INTRODUCTION

LACE FOR ALL

When discussion turned to publishing another book of *Vogue Knitting* patterns, it seemed all too obvious that lace should be the theme this time around. It is such a beloved technique among us knitters, and for good reason. Knitting a lace project is fun, addictive, and so satisfying as you watch the pattern grow from your needles. Furthermore, some of the most stunning designs to appear in the pages of *Vogue Knitting* have been lace projects that still leave me breathless.

When hearing the word "lace," many immediately conjure up in their minds images of delicate, lightweight shawls worked in the classic intricate patterns we all know and love. While such projects are a prime example and an important part of knitting history, lace is more diverse than many realize. So, when selecting patterns for this collection—which was a difficult task due to the sheer number of gorgeous options—we did our best to include a range of project types, skill levels, and approaches to highlight the endless potential of what lace can be.

From an easy-wear stockinette pullover with a lace yoke (see page 17) to a generously sized wrap with three columns of flowing openwork (see page 55), lace can be a powerful design element. Whether a complex design worked across a large shawl (see page 69) or several simple eyelet repeats (see page 75), lace's effectiveness is not bound by scale or complexity. Worked sparsely across a simple accessory (see page 85) or fearlessly knitted as separate motifs to be joined later (see page 87), lace is limited only by the range of our own imaginations.

This collection of 40 patterns represents some of the most stunning work found in the pages of *Vogue Knitting*, and there is something for every knitter to enjoy. If you are new to or not quite confident with lace, start simple with an accessory or a garment with a lace insert. If you are looking for a challenge, cast on for a large shawl or an intricate pullover. No matter your skill level or personal style, lace is a technique that all can enjoy.

NOTES
1) When working shaping in lace pat, place markers at outer edges of lace reps to keep track of pattern. When there are not complete reps of pattern in this process, intentional elimination of a yo (with its compensating ssk or k2tog) can serve as a decrease or an additional yo can become an increase.
2) When working chart, work the final S2KP of the row as an ssk (over 2 sts) instead of an S2KP.
3) Bind off all sts very loosely.

Neck and Shoulder Shaping

* GUIDELINES ONLY: The above reflect the most commonly used gauges and needle or hook sizes for specific yarn categories.

** Lace weight yarns are usually knitted or crocheted on larger needles and hooks to create lacy, openwork patterns. Accordingly, a gauge range is difficult to determine. Always follow the gauge stated in your pattern.

*** Steel crochet hooks are sized differently from regular hooks—the higher the number, the smaller the hook, which is the reverse of regular hook sizing

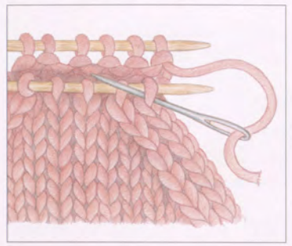
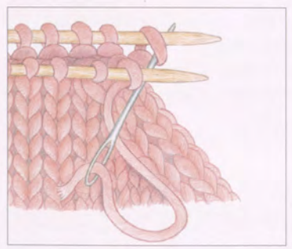
TECHNIQUES

KITCHENER STITCH

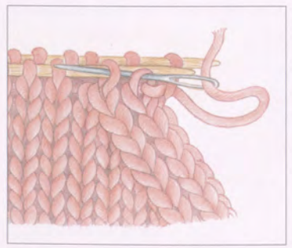
Cut a tail at least 4 times the length of the edge that will be grafted together and thread through a tapestry needle. Hold needles together with right sides showing, making sure each has the same number of live stitches, and work as follows:



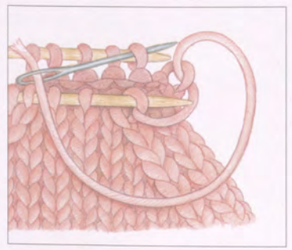
1) Insert tapestry needle purlwise through first stitch on front needle. Pull yarn through, leaving stitch on needle.



2) Insert tapestry needle knitwise through first stitch on back needle. Pull yarn through, leaving stitch on needle.



3) Insert tapestry needle knitwise through first stitch on front needle, pull yarn through, and slip stitch off needle. Then, insert tapestry needle purlwise through next stitch on front needle and pull yarn through, leaving this stitch on needle.



4) Insert tapestry needle purlwise through first stitch on back needle, pull yarn through, and slip stitch off needle. Then, insert tapestry needle knitwise through next stitch on back needle and pull yarn through, leaving this stitch on needle.

Repeat steps 3 and 4 until all stitches on front and back needles have been grafted.

3-NEEDLE BIND-OFF

1) With the right sides of the two pieces facing each other, and the needles held parallel, insert a third needle knitwise into the first stitch of each needle and wrap the yarn around the needle as if to knit.

2) Knit these 2 stitches together and slip them off the needles. *Knit the next 2 stitches together in the same way as shown.

3) Slip the first stitch on the third needle over the second stitch and off the needle.

Repeat from the * in step 2 across the row until all the stitches are bound off.

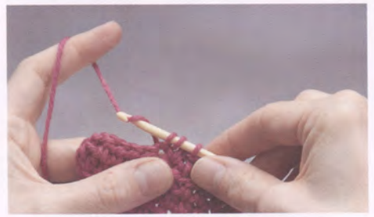
PROVISIONAL CAST-ON

With scrap yarn and crochet hook, chain the number of stitches to cast on, plus a few extra. Cut a tail and pull the tail through the last chain stitch. With knitting needle and yarn, pick up and knit the stated number of stitches through the "purl bumps" on the back of the chain. To remove scrap chain, when instructed, pull out the tail from the last crochet stitch. Gently and slowly pull on the tail to unravel the crochet stitches, carefully placing each released knit stitch on a needle.

HALF DOUBLE CROCHET (HDC)

1) With crochet hook in a loop connected to your work, make a yarnover.

2) Insert the hook into the next stitch and yarn over again.



3) Draw the yarn over through the stitch–you now have 3 loops on the hook–and then yarn over once more.

4) Draw the last yarnover through all 3 loops on hook. You have now completed one half double crochet (hdc) stitch.

CROCHET SLIP STITCH (SL ST)

1) With crochet hook in a loop connected to your work, insert the hook into the next stitch and yarn over.

2) Draw the yarnover through the stitch and then through the loop on the hook in one movement. You have completed one slip stitch (sl st).

SINGLE CROCHET (SC)

1) Insert the hook into the next stitch. Make a yarnover and catch it on the hook.

2) Pull the hook through the stitch–you now have two loops on the hook–then yarn over again.

3) Draw the yarnover through both loops on the hook. You have now completed one single crochet (sc) stitch.
