Table shows actual finished dimensions of the garment. This cardigan is intended to be wide, cropped, and to hang bell-like from the shoulders. To fit as shown, it should be knitted with at least 10cm / 4in positive ease at the bust. Pick the size at least 10cm / 4in above your actual measurement, and if in doubt, select the next size up. Length can easily be added to the sweater to make it less cropped. Shown in the second size.

SPECIAL TECHNIQUES

Three needle bind off; Two stitch i-cord bind off; i-cord buttonholes (described in pattern)

PATTERN NOTES

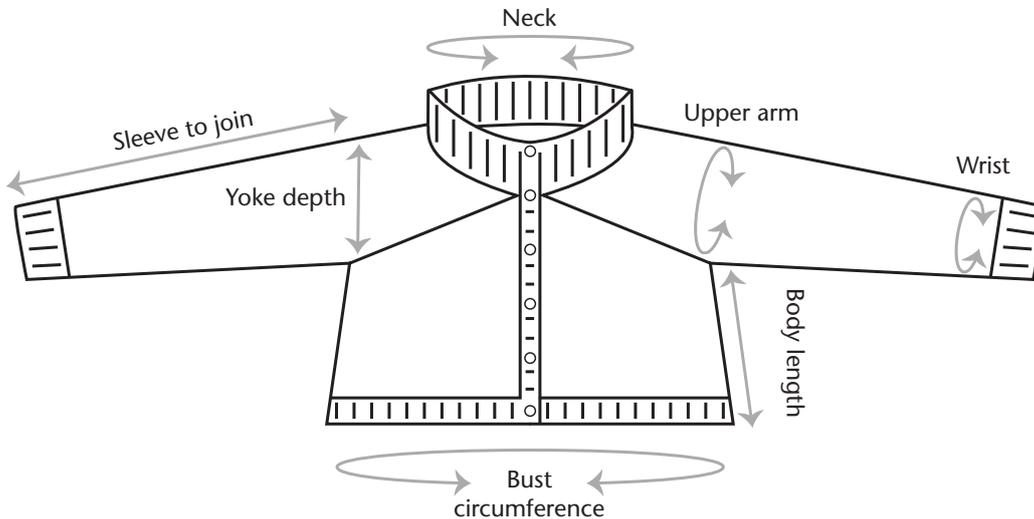

The cardigan is knitted from the bottom up, and is worked straight to the underarms (length can be added to make the cardigan less cropped, if required). Two sleeves are worked, then body and sleeves are joined together to be worked in one piece. The yoke is shaped by decreasing stitches at an even rate from the body only, and, when the correct depth is reached, the stitch count is reduced further for the neck. Button bands are worked, then the neck rib is picked up, folded over and joined to the inside of the garment. Finally, an i-cord bind off and buttonholes add a neat finish to the front edges.

7

JOIN NECK RIB TO INSIDE OF WORK

With WS facing and below gauge-size needle, working from left front edge, pu (without knitting) 78 sts in the purl bumps of the final row of stockinette before the rib begins (i.e. lift up loops onto needle without knitting along interior of neck band). Fold neck band to inside of work, place live sts and picked up sts parallel to one another and, with a spare below gauge-

size needle, work three needle bind off across all sts.

8

LEFT FRONT I-CORD EDGING

With RS facing, and gauge-size needle puk8 sts along edge of neck rib (carefully picking up through both rib layers). Break yarn. Slip these sts onto gauge-size needle adjacent to sts held for left front band. Rejoining yarn to top neck from the RS, cast on 2 sts using backwards loop cast on.

Now work 2 st i-cord bind off across left front edge sts as foll:

k1, k2togtbl, return 2 sts from rh to lh needle; repeating from * to last 2 sts, k2togtbl, and fasten off.

9

RIGHT FRONT I-CORD EDGING AND BUTTONHOLES

With safety pins or lockable stitch markers, measure out and mark positions of 6 evenly placed buttonholes along right front band.

With RS facing, and gauge-size needle puk8 sts along edge of neck rib (carefully picking up through both rib layers). Break yarn. Slip these sts onto gauge-size needle adjacent to sts held for right front band.

Rejoining yarn to lower edge of band from the RS, cast on 2 sts using backwards loop cast on. Work two st i-cord bind off across sts (as for left front) inserting an i-cord buttonhole when marker is reached as foll:

Using **gauge-size dpn** as rh needle:

1. Work 3 rows of plain i-cord on the 2 sts on rh needle (i.e. *k2, slide sts to other end of needle, pull working yarn across back;* repeat from * twice).
2. Retaining 2 sts on rh needle, slip next 2 sts from lh needle to rh needle.
3. Pass the first st over the second (bind off 1st).
4. Slip next st from lh needle to rh needle.
5. Pass the first st over the second (bind off 1st).
6. Return remaining st plus the 2 i-cord sts from rh to lh needle.
7. Continue to work i-cord bind off as before to next marker.

Repeat steps 1-7 a further 5 times until all sts are bound off.

10 FINISHING

Graft together two sets of 6 (6, 8, 8, 10, 12, 12, 14) sts at underarms.

Weave in all ends to the back of the work.

Stitch 6 buttons into place on left front band, corresponding to buttonholes.

Soak cardigan in warm water and wool wash to allow the stitches to relax and bloom. Press dry between towels. Button up cardigan, then pin out flat to dimensions given in sizing table, paying close attention to the lines of shaping across front and back (which should lie smooth), and to the neck rib (which should be neatly folded flat, and stretched to lie correctly). Allow to fully dry.

Enjoy your Carbeth Cardigan!
