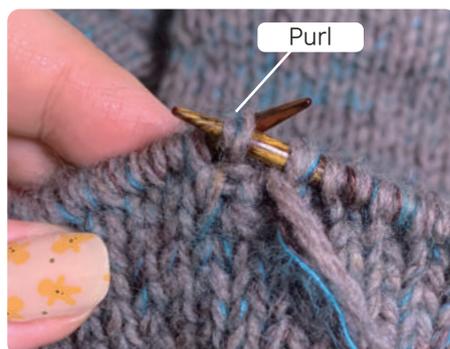

3. Bring the yarn to the back and repeat 2 and 3.

Double Knitting For The Wrong Side

1. Bring the yarn to the back and slip the knit stitch.

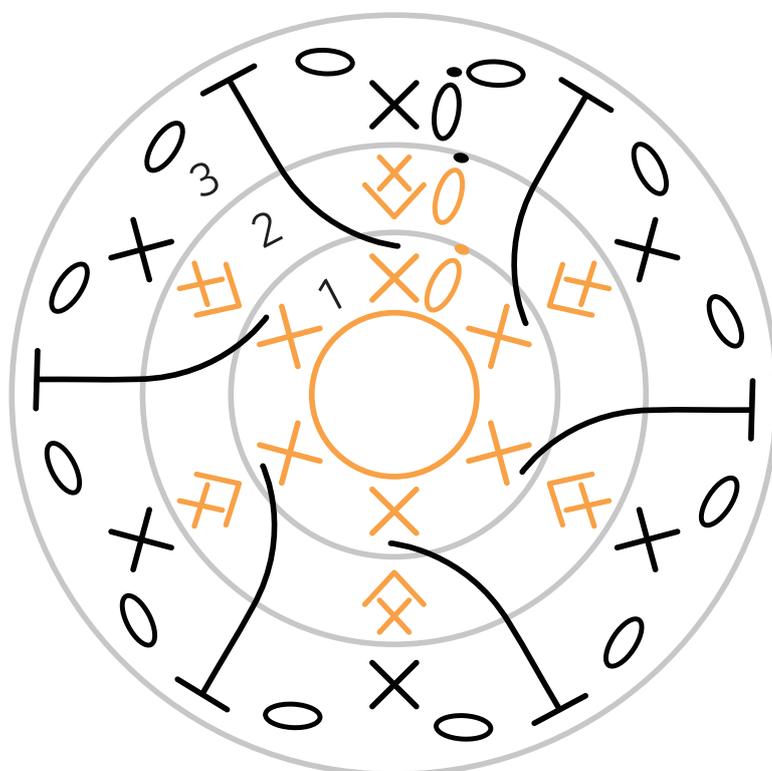

2. Bring the yarn to the front and purl the purl stitch.

3. Bring the yarn to the back and repeat 1 and 2.

Flower Button

Using leftover yarn, you work a flower motif with a crochet hook to make a button.

ch (chain stitch)

sc (single crochet)

7dc clu
(7 double crochet cluster stitch)

2sc in 1st
(2 single crochet in 1 stitch)

sl st (slip stitch)

1. With contrast color 2, create a magic ring to start. Work 6 single crochet stitch into the ring.
2. On the next row, work 2 single crochet in 1 stitch for six times. Now you have 12 stitches. Work slip stitch with contrast color 1 to change color.
3. With contrast color 1, work 1 chain stitch and 1 single crochet stitch. Then work 7 double crochet cluster stitch into row 1.
4. Repeat 5 more times of 1 chain, 1 single crochet and 7 double crochet cluster stitch. Now you have 6 clusters which would be flower petals.
5. Push the chain around petals backward and arrange the petals to look tidy. Weave in yarn ends.

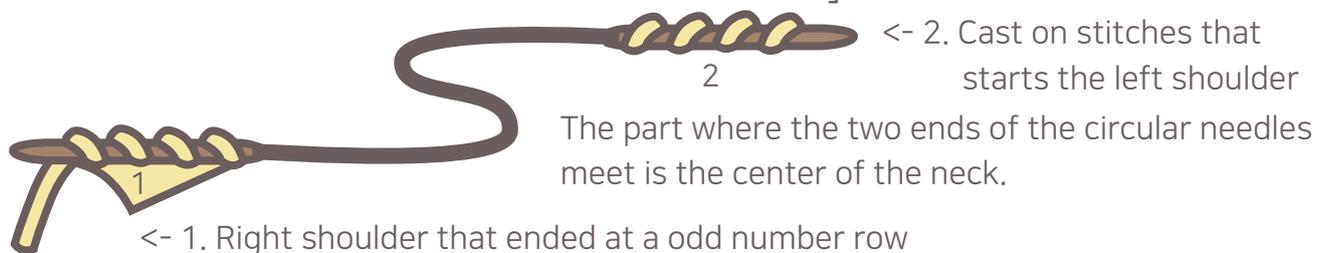

Size XS

Work step by step in the same order as shown in the image with numbers on p.4.
You can find detailed instruction with pictures.

Back

1. Cast on 20 stitches for right shoulder and follow the chart working on short rows and stitch pattern at the same time.
Work row 7 (from right to left) then break yarn to rest. (22 stitches)

[How to Knit the Shoulder with 1 Circular Needle]

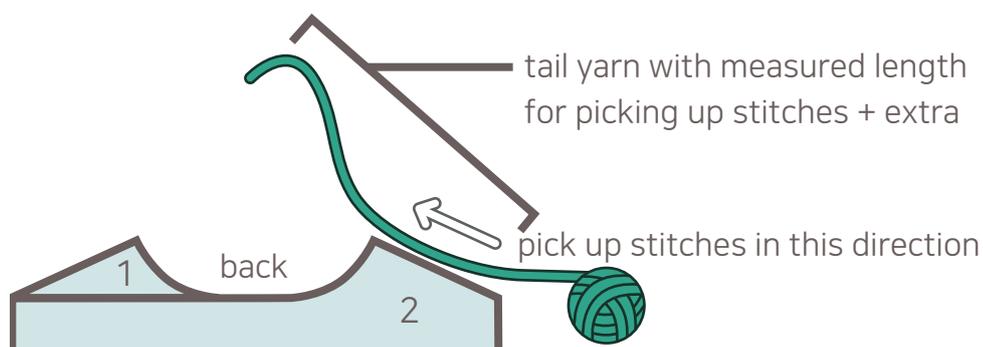

2. With 22 stitches for right shoulder resting on the needle, cast on 20 stitches on the other end of the same needle for left shoulder.
Follow the chart until row 7. Working row 8 (from left to right), cast on 28 stitches using backward loop method. (50 stitches)

After casting on 28 stitches, continue working on the right shoulder to join the pieces.
(72 stitches on your needle)

Work in flat for the back until row 66 then break yarn to rest. (78 stitches)

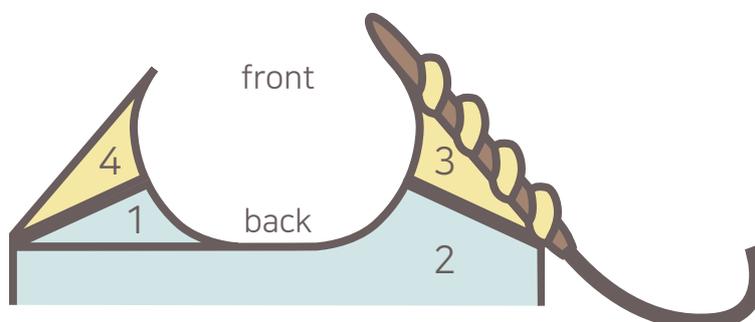

Front

[Picking Up Stitches]

First, you need to measure out the length of yarn for picking up stitches.
Then add some extra length. This makes your tail yarn. Now put the tail yarn on your left-hand

side and pick up stitches from right to left. When you've finished, the tip of your needle will be on your left-hand side. Pull your needle to the left so that the other end of it can point to your right-hand side. Now you work the first row from right to left.

[How to Pick up Stitches at the shoulder for the back]

3. Place the piece with the right side facing you and pick up 20 stitches from right shoulder (line 2 on the image).
Follow the chart to work until row 66 (from right to left) then break yarn to rest. (55 stitches)
4. With 55 stitches for right front shoulder resting on the needle, pick up 20 stitches from left shoulder (line 1) on the other side of the same needle. Follow the chart to work left front shoulder until row 66 (from right to left). (55 stitches)

Working Body In One Piece

5. Work row 67 then cast on 4 stitches in backward loop method. Continue working with 78 stitches resting for the back.
Cast on 4 stitches in backward loop method and work with stitches resting for right front. Now 3 parts are joined. Follow the chart working on increasing until row 70.
From row 71, you work on colorwork without increasing until row 110. Then change your needle size to 3.5mm and work double knitting for 6 1/2 rows (7 rounds on the right side, 6 rounds on the wrong side). Bind off in tubular bind off method with a tapestry needle.

Git and Dongjeong (See p.5, 6, 7, 8)

8. Pick up 157 stitches along the neckline and break yarn.
(57 stitches from right front, 43 stitches from back, 57 stitches from left front)
Place stitch markers on the 27th stitches from each end to mark the beginning and the end of Dongjeong.

Cast on 27 stitches in tubular cast on method and work 157 rows in double knitting technique, working on Dongjeong from marker to marker. Finish with Italian bind-off technique for 1x1 rib.

Sleeves

9. Starting from the bottom center of armhole pick up 94 stitches. This is counted as row 1.
(When picking up stitches, do it from left to right. Start knitting according to the chart from the right to left after the stitches are picked up.)
Row 2 begins from the wrong side, with purl stitch.

Follow the chart working wrap and turns (short rows). Work decrease on each turn for 9 times. Cast on 1 stitch at the end of row 44 and 45 with backwards loop cast-on technique. (These 2 new stitches on each side are for seam allowance.)

From row 45 to row 144, follow the chart to work decrease and colorwork at the same time.

10. On row 145 change the needle to size 3.5mm and work double knitting in the round for sleeve hem.
At first, working on row 145 from right to left, yarn over between stitches to make stitches for the wrong side. You don't make a stitch between the last and the first stitch. (50 stitches for the right side, 49 yarn over stitches for the wrong side)
Work only one round for the right side on row 7 then bind off in tubular bind off method with a tapestry needle.

Join the sleeve seam with a tapestry needle.

