

# Light & Lacy Sweater

by

**Bex Knitty Designs**

**A sweater, which is full of texture, lace and cables yet still be floaty soft and meant to be worn relaxed and loose and ... light and lacy!**

## Light & Lacy Sweater

This sweater features sections of lacework with bordering twisted stitches and trailing braid style cables, all framed within a visually linear purl bump round on stockinette base pattern.

**Knitting skills & techniques used:** Intermediate -

Casting on, binding off, knitting, purling. Increases by way of Make 1 Left (M1L). Lacework stitches such as Slip Slip Knit (SSK), Knit 2 Together (K2TOG), Central Double Decrease (CDD), and yarnovers (YO), as well as Right and Left leaning twists (RT & LT) are used for the lace sections.

**Sizes:** XS (S, M, L, XL, 2XL) {3XL, 4XL, 5XL, 6XL}

**Actual Bust Measurements:** (See schematic below for full measurements)

Choose your bust size from below and finished result will include 4-6" of positive ease

28-30 (32-34, 36-38, 40-42, 44-46, 48-50) {52-54, 56-58, 60-62, 64-66}"

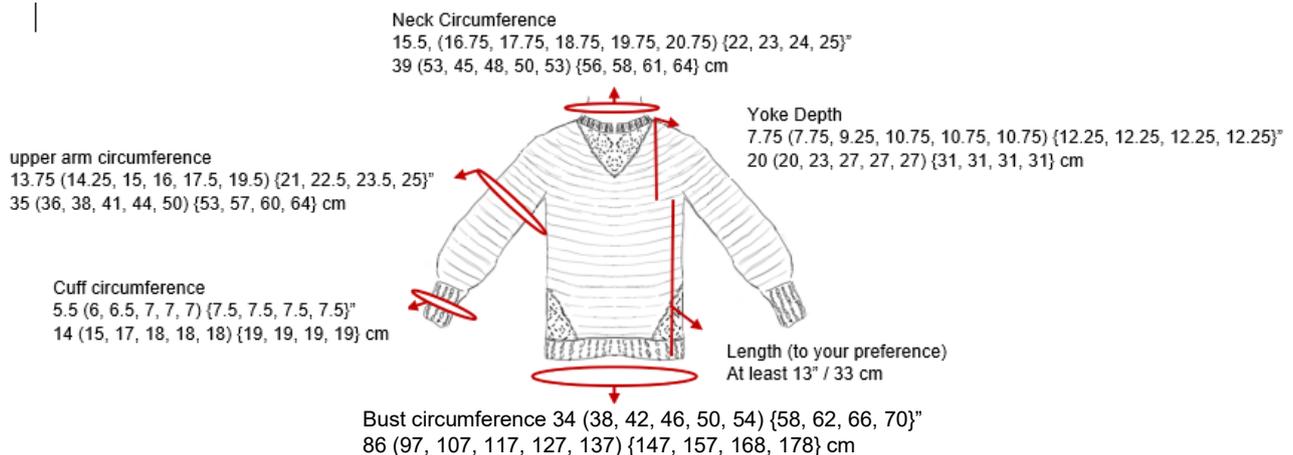

71-76 (81-86, 91-96, 102-107, 112-117, 122-127) {132-137, 142-147, 152-157, 163-168} cm

**Finished Garment Measurements:** (including the 4-6" positive ease)

34 (38, 42, 46, 50, 54) {58, 62, 66, 70}" / 86 (97, 107, 117, 127, 137) {147, 157, 168, 178} cm

(Please note the first three sizes will be closer to the 4" and the sizes that follow closer to the 6".

Also, the differences that occur in different knitters lacework and cables, both of which are involved across the circumference of this sweater, as well as blocking actions, could result in slight differences in gauge expectations)

**Materials:** Approx amounts required of Light Fingering weight yarn per size, based on gauge given.

Please note the yardage amounts shown are a little over what was used in view giving you several grams room regarding what's required.

