PATTERN

Ingeborg is a headband knit in brioche st with an elegant gather in the front which gives it a classic and feminine look.

Headband

Cast on 17 sts on 5 mm needles with the Provisional Cast On method using two threads. The first row (brioche set up row) is a WS row and it is worked as follows: Slip the first st purlwise with the yarn in front, *yo, slip 1 st purlwise, k1*, repeat from * to * until the end of the row.

Now work brioche st as follows:

RS: Slip the first st purlwise with the yarn in front, * k the next st together with the yo, yo, slip 1 st purlwise *, repeat from * to * until 2 sts (and 1 yo) remain, k the next st together with the yo, k1.

WS: Slip the first st purlwise with the yarn in front, * yo, slip 1 st purlwise, k the next st together with the yo *, repeat from * to * until 2 sts remain, yo, slip 1 st purlwise, k1.

Tip: tighten the first and last st a bit to get a nice, even edge.

Continue in brioche st repeating the instructions for RS and WS rows until the headband measures approximately 50 cm. For a perfect fit, measure your head circumference and knit the headband about 5 cm shorter - this way the headband will have a good fit that is not too loose or too tight.

Graft the headband together end-to-end using Kitchener Stitch. The seam will be at the back of the neck. Weave in the ends.

Sew a gather mid front of the headband as follows:

Insert the needle along a row of k sts on the RS (see picture 1) and pull the needle back through the sts right next to where you first pulled it through. Tighten a bit (see picture 2), secure with a knot and weave in the end on the back.