11. Work the other sleeve in the same way.

Flower Button

12. Make a flower button with a crochet hook. (see p.11)

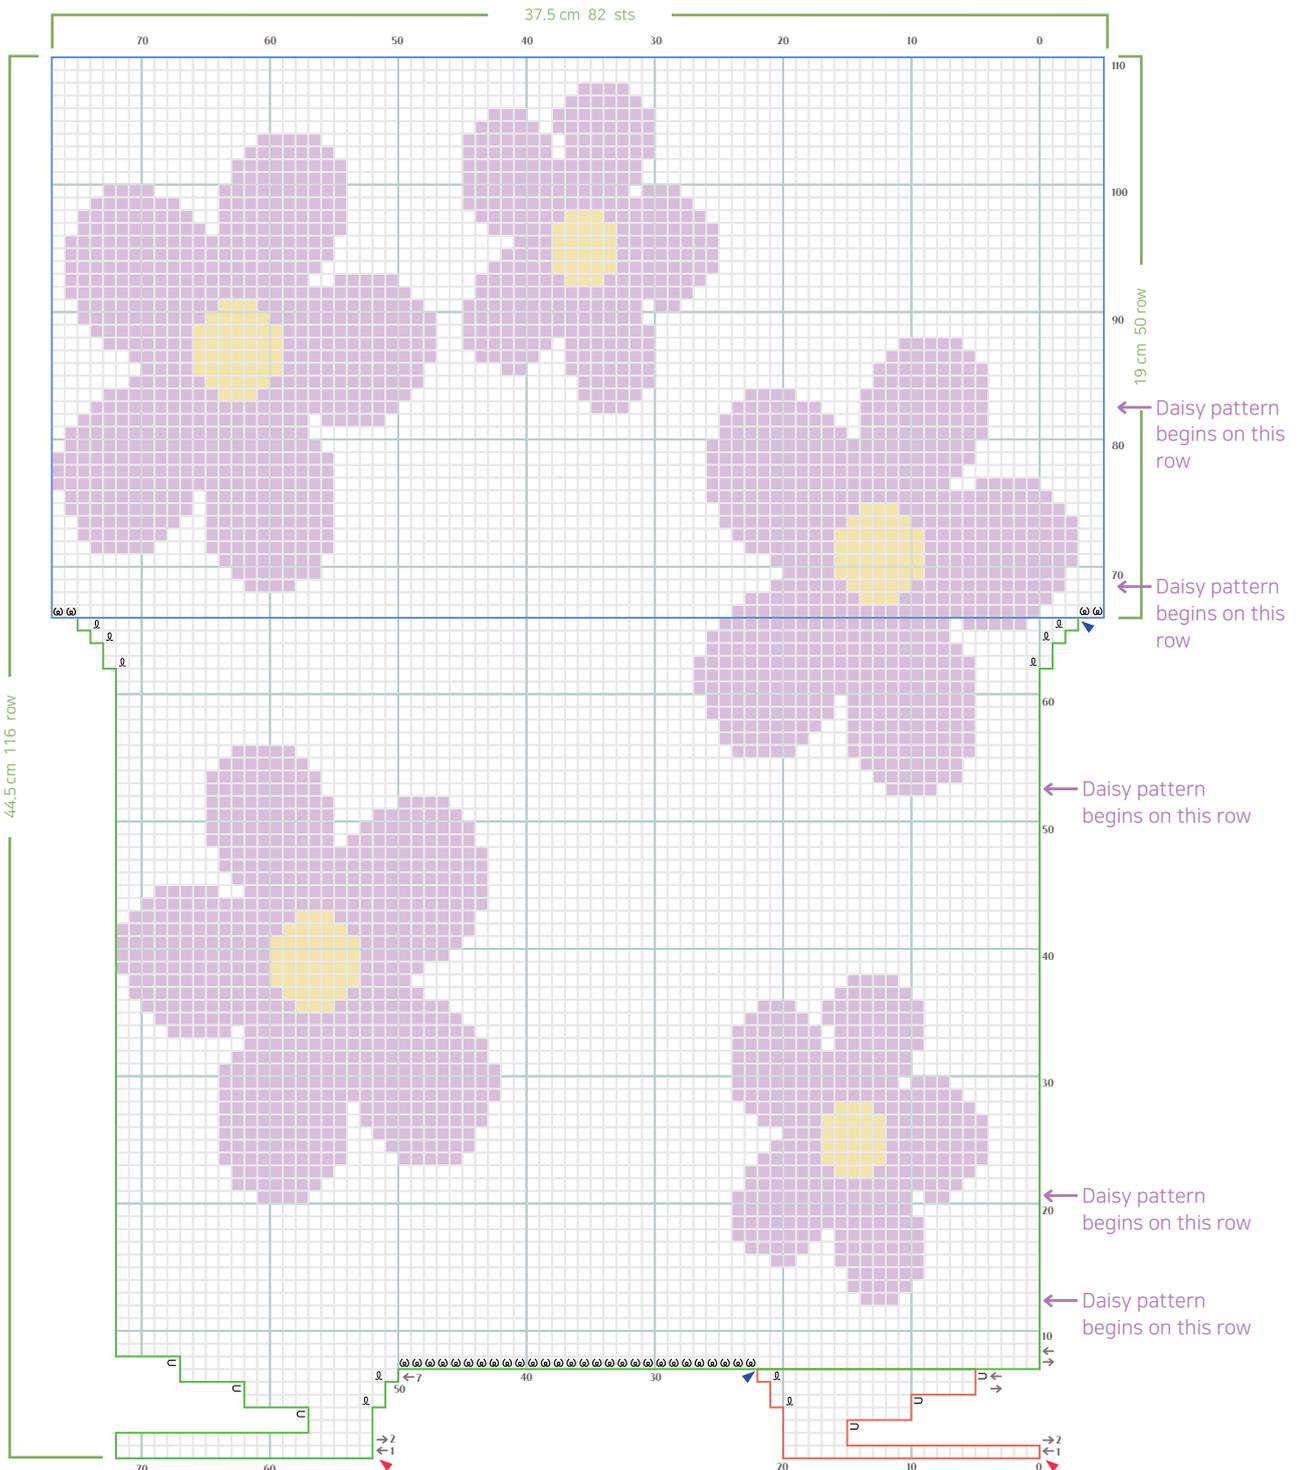

Button Loops

13. You make button loops on both edge, just under each ends of Git using a crochet hook. Join two strands of main color yarn and work chain stitches as long as to go around the button then slip stitch to make a loop. Break yarn and weave in ends.
Sew the flower button on upper front and a plain button on underlap to fasten the garment.

Size XS back

When working flat, keep in mind to work the chart in reverse for even rows on the wrong side.

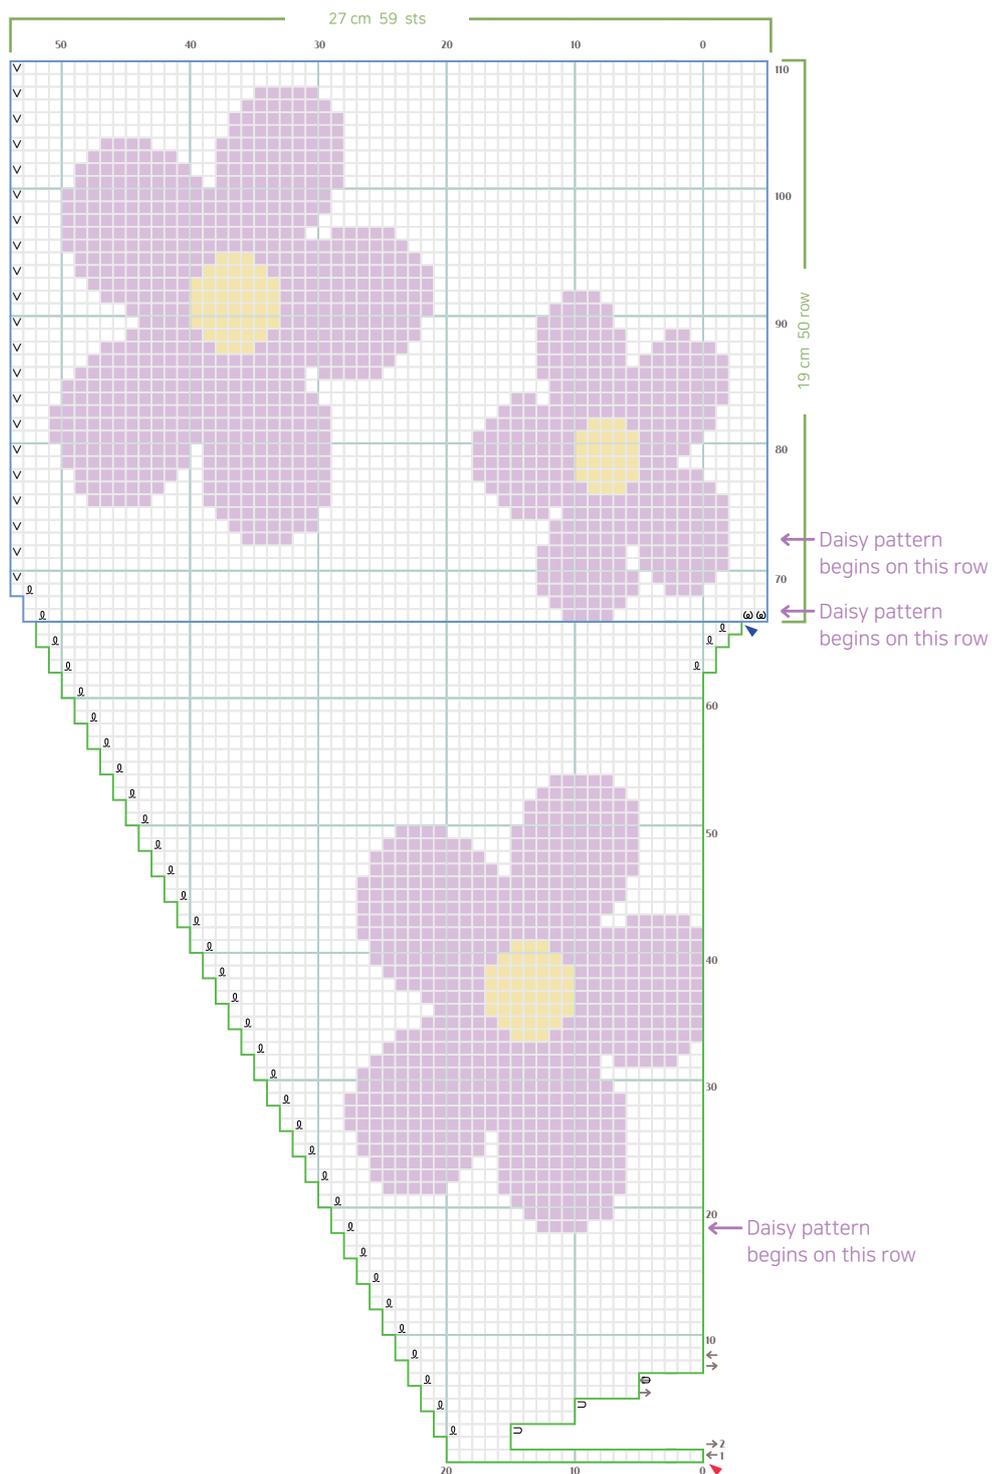

▼ = begin with a new strand of yarn
▼ = cut the yarn

Size XS front right

When working flat, keep in mind to work the chart in reverse for even rows on the wrong side.