1,008 (1,145, 1,292, 1,420, 1,571, 1,713) {1,864, 2,015, 2,157, 2,308} Yrds

922 (1,047, 1,181, 1,298, 1,437, 1,566) {1,704, 1,843, 1,972, 2,110} M

Whilst any Light Fingering weight yarn with good drape & stitch definition should work fine (**even Fingering weight with a needle size to obtain gauge**), for the sample I used **Mirasol Yarn, 'Sulka Legato'**, in 'Moss' (60% Wool - Merino, 20% Camelid- Alpaca, 20% Silk, 50g, 251 meters / 274 yards)

**Needles:** (different lengths would be required for different parts of the sweater as detail below)

3.75mm/US 5 for Neck & Cuff, 40cm &/or DPN's/Magic loop for small circumference knitting

3.75mm / US 5 for Body Hem 60cm-150cm - dependent on size being knit

4mm / US 6 for Main Body 60cm-150cm - dependant on size being knit

4mm / US 6 for Arms 40cm &/or DPN's/Magic loop method for small circumference knitting

**Note:** These needles sizes are a guide – please use whatever sizes you can obtain gauge with.

**Notions:** 6 stitch markers & unique BOR Marker, tape measure, tapestry needle for weaving ends

**Gauge:**

23 sts & 32 rounds, in Stockinette Stitch over 4" (10 cm), with 4mm/US 6 needles

(after blocking) **Note:** I recommend trying to reach gauge to avoid a dramatic difference in finished measurements / yarn usage from the given numbers.

**Abbreviations:**

<b>(RS)</b> Front of work	<b>K</b> Knit	<b>P</b> Purl	<b>Rep</b> Repeat	<b>Rd</b> Round	* repeated action
<b>M</b> Marker	<b>PM</b> Place marker		<b>SM</b> Slip marker	<b>RM</b> remove marker	

**M1L** Make 1 Left; a left-leaning knit increase. In the gap between your needles, you will see there's a bar running between the stitch you just worked on the right needle and the next one on the left needle. Going in from front to back under that bar, lift it and place on the left needle, and knit into the back leg of it.

**K1TBL** Through Back Loop - Knit into the back leg instead of the front leg of the stitch as normal

**YO** Yarnover to make a purposeful hole, a kind of unworked false stitch as is an increase

**SSK** Slip 2 stitch, 1 at a time, knitwise and then knit them both together through the back loops creating a left leaning decrease

**K2tog** Knit 2 stitches together creating a right leaning decrease.

**CDD** Central Double Decrease, decreasing 2 sts. Insert your needle into the next 2 stitches on your left needle as if to work a K2tog - it's important they are in this mode as if a K2tog - but slip them instead of working them, Knit the next stitch and then in one go pass those previously slipped stitches over that knitted stitch. Part of working this decrease will involve passing 2 previously slipped stitches over a worked knit stitch to decrease 2 stitches. I find that can be a bit fiddly, so I suggest moving those 3 stitches as close to the needle tip as safety allows to be able to get into those 2 stitches more easily.

**(Continued on following page)...**

**RT** Right Twist, (method used in this pattern:) Knit 2 stitches together, without sliding them off the LHN, and now working your right needle tip between those 2 stitches you have just worked, knit again into the 1st stitch as a singular stitch, then slide those 2 stitches off the LHN, 2 worked stitches now are on the RHN

**LT** Left Twist, (method used in this pattern): Prep – slip 1 stitch knitwise at a time, x2 (so that's 2 stitches slipped 1 at a time) from LHN to RHN, as if to make an SSK, then place them back on the LHN by placing the LHN through them at the front, so now they are back on, but in twisted orientation. Skip 1<sup>st</sup> stitch on LHN, knit into back of 2<sup>nd</sup> stitch on LHN, leave it on the needle, then knit both stitches together through the back loops, then slide the 2 stitches off the LHN.

You can skip these prep lines, but it is neater if you work them.

