Cut the thread for the first leg. Crochet the second leg in the same way, but do not cut the thread; instead, connect it with the first leg.

Before connecting the legs, I suggest completing the crochet work on the shoes and pants. It can be done later, but once the legs are joined, crocheting these elements will be less convenient.

FINISHING THE SHOE

We move on to round 18. We will be crocheting in the front loops of round 18. We crochet the upper part and the tongue of the shoe in rows. At the end of each row, make a chain stitch (ch).

1] FLO 30sc (photo 11)

Mark 6 stitches at the front of the shoe; this will be the tongue of the shoe. The remaining 24sc form the upper part of the shoe.

Upper part of the shoe:

Tongue of the shoe:

Perform 74 slip stitches (slst) around. Crochet the shoelace using the method of double chain stitches with wraps.

160 stitches.

Below is a link to the video - how to make a shoelace: [link]

<https://blue-star.pl/wp-content/uploads/video/sznurowka.mp4>

Move on to round 7 and crochet in the front loops only (FLO), making 56slst (photo 13).

PANTS - crochet hook 2,5 mm

Due to the fact that our Angel has crocheted shoes together with the legs, and the shoes are quite large, it will be difficult to later put on the pants, and the trouser legs will be too narrow. Therefore, we will make the pants now to put them on before joining the legs. We can also crochet the pants later, but it will have to be done on the doll (which is less convenient, so I suggest putting on the pants now).

YarnArt Jeans yarn color No. 71

1] 70ch, we join with a slip stitch and will be crocheting in rounds.

2-14] 70sc (13 rounds)

Pant leg:

1] 5ch, (we join in the middle, photo15) 35sc (35)

2-8] 40sc (7 rounds)

9] 2sc, 2dec, 15sc, 2dec, 16sc (36)

10-11] 36sc (2 rounds)

Second pant leg:

Attach the yarn to the second part and crochet the second pant leg. (photo 16)

1-7] 40sc (7 rounds)

8] 16sc, 2dec, 15sc, 2dec, 2sc (36)

9-10] 36sc (2 rounds)

Crocheted pants are put on the legs before joining them (we will finish crocheting the pants at a later stage). Now, let's move on to joining the legs and crocheting the body of the Angel.

BODY - crochet hook 2 mm

YarnArt Jeans yarn, color No. 05

We crochet the second leg in the same way, without cutting the thread. On the second leg, we additionally crochet 3 single crochets (sc) + chain 5, and connect it with the first leg at the 15th stitch counting from the end of the last round of the first leg. Place a marker. (photo 18)

44] 22sc on the first leg, 5sc into the chain stitches, 22sc on the second leg, 5sc into the chain stitches (54)

We will be crocheting two rounds, during which we will decrease the waist circumference of the pants to fit the doll's figure. It's possible that in your case, the number of decreasing stitches may be different (more or less), depending on how tightly you crochet. Make as many decreases as needed to fit the shorts.

We finish, leaving a long thread for attaching the ear. Fold the ear in half, fold the edges of the ear inward, forming a 'roll,' and sew the ears to the head. Sew the ears in rows from 21-25, about 6-7 sc away from the eyes.

FACE SHAPING, NOSE

We thread strong thread onto a needle (to prevent it from breaking) and shape the eye sockets with it. We insert the needle from the back of the head at point 1, pull it out at point 2, insert the needle at point 3, and pull it out at point 4 from the back of the head. Tighten it to create the eye socket and tie the thread at the back. The tying won't be visible; it will be covered by the hair. (photo 39)

Repeat the process for the second eye.

Embroider the nose between rounds 23 and 24, with a width of 3 sc. (photo 40)

EYES, EYEBROWS, MOUTH

With Scheepjes Maxi Sugar Rush cord color No. 254, we embroider the eyebrows in rows from 17 to 19. (photo 41, 42)

For the eyes, I used: Scheepjes Maxi Sugar Rush cord colors No. 110 and 254, white felt with glue, YarnArt Jeans yarn color No. 05.