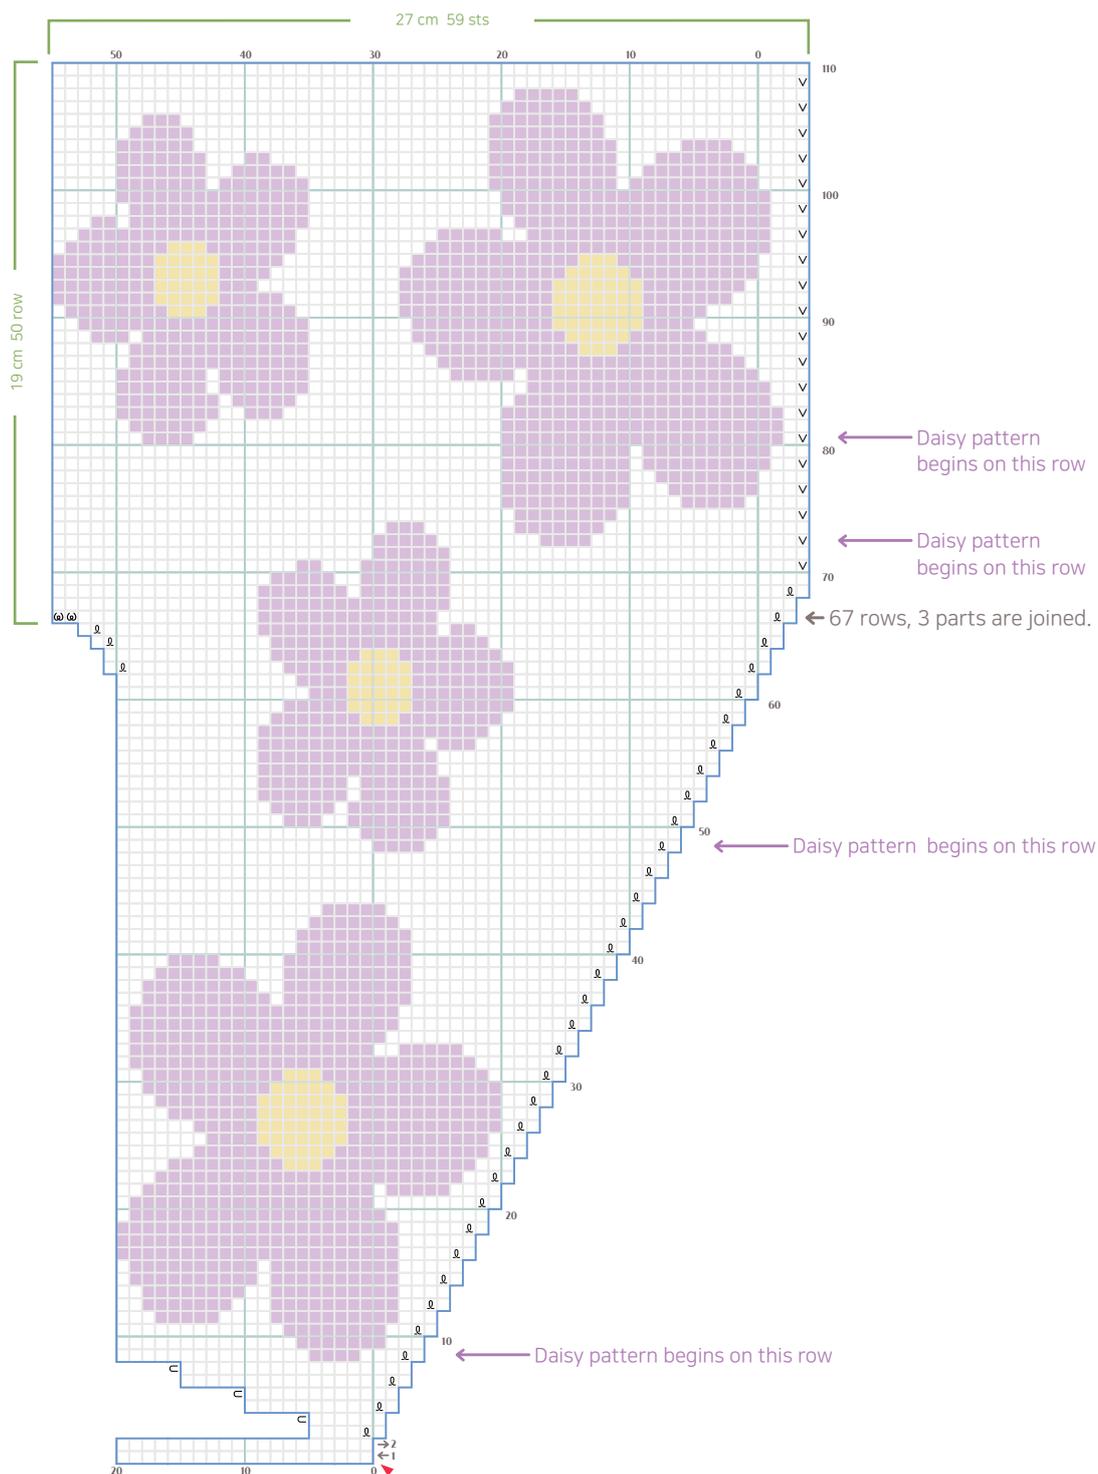

- ▲ = begin with a new strand of yarn

Size XS front left

When working flat, keep in mind to work the chart in reverse for even rows on the wrong side.

- ▶ = begin with a new strand of yarn
- ▶ = cut the yarn

Size XS sleeves

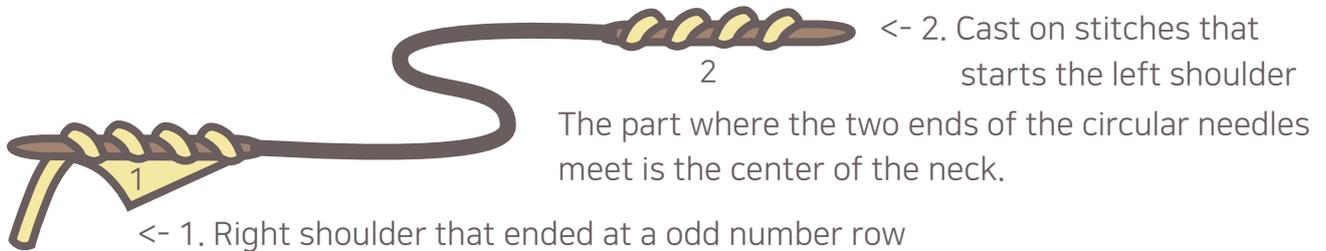

Size S

Work step by step in the same order as shown in the image with numbers on p.4.
You can find detailed instruction with pictures.

Back

1. Cast on 22 stitches for right shoulder and follow the chart working on short rows and stitch pattern at the same time.
Work row 7 (from right to left) then break yarn to rest. (24 stitches)

[How to Knit the Shoulder with 1 Circular Needle]

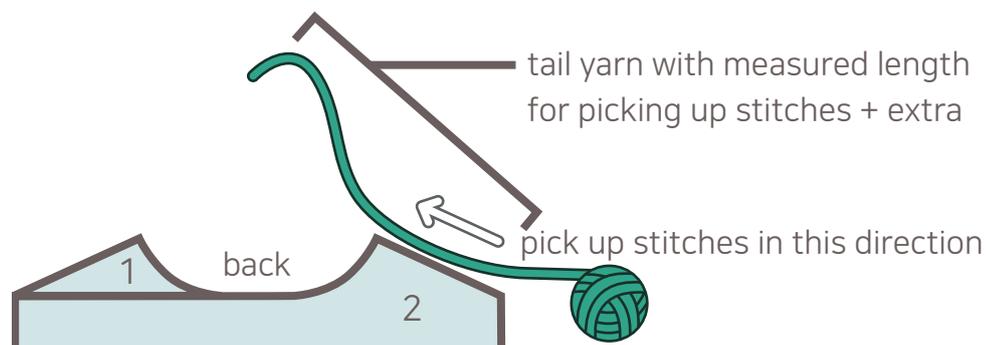

2. With 24 stitches for right shoulder resting on the needle, cast on 22 stitches on the other end of the same needle for left shoulder.
Follow the chart until row 7. Working row 8 (from left to right), cast on 30 stitches using back-ward loop method. (54 stitches)

After casting on 30 stitches, continue working on the right shoulder to join the pieces.
(78 stitches on your needle)

Work in flat for the back until row 66 then break yarn to rest. (84 stitches)

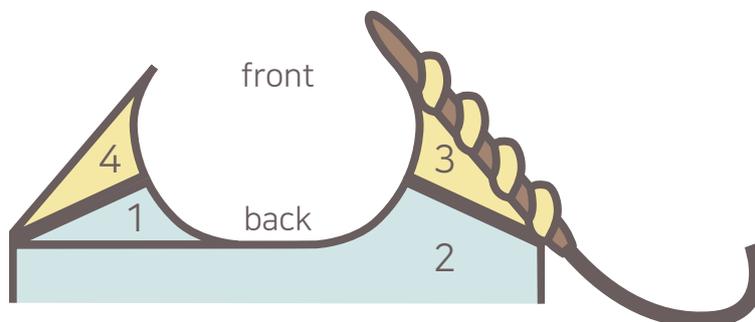

Front

[Picking Up Stitches]

First, you need to measure out the length of yarn for picking up stitches.
Then add some extra length. This makes your tail yarn. Now put the tail yarn on your left-hand

side and pick up stitches from right to left. When you've finished, the tip of your needle will be on your left-hand side. Pull your needle to the left so that the other end of it can point to your right-hand side. Now you work the first row from right to left.

[How to Pick up Stitches at the shoulder for the back]

3. Place the piece with the right side facing you and pick up 22 stitches from right shoulder (line 2 on the image).
Follow the chart to work until row 66 (from right to left) then break yarn to rest. (57 stitches)
4. With 57 stitches for right front shoulder resting on the needle, pick up 22 stitches from left shoulder (line 1) on the other side of the same needle. Follow the chart to work left front shoulder until row 66 (from right to left). (57 stitches)

Working Body In One Piece

5. Work row 67 then cast on 4 stitches in backward loop method. Continue working with 84 stitches resting for the back.
Cast on 4 stitches in backward loop method and work with stitches resting for right front. Now 3 parts are joined. Follow the chart working on increasing until row 70.
From row 71, you work on colorwork without increasing until row 110. Then change your needle size to 3.5mm and work double knitting for 6 1/2 rows (7 rounds on the right side, 6 rounds on the wrong side). Bind off in tubular bind off method with a tapestry needle.

Git and Dongjeong (See p.5, 6, 7, 8)

8. Pick up 159 stitches along the neckline and break yarn.
(57 stitches from right front, 45 stitches from back, 57 stitches from left front)
Place stitch markers on the 27th stitches from each end to mark the beginning and the end of Dongjeong.

Cast on 27 stitches in tubular cast on method and work 159 rows in double knitting technique, working on Dongjeong from marker to marker. Finish with Italian bind-off technique for 1x1 rib.

Sleeves

9. Starting from the bottom center of armhole pick up 94 stitches. This is counted as row 1.
(When picking up stitches, do it from left to right. Start knitting according to the chart from the right to left after the stitches are picked up.)
Row 2 begins from the wrong side, with purl stitch.

Follow the chart working wrap and turns (short rows). Work decrease on each turn for 9 times. Cast on 1 stitch at the end of row 44 and 45 with backwards loop cast-on technique. (These 2 new stitches on each side are for seam allowance.)
From row 45 to row 144, follow the chart to work decrease and colorwork at the same time.

10. On row 145 change the needle to size 3.5mm and work double knitting in the round for sleeve hem.
At first, working on row 145 from right to left, yarn over between stitches to make stitches for the wrong side. You don't make a stitch between the last and the first stitch. (50 stitches for the right side, 49 yarn over stitches for the wrong side)
Work only one round for the right side on row 7 then bind off in tubular bind off method with a tapestry needle.