**W&T (Wrap & Turn for Short Rows) -**

**on Knit side (RS):** Once you reach the place where you need to perform the W&T, with the yarn at back, slip the next stitch from Left hand needle to right needle, bring yarn from back to front between the needles, as if to purl, place that slipped stitch back onto the left hand needle and bring yarn to its correct place again by bringing it front to back between the needles, as if to knit, with everything held as it like that, turn your work and begin working towards the left purlwise as you are now looking at the purl side (the reverse, WS) of your work

**on Purl side (WS):** Once you reach the place where you need to perform the W&T, with the yarn at front, slip the next stitch from Left hand needle to right needle, bring yarn from front to back between the needles, as if to knit, place that slipped stitch back onto the left hand needle and bring yarn to its correct place again by bringing it back to front between the needles, as if to purl, with everything held as it like that, turn your work

and begin working towards the left knitwise as you are now looking at the knit side (RS) of your work

**I use this little chart to stay in the correct sequence as I work W&T's which helps me stay on track:**

**on Knit side (RS):**

- 1: slip stitch
- 2: Yarn Forward
- 3: slip stitch back
- 4: Yarn Back
- 5: Turn

**on Purl side (WS):**

- 1: slip stitch
- 2: Yarn Back
- 3: slip stitch back
- 4: Yarn Forwards
- 5: Turn

**Right & Left Twists:** For learning the methods used in this pattern to perform the Right & Left Twist, you may find the following video's helpful: '[Right Twist](#)' & '[Left Twist – Mirror Image to Right Twist](#)' both on [Knit Purl Hunter's YouTube Channel](#)

**CDD** You'll find a great tutorial for this method on [Knit Purl Hunter's YouTube Channel 'Central Double Decrease'](#).

**M1L** You can find a great tutorial for these increases on [www.purlsoho.com](http://www.purlsoho.com)

**Jog-less Purl Rounds:** This is a helpful video to show you this method in motion for creating a smoother join of the first and last stitch of your purl round [Knit Garter Stitch in Rounds Without a Jog | How to Avoid Jog Knitting Garter Stitch in the Round](#).

**Weaving in Ends:** If you wish to learn about knitting in your ends as you work you'll find a great tutorial for this method by [VeryPink Knits](#) on YouTube [Knitting Help - Weaving Ends as You Go](#) for you to check out to see if you could incorporate this into your knitting.

**W&T:** I find [Purl Soho's Short Rows: Wrap and Turn](#), which offers both pictorial and video options, to be really clear and concise and a great link for learning this short row method.

### **Notes:**

(Please read this section before you begin)

**Increases & Construction:** You will start by casting on the neck circumference and working the ribbing involved in that before moving on to perform the short rows required to lift the back neck. Once that is complete you will work through the designated chart rounds and cable whilst working increases to grow the stitch count to reach your stated bust measurement. You will then separate for the sleeves, which you will place on waste yarn before continuing with the body of the sweater along with its chart & cables and finishing with the hem. Complete your sweater by picking up the held sleeve stitches to work as instructed.

**Twisted Stitches within pattern repeats:** If you do find yourself having to 'tink' back twisted stitches, they should be also untwisted after being unknit, so they appear as they did after the previous purl row, so you won't be in effect twisting them twice when you then go to rework them as a twisted knit stitch.

**Purl Rounds:** For avoiding (or at least lessening) a slightly jog between the first and last stitch during a Purl round, you can use any preferred method of your own for this or you can try the following: Towards the end of the purl round, work until 1 stitch before the BOR Marker, then slip the stitch purlwise from the Left-hand needle to the right-hand needle, and remove the Marker. With that done, pick up the horizontal bar of the purl stitch which would have been directly after the Marker (this is also therefore the very first stitch of that round you have been working) and place it on the left-hand needle. Now place the slipped stitch you had placed on the right-hand needle onto the left-hand needle in the as-if-to-purl orientation. Purl these two stitches together (P2tog) and replace the Marker. Continue with following round as normal. There's a tutorial video link on Pg 3.

**Charts:** The chart supplements that accompany this pattern, come in 2 parts, 1 which contains Chart 1A & 2A for sizes XS-M, and the other which contains Chart 2A & Chart 2B for sizes L-6XL.

After choosing the supplement relevant to your size, use it alongside this main pattern in order to work from either the visual chart or written instructions for the Yoke Chart 1(A or B) or the Side Chart 2(A or B) when instructed that either of these charts are to begin.

