Now you connect both legs together. To do this, place both legs side by side, the toes should point slightly outwards and away from you (you start on the right leg).

Ears are taken in between the 15th and after the 17th round on the head.

16th round: 27sc (ear) 42sc (ear)

Hair

Measure how long your hair should be. My doll has a hair length of 28 cm

Cut thread twice as long as you want your hair to be = 56cm
fold thread in the middle.

Here when using PEPPINA from Lana GroÙa I put the thread every 2 cm
from the bottom up

For the pony you need 16cm thread. You stick shorter ones from ear to ear
Hair. You can also cut it later.