Join the sleeve seam with a tapestry needle.

11. Work the other sleeve in the same way.

Flower Button

12. Make a flower button with a crochet hook. (see p.11)

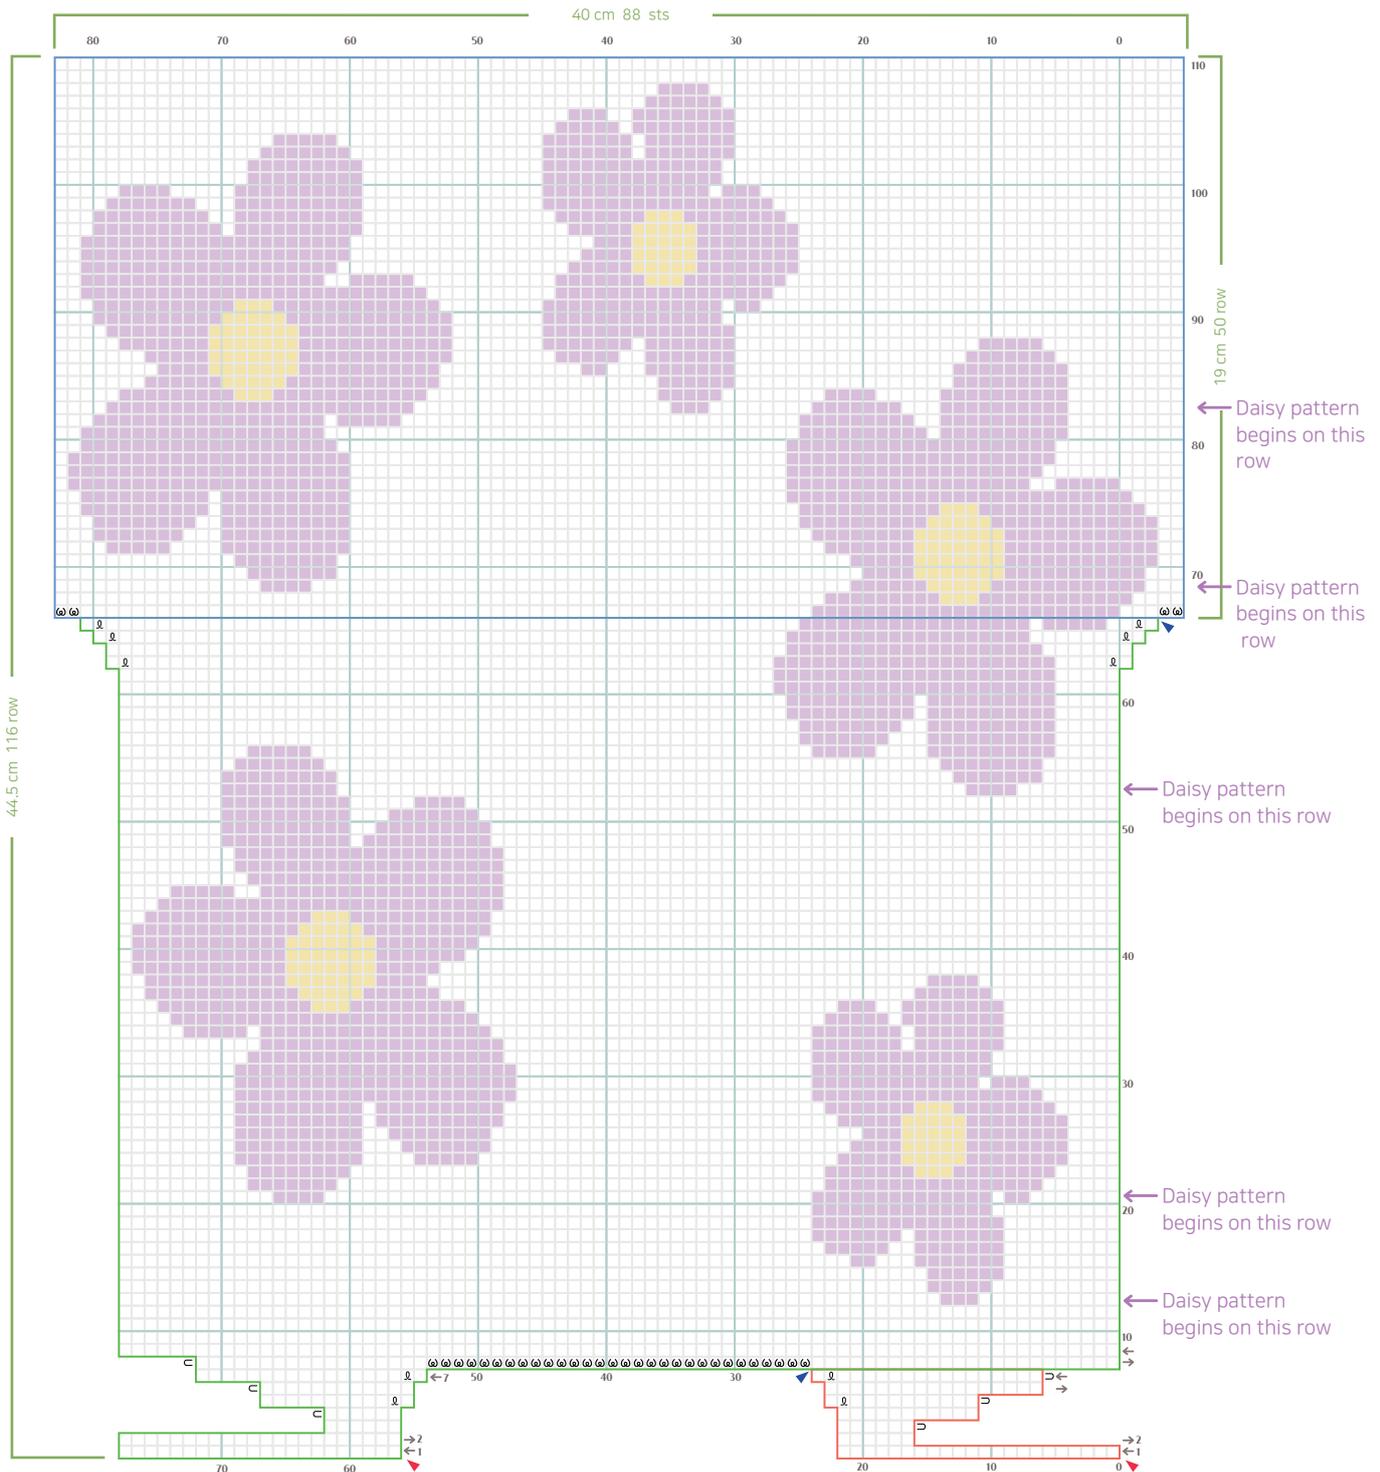

Button Loops

13. You make button loops on both edge, just under each ends of Git using a crochet hook. Join two strands of main color yarn and work chain stitches as long as to go around the button then slip stitch to make a loop. Break yarn and weave in ends.
Sew the flower button on upper front and a plain button on underlap to fasten the garment.

You can find detailed instruction with pictures.

Back

1. Cast on 24 stitches for right shoulder and follow the chart working on short rows and stitch pattern at the same time.

Work row 7 (from right to left) then break yarn to rest. (26 stitches)

[How to Knit the Shoulder with 1 Circular Needle]

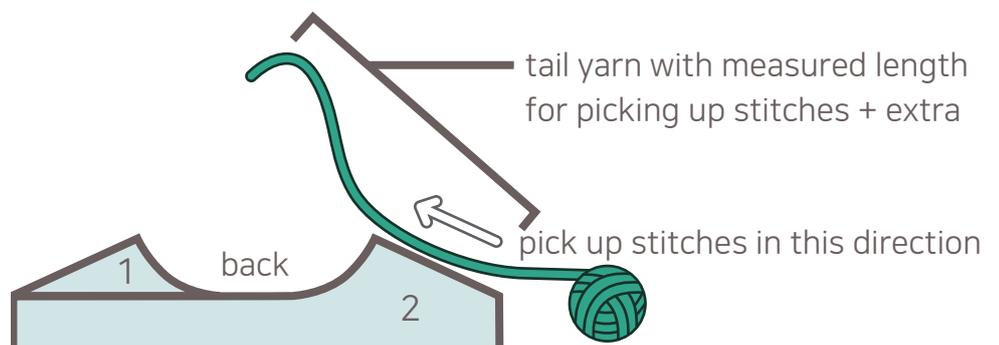

2. With 26 stitches for right shoulder resting on the needle, cast on 24 stitches on the other end of the same needle for left shoulder.

Follow the chart until row 7. Working row 8 (from left to right), cast on 32 stitches using backward loop method. (58 stitches)

After casting on 32 stitches, continue working on the right shoulder to join the pieces. (84 stitches on your needle)

Work in flat for the back until row 70 then break yarn to rest. (92 stitches)

Front

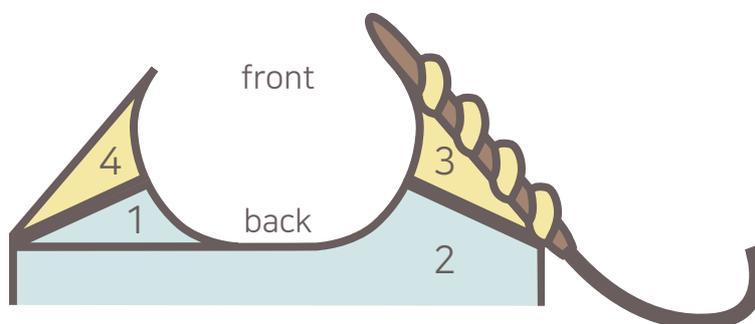

[Picking Up Stitches]

First, you need to measure out the length of yarn for picking up stitches.

Then add some extra length. This makes your tail yarn. Now put the tail yarn on your left-hand

side and pick up stitches from right to left. When you've finished, the tip of your needle will be on your left-hand side. Pull your needle to the left so that the other end of it can point to your right-hand side. Now you work the first row from right to left.

[How to Pick up Stitches at the shoulder for the back]

3. Place the piece with the right side facing you and pick up 24 stitches from right shoulder (line 2 on the image).
Follow the chart to work until row 70 (from right to left) then break yarn to rest. (62 stitches)
4. With 62 stitches for right front shoulder resting on the needle, pick up 24 stitches from left shoulder (line 1) on the other side of the same needle. Follow the chart to work left front shoulder until row 70 (from right to left). (62 stitches)

Working Body In One Piece

5. Work row 71 then cast on 8 stitches in backward loop method. Continue working with 92 stitches resting for the back.
Cast on 8 stitches in backward loop method and work with stitches resting for right front. Now 3 parts are joined. Follow the chart working on increasing until row 78.
From row 79, you work on colorwork without increasing until row 114. Then change your needle size to 3.5mm and work double knitting for 6 1/2 rows (7 rounds on the right side, 6 rounds on the wrong side). Bind off in tubular bind off method with a tapestry needle.