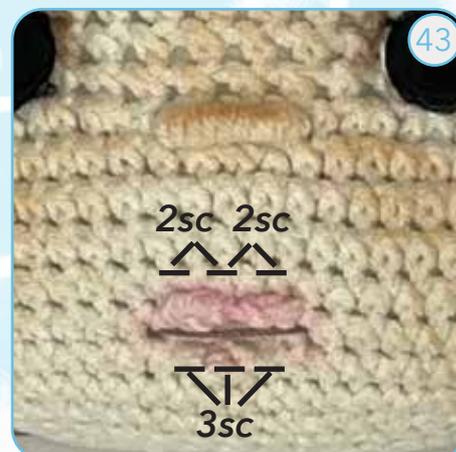

To prevent the cord and yarn from moving, I used glue F-6000. If you don't have felt with glue, you can use the same glue as for gluing the cord and yarn.

We crochet the mouth behind the front loops of rounds 28 and 29. (photo 43)

Upper lip: 2 sc + 2 sc

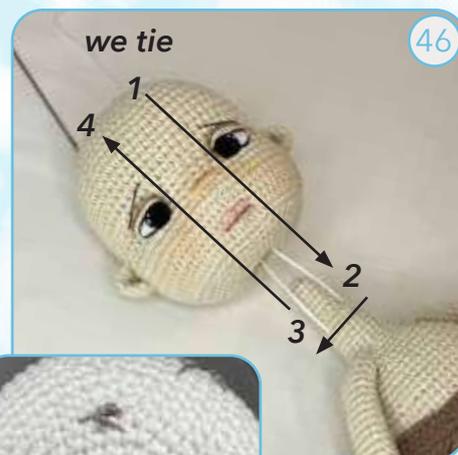

Lower lip: 3 sc

With white acrylic paint and a thin brush or feather for painting dots, we paint highlights in the eyes. (photo 44) Use dry pastels or blush for the cheeks.

ATTACHING THE HEAD TO THE BODY

Thread a strong thread onto a needle (to prevent it from breaking). Insert the needle from the top of the head at point 1, pull it out at the bottom, insert the needle into the neck at point 2, and pull it out at point 3. Insert the needle from the bottom of the head and pull it out at point 4 at the top of the head. Pull on the two protruding threads at the top of the head to bring the doll's neck into the head tunnel. Tie the thread at the top of the head. The tying won't be visible; it will be covered by the hair. (photo 46)

WINGS - crochet hook 2mm

YarnArt Jeans yarn color No. 03.

Crochet the angel's wings in rows, insert a craft wire into the back of the wing.

1] 32ch

Start from the second stitch from the hook.

2] 30sc, 3sc in one stitch, from the other side of the chain, make 30 single crochet stitches (sc), chain stitch (ch), and turn.

3] 30sc, 3inc, 30sc, ch, turn the work

4] 30sc, (1sc,1inc)*3, 30sc, ch, turn the work

Fold the crocheted piece in half along its length.

Now we will crochet the feathers.

1] 15ch

2] Start from the second stitch from the hook: 9hdc, 5sc, 2sc in the back of the wing, turn the work (photo 49, 50, 51)

3] skip the 2sc stitches that were crocheted in the back of the wing, 5sc, 6hdc, ch4, turn the work

Rows **2]** and **3]** repeat 13 time.

4] 9hdc, 5sc, 1sc in the back of the wing, turn the work

5] skip the 1 sc stitch that was crocheted in the back of the wing, 5sc, 4hdc, ch7, turn the work

6] 1hdc, 5dc, 4hdc, 5sc, 1sc in the back of the wing, turn the work

7] skip the 1 single crochet stitch that was crocheted in the back of the wing, 4sc, 4hdc, ch10, turn the work

8] hdc, 8dc, 4hdc, 4sc, 1sc in the back of the wing, turn the work

9] skip the 1 single crochet stitch that was crocheted in the back of the wing, 4sc, 4hdc, ch12, turn the work

10] hdc, 10dc, 4hdc, 4sc, 1sc in the back of the wing, turn the work

Rows **9]** and **10]** repeat 5 time.

Sew the wings together (photo 53). Attach the wings to the angel's body. You can sew them permanently or attach them using Velcro tape, for example.