The chart instructions are to be worked in the round where it states within parentheses the round number of said chart, see below as an example, where I have underlined this:

**“Round 63):** (K22, M1L) x9, K18, LT, M1L, (Round 63 of Yoke Chart 1B), M1L, RT, K18, (M1L, K22)”

**Instructions:** (Please refer to all information and **Notes** before proceeding)  
Using Yarn A and smaller needles (that you have selected to obtain gauge), Cast on 90 (96, 102, 108, 114, 120) {126, 132, 134, 138} sts. Being careful not to twist, and placing a unique marker as your BOR marker, join in the round.

### Short Rows

**Row 1 (RS):** From BOR, K27 (27, 29, 31, 33, 35) {37, 39, 41, 43} sts, W&T

**Row 2 (WS):** P back to BOR, SM, P27 (27, 29, 31, 33, 35) {37, 39, 41, 43}, W&T

**Row 3 (RS):** K to 4 sts before last wrapped st, W&T

**Row 4 (WS):** P to 4 sts before last wrapped st, W&T

Repeat Rows 3 - 4 2 (2, 3, 3, 3, 4) {4, 5, 5, 5} more times.

After the final W&T, K to BOR, and you will then resume knitting in the round.

Next Round: K, picking up and knitting wraps with their corresponding sts as you come to them.

You will note that the previous round informs you of exact number of sts to be worked either sides of the marker bound 6 stitches (that are either cables already or will become cables) but from now on the exact number of stitches will no longer be stated, so when stitches are worked running up to a M/BOR, it will just read K/P to M/BOR. The stitch amount will remain the same until Round 55, as there won't be any more main body increases, but just a one- off decrease on that round to set up for Side Chart 2A/B instructions.

These new markers will eventually be removed once Side Chart 2A/B begins down the sides and at that point in view of the expanding nature of the chart and the RT & LT that it's bound by, given stitch numbers will resume to provide assurance that you're working the correct number of stitches.

(working these rounds again is as sample, you can however work them or skip them to your preference to a point where you are 10" less than your preferred length - as following note explains)

**Note:** Above, I have instructed to repeat this portion 2 times, but this is just as a reference and is simply how I worked my sample. These 24 rounds are a basic repeat sequence, without any chart rounds and as there are no increases in that they are just worked even, this is the perfect place to adjust your sweater for your length preference.

-These 24 rounds provides 3" (at patterns gauge of 8 rounds per inch)

-There is a further 10" (at patterns gauge of 8 sts per inch) to work in pattern, so at this point, dependent on your personal body length requirements and preferences, you can try it on, understanding there is still those 10" to be worked, and then decide if you want to work this further 24 round repeat or not, for example you

could choose to skip repeating it if you want to aim for a cropped version or repeat even more times than stated for a longer sweater length.

Once happy with length so far, proceed to Round 52 below:

With (RS) facing you and starting at the centre of cast on stitches for underarm, using larger needles and re-joining yarn, pick up and 4 knit stitches, working leftwards, then create 1 stitch from the corner, where those underarm stitches meet the stitches held on waste yarn - This is just to avoid any unsightly gaps, we will reduce it on the following round. Placing them back on needle, knit through (you can also knit directly from waste yarn) those held sleeve stitches, followed by creating 1 stitch from the corner as you did before, and end by picking up the 4 stitches left of the underarm, coming full circle to the first stitches of the underarm that you picked up and place a marker in the centre there for BOR.

**Bind Off Loosely as below:**

Set Up: K1, YO, K1, then Pass both the 1<sup>st</sup> stitch and YO over the 2<sup>nd</sup> stitch.

Now continue the repeat as follows: \*YO, K1, pass both the 1<sup>st</sup> stitch and YO over the 2<sup>nd</sup> stitch\*

Repeat this until last stitch left, cut yarn with a few inches room, and pull that through stitch to secure off.

**Finishing:**

Weave in ends. Wet block your sweater as usual, being careful when removing from the water if soaking to lift the weight evenly so as not to stretch the piece out. Lay flat out on blocking mats, pin to the measurements as stated in Schematic, or to your satisfaction.