Git and Dongjeong (See p.5, 6, 7, 8)

8. Pick up 175 stitches along the neckline and break yarn.
(64 stitches from right front, 47 stitches from back, 64 stitches from left front)
Place stitch markers on the 27th stitches from each end to mark the beginning and the end of Dongjeong.

Cast on 27 stitches in tubular cast on method and work 175 rows in double knitting technique, working on Dongjeong from marker to marker. Finish with Italian bind-off technique for 1x1 rib.

Sleeves

9. Starting from the bottom center of armhole pick up 105 stitches. This is counted as row 1.
(When picking up stitches, do it from left to right. Start knitting according to the chart from the right to left after the stitches are picked up.)
Row 2 begins from the wrong side, with purl stitch.

Follow the chart working wrap and turns (short rows). Work decrease on each turn for 13 times. Cast on 1 stitch at the end of row 44 and 45 with backwards loop cast-on technique. (These 2 new stitches on each side are for seam allowance.)

From row 45 to row 144, follow the chart to work decrease and colorwork at the same time.

10. On row 145 change the needle to size 3.5mm and work double knitting in the round for sleeve hem.
At first, working on row 145 from right to left, yarn over between stitches to make stitches for the wrong side. You don't make a stitch between the last and the first stitch. (51 stitches for the right side, 50 yarn over stitches for the wrong side)
Work only one round for the right side on row 7 then bind off in tubular bind off method with a tapestry needle.
Join the sleeve seam with a tapestry needle.

11. Work the other sleeve in the same way.

Flower Button

12. Make a flower button with a crochet hook. (see p.11)

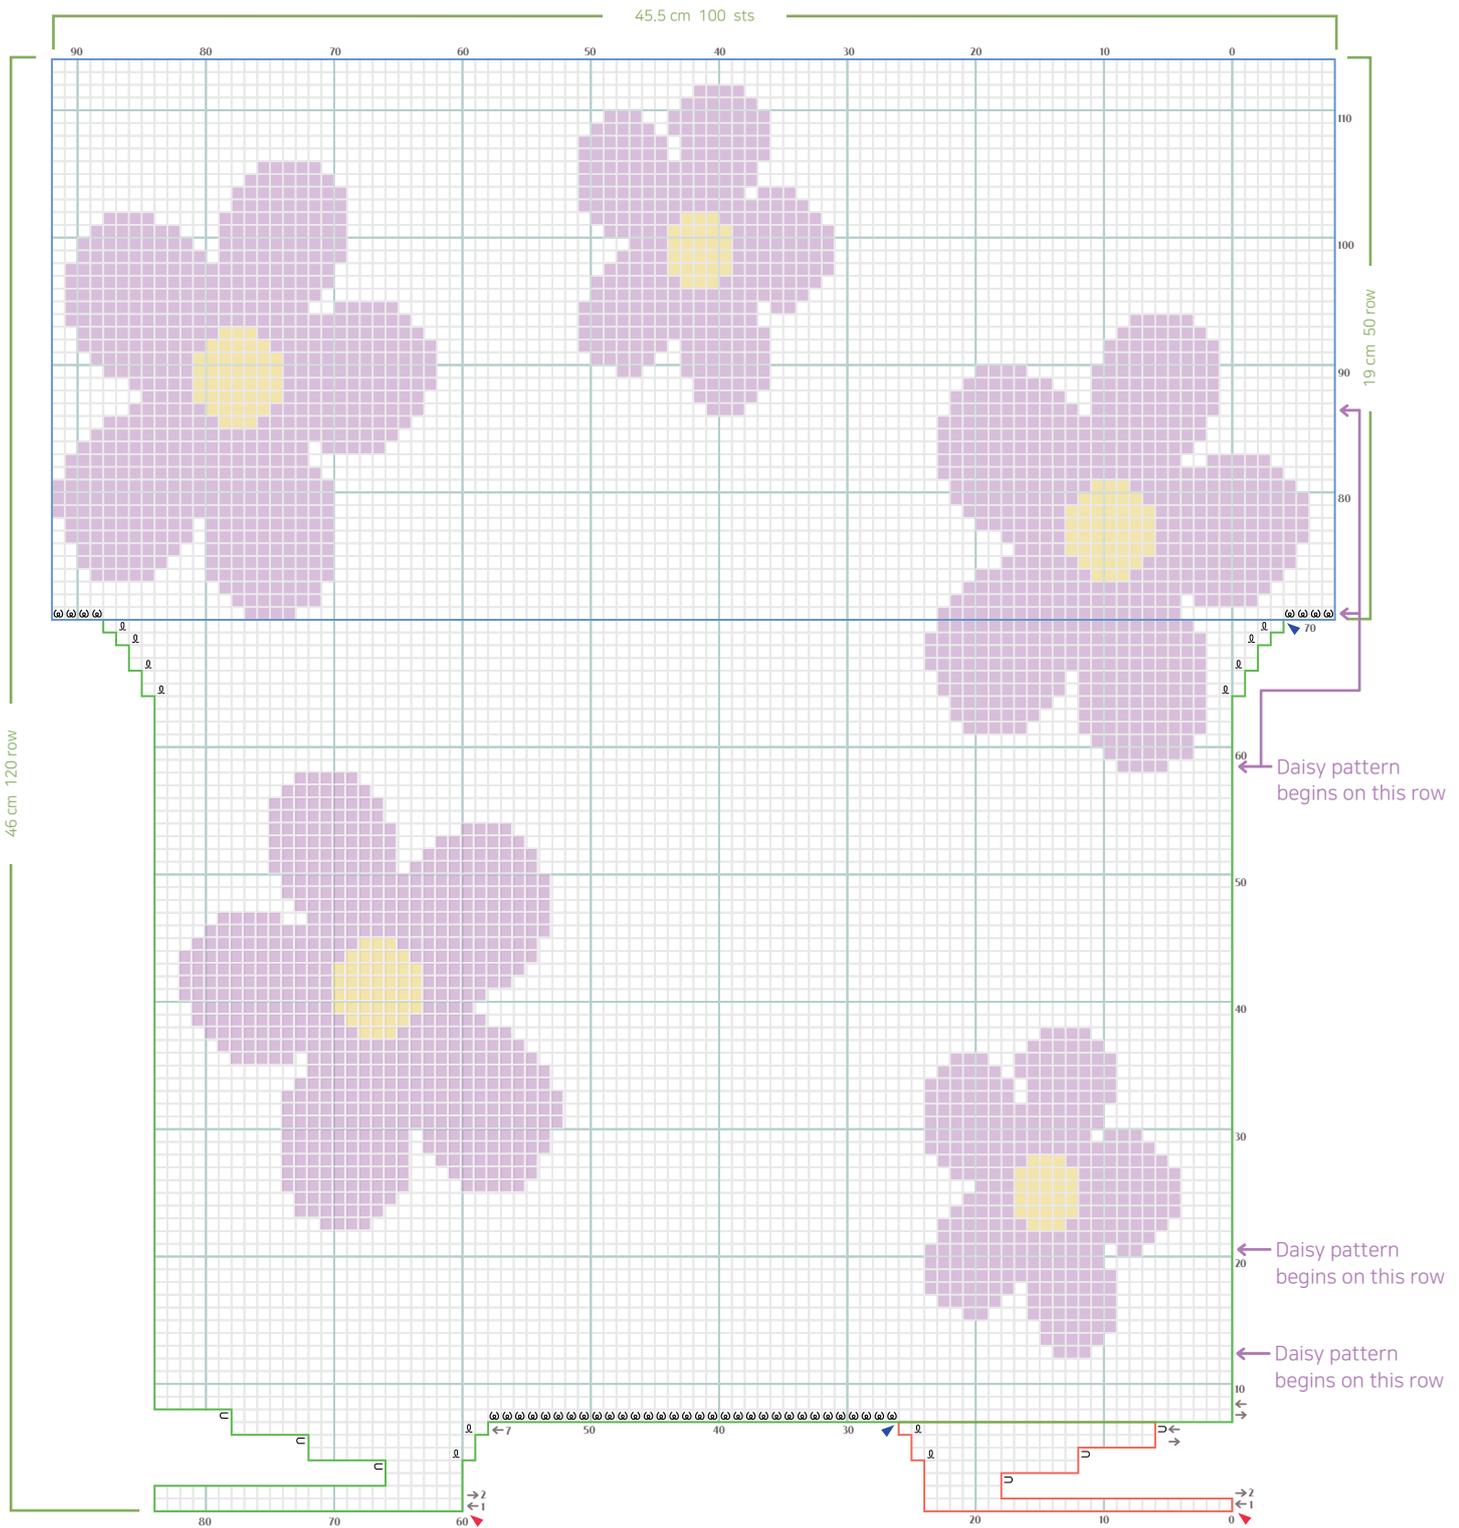

Button Loops

13. You make button loops on both edge, just under each ends of Git using a crochet hook. Join two strands of main color yarn and work chain stitches as long as to go around the button then slip stitch to make a loop. Break yarn and weave in ends.
Sew the flower button on upper front and a plain button on underlap to fasten the garment.

Back

1. Cast on 26 stitches for right shoulder and follow the chart working on short rows and stitch pattern at the same time.
Work row 7 (from right to left) then break yarn to rest. (28 stitches)

[How to Knit the Shoulder with 1 Circular Needle]

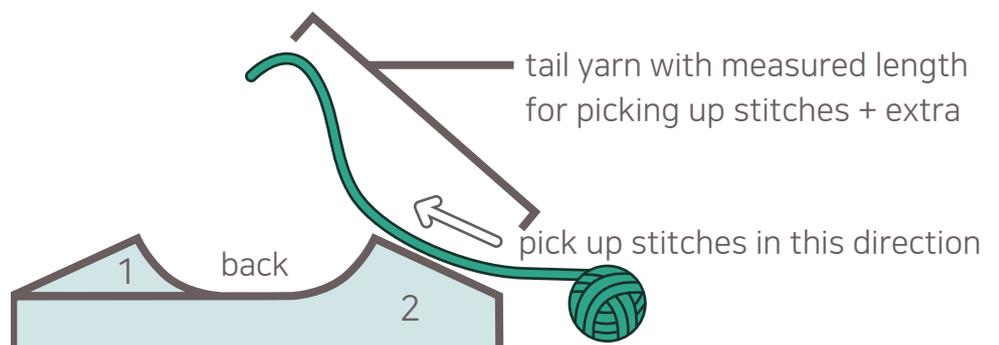

2. With 28 stitches for right shoulder resting on the needle, cast on 26 stitches on the other end of the same needle for left shoulder.
Follow the chart until row 7. Working row 8 (from left to right), cast on 38 stitches using backward loop method. (66 stitches)

After casting on 38 stitches, continue working on the right shoulder to join the pieces.
(94 stitches on your needle)

Work in flat for the back until row 72 then break yarn to rest. (102 stitches)

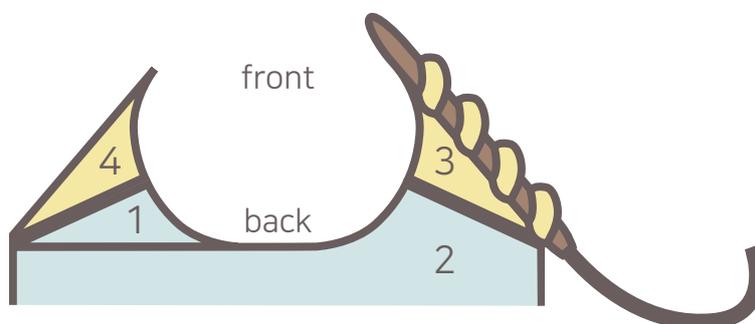

Front

[Picking Up Stitches]

First, you need to measure out the length of yarn for picking up stitches.
Then add some extra length. This makes your tail yarn. Now put the tail yarn on your left-hand

side and pick up stitches from right to left. When you've finished, the tip of your needle will be on your left-hand side. Pull your needle to the left so that the other end of it can point to your right-hand side. Now you work the first row from right to left.

[How to Pick up Stitches at the shoulder for the back]

3. Place the piece with the right side facing you and pick up 26 stitches from right shoulder (line 2 on the image).
Follow the chart to work until row 72 (from right to left) then break yarn to rest. (65 stitches)
4. With 65 stitches for right front shoulder resting on the needle, pick up 26 stitches from left shoulder (line 1) on the other side of the same needle. Follow the chart to work left front shoulder until row 72 (from right to left). (65 stitches)

Working Body In One Piece

5. Work row 73 then cast on 16 stitches in backward loop method. Continue working with 102 stitches resting for the back.
Cast on 16 stitches in backward loop method and work with stitches resting for right front. Now 3 parts are joined. Follow the chart working on increasing until row 84.
From row 85, you work on colorwork without increasing until row 114. Then change your needle size to 3.5mm and work double knitting for 6 1/2 rows (7 rounds on the right side, 6 rounds on the wrong side). Bind off in tubular bind off method with a tapestry needle.

Git and Dongjeong (See p.5, 6, 7, 8)

8. Pick up 191 stitches along the neckline and break yarn.
(69 stitches from right front, 53 stitches from back, 69 stitches from left front)
Place stitch markers on the 27th stitches from each end to mark the beginning and the end of Dongjeong.

Cast on 27 stitches in tubular cast on method and work 191 rows in double knitting technique, working on Dongjeong from marker to marker. Finish with Italian bind-off technique for 1x1 rib.

Sleeves

9. Starting from the bottom center of armhole pick up 116 stitches. This is counted as row 1.
(When picking up stitches, do it from left to right. Start knitting according to the chart from the right to left after the stitches are picked up.)
Row 2 begins from the wrong side, with purl stitch.

Follow the chart working wrap and turns (short rows). Work decrease on each turn for 15 times. Cast on 1 stitch at the end of row 44 and 45 with backwards loop cast-on technique. (These 2 new stitches on each side are for seam allowance.)

From row 45 to row 144, follow the chart to work decrease and colorwork at the same time.

10. On row 145 change the needle to size 3.5mm and work double knitting in the round for sleeve hem.
At first, working on row 145 from right to left, yarn over between stitches to make stitches for the wrong side. You don't make a stitch between the last and the first stitch. (58 stitches for the right side, 57 yarn over stitches for the wrong side)
Work only one round for the right side on row 7 then bind off in tubular bind off method with a tapestry needle.

Join the sleeve seam with a tapestry needle.

11. Work the other sleeve in the same way.

Flower Button

12. Make a flower button with a crochet hook. (see p.11)

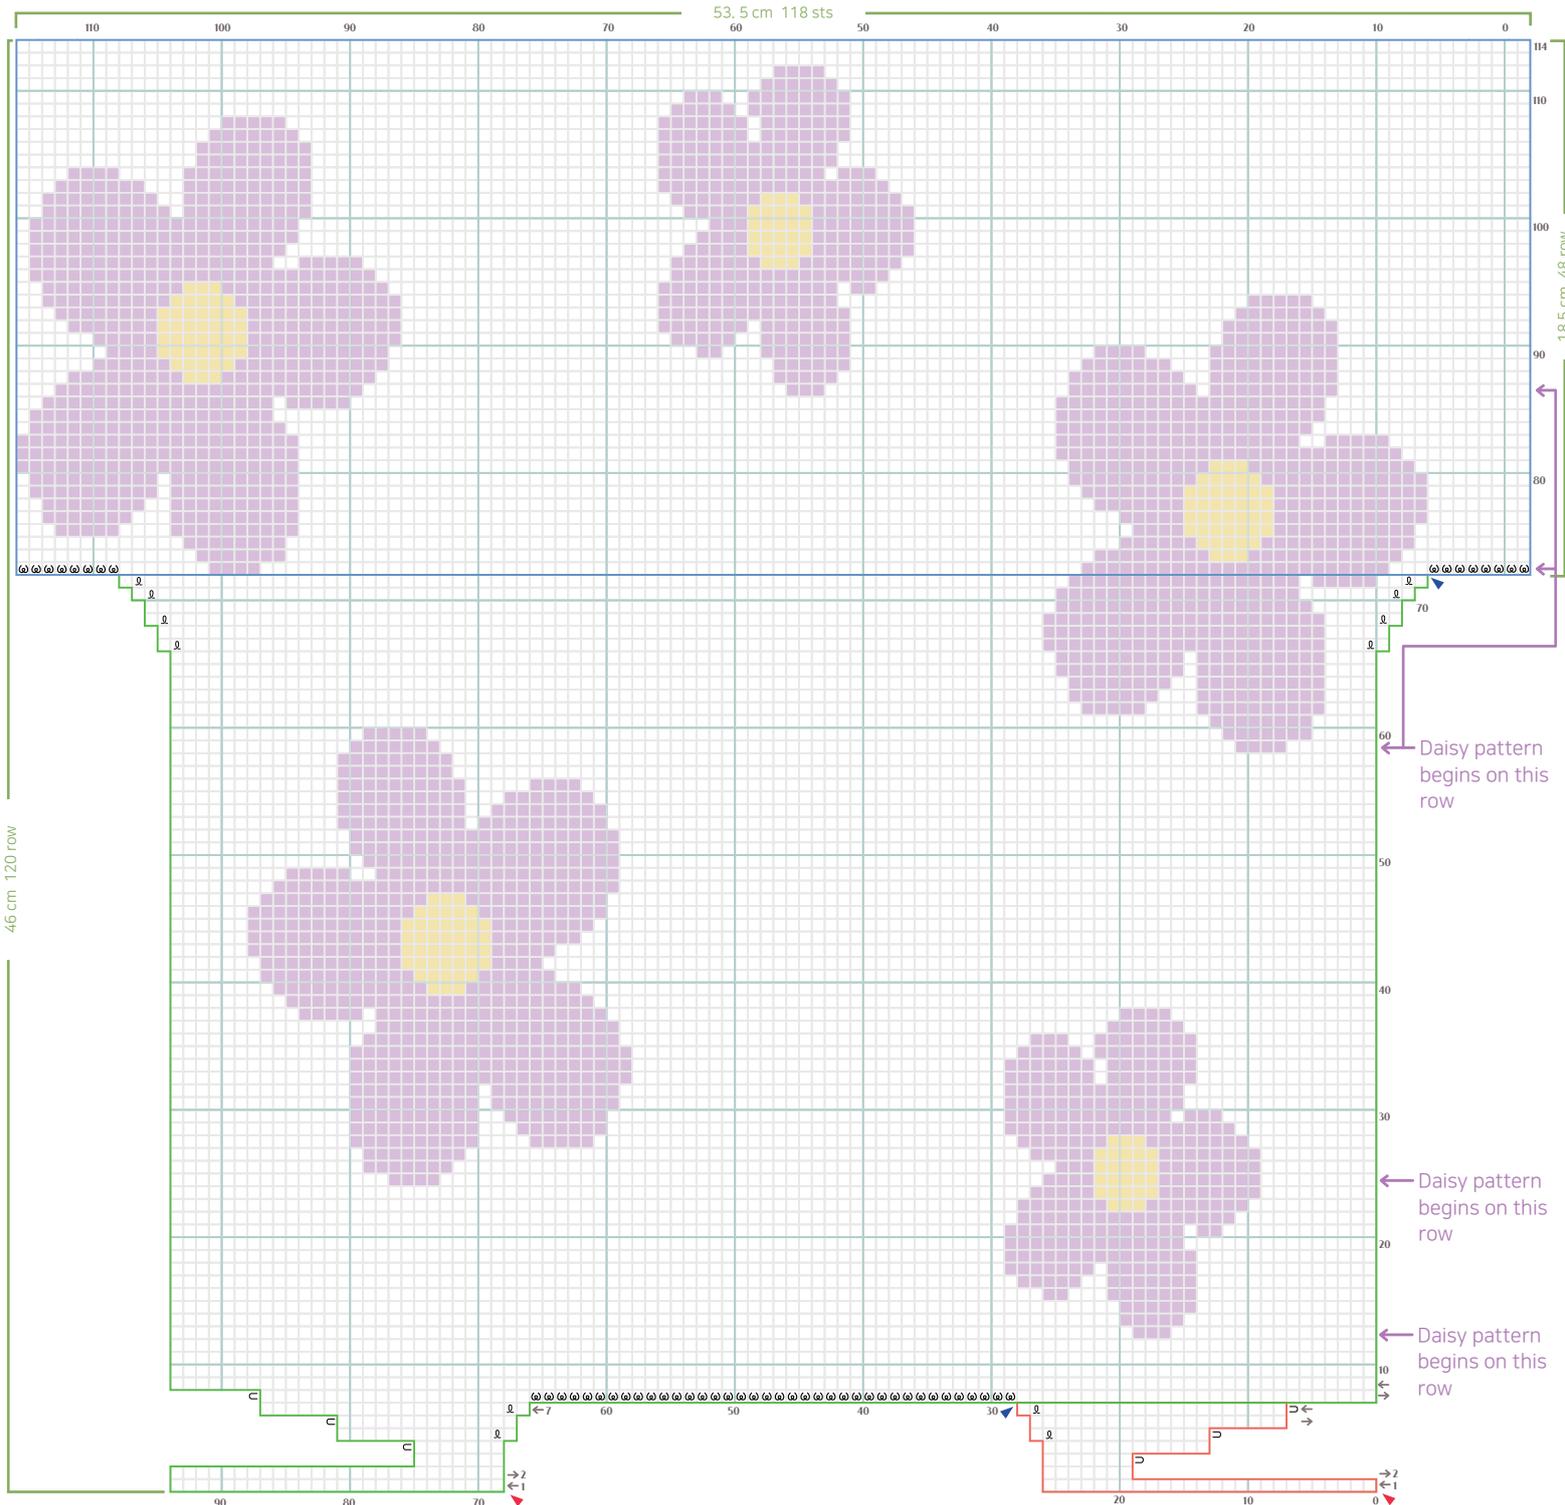

Button Loops

13. You make button loops on both edge, just under each ends of Git using a crochet hook. Join two strands of main color yarn and work chain stitches as long as to go around the button then slip stitch to make a loop. Break yarn and weave in ends.
Sew the flower button on upper front and a plain button on underlap to fasten the garment.

Size L back

When working flat, keep in mind to work the chart in reverse for even rows on the wrong side.

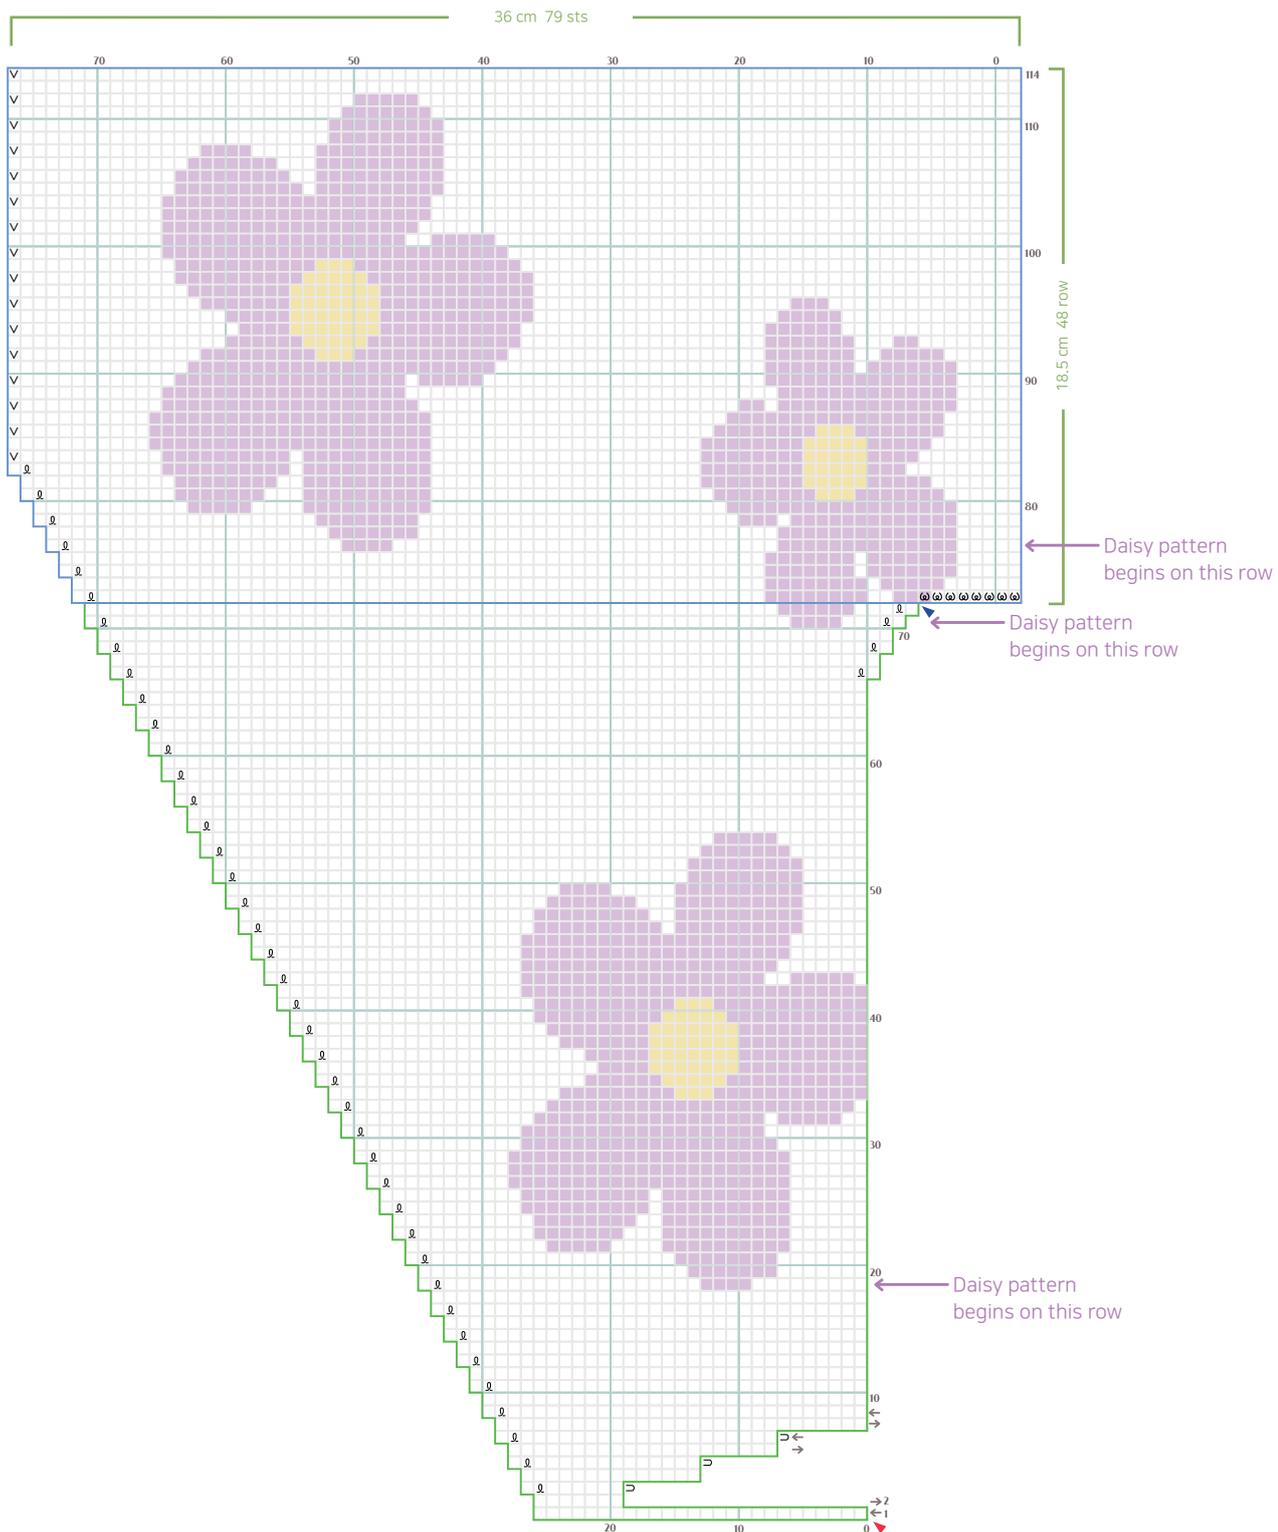

- ▶ = begin with a new strand of yarn
- ▶ = cut the yarn

Size L front right

When working flat, keep in mind to work the chart in reverse for even rows on the wrong side.

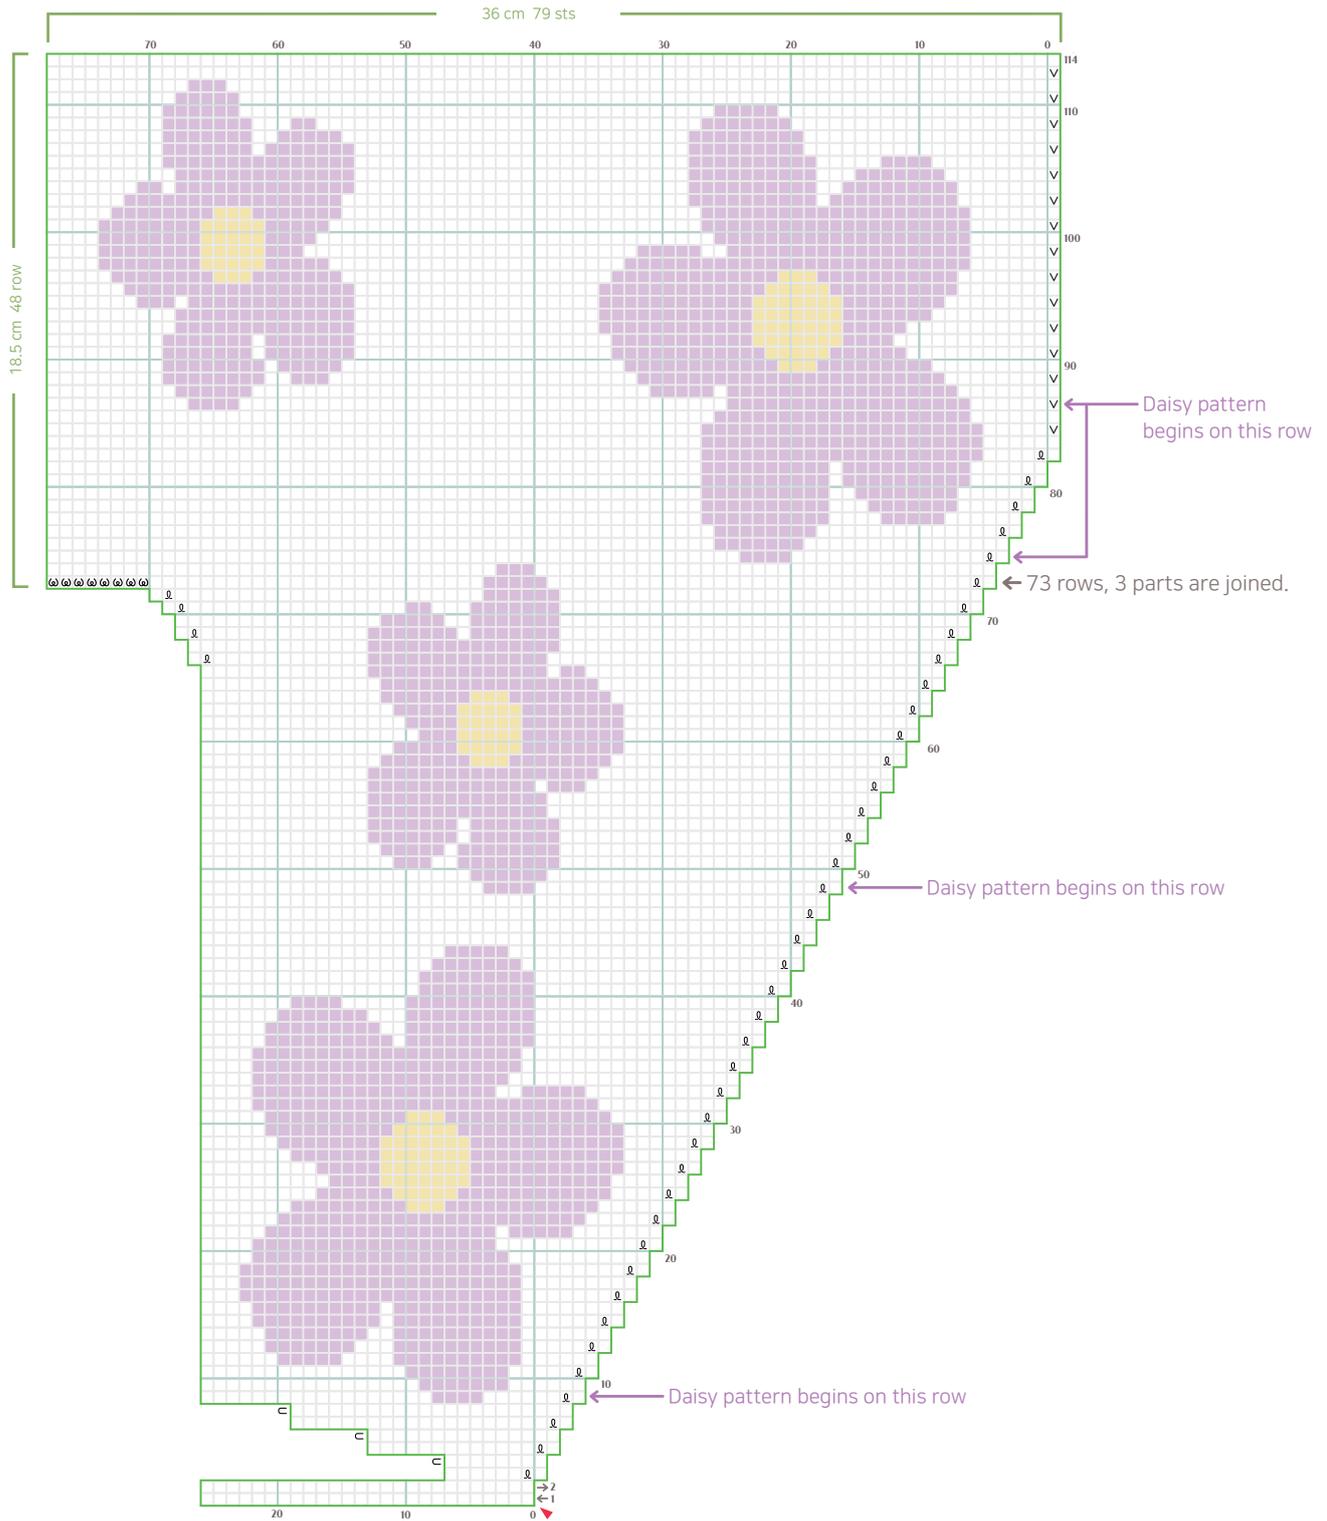

- ▲ = begin with a new strand of yarn
- ▼ = cut the yarn

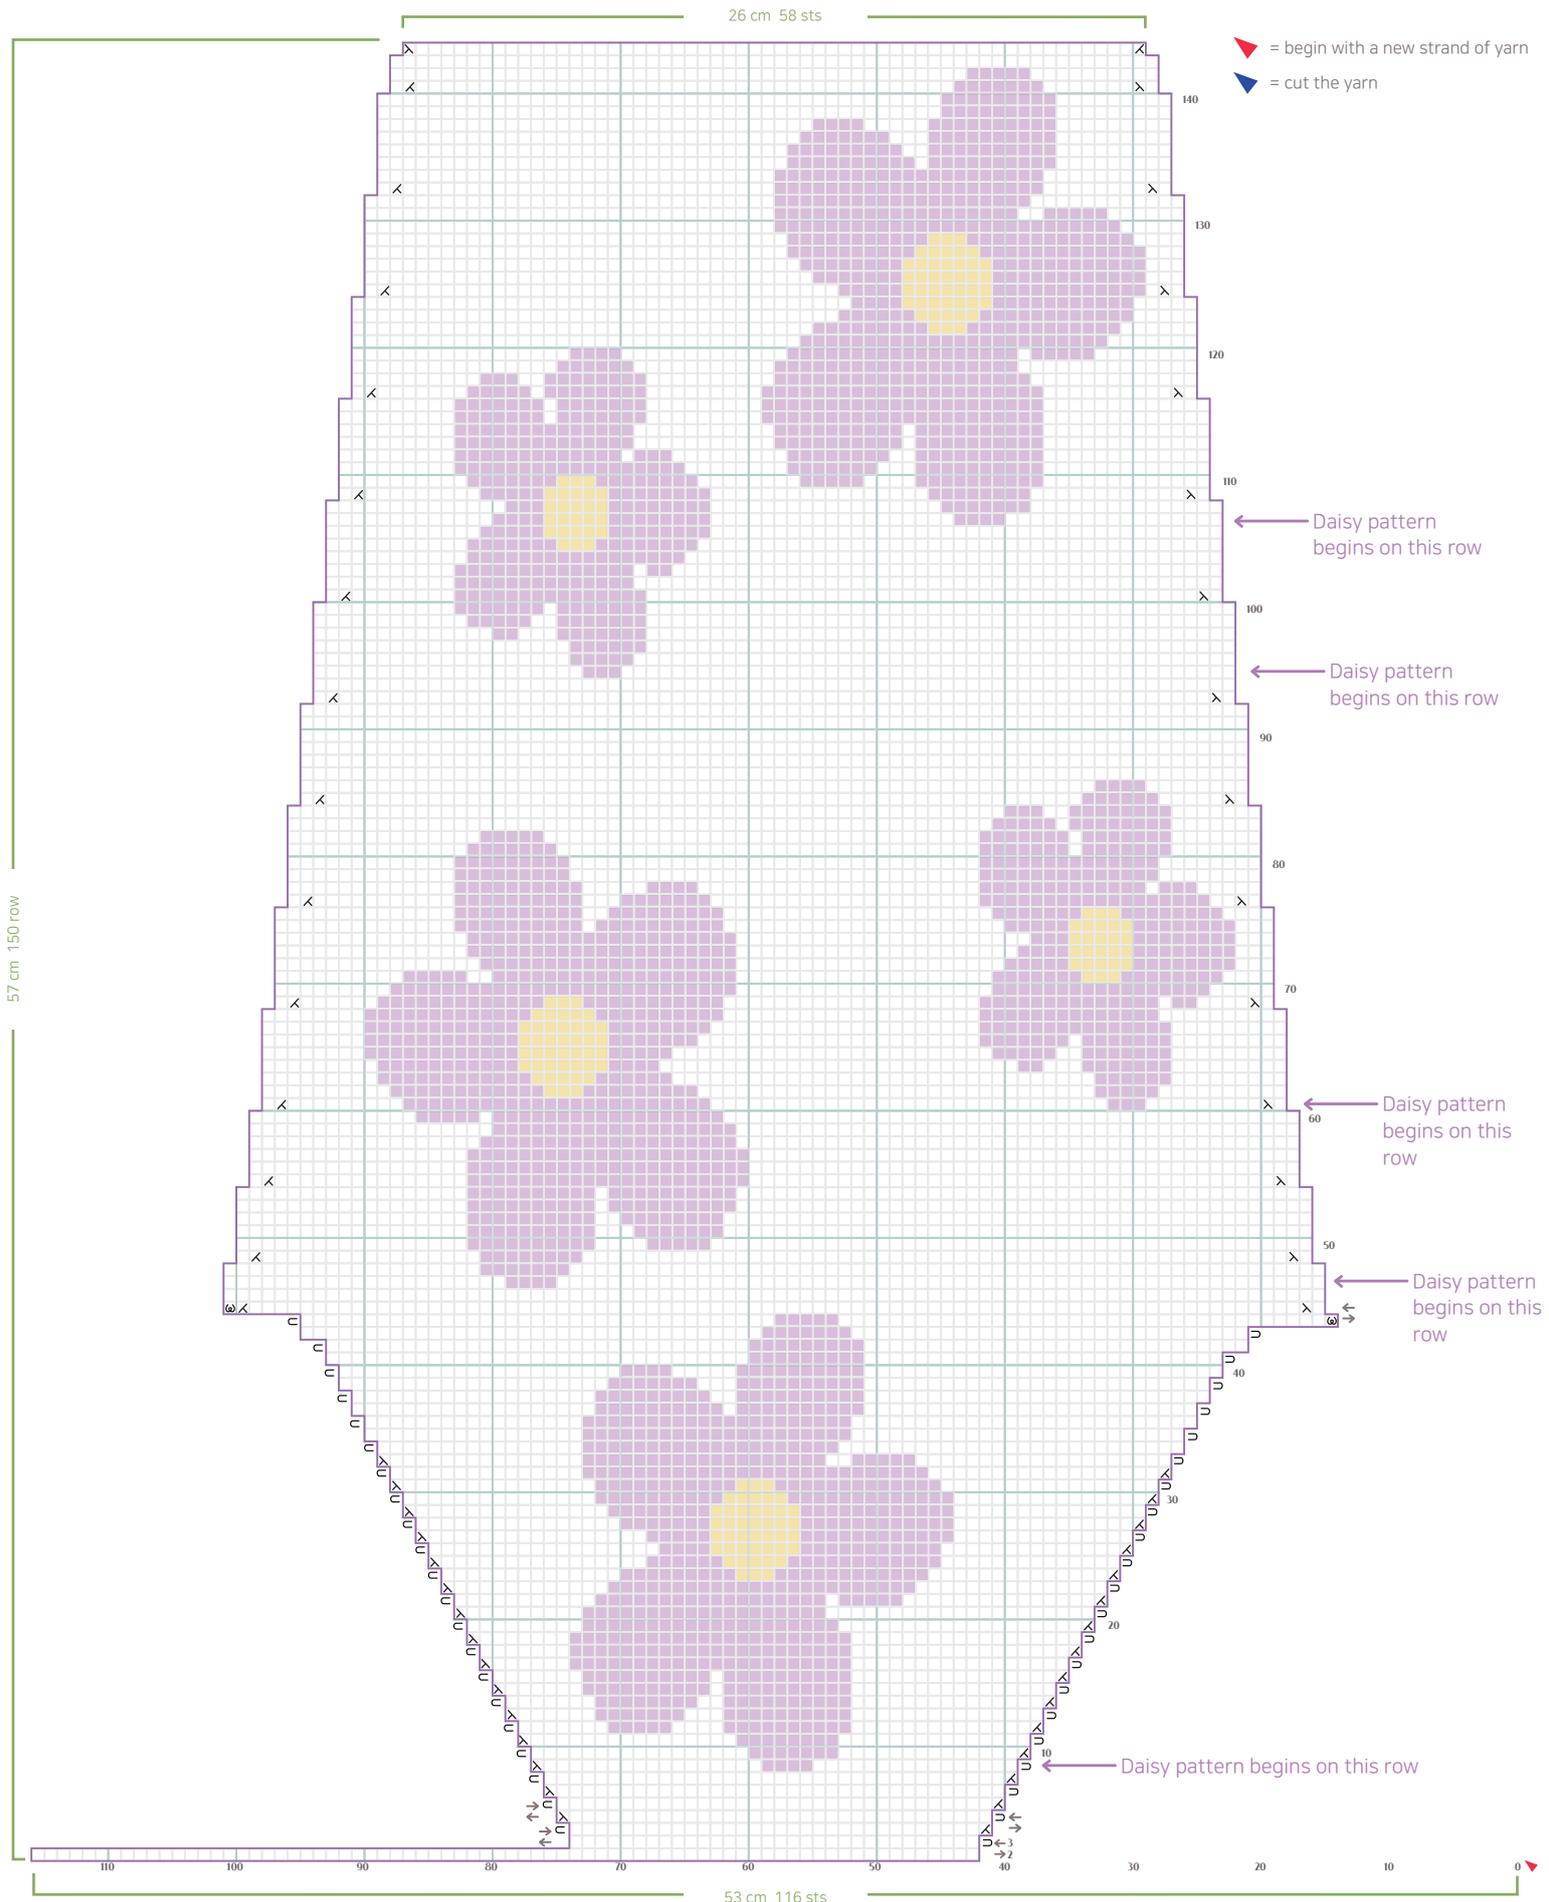

Size L front left

When working flat, keep in mind to work the chart in reverse for even rows on the wrong side.

▶ = begin with a new strand of yarn
▶ = cut the yarn

Size L sleeves
