

300 CLASSIC BLOCKS FOR CROCHET PROJECTS

LINDA P. SCHAPPER

300 CLASSIC BLOCKS FOR CROCHET PROJECTS

Crochet begins with a chain, and the way the stitches are formed determines the pattern. Simple, yes? Yet it's remarkable how many varied and beautiful

patterns can be made this way. And all with just a hook and some yarn.

Linda Schapper focuses exclusively on blocks in this invaluable reference that anyone who crochets will want to keep handy. The three hundred patterns range from small to large, and from circles and squares to triangles and hexagons. Some of the designs are sculpted, while others are worked in the shape of rosettes and other floral motifs.

You'll find single, double, treble, and double-treble crochets. There are clusters and bobbles. Puff, popcorn, and post stitches. Picots are also included. And so many more.

Here's a guide that you'll reach for whenever you want to create your own project, whether it's

■ Introduction ■

Very little has survived in the way of a written record about the early history of crochet. However, we believe that the craft dates back to the Stone Age, when a crude hook was used to join sections of clothing. In all probability, we adopted the French word for hook—*crochet*—as the name of the craft because the French did more than any other group to record crochet patterns.

As with many handcrafts, crochet developed and flourished, taught from generation to generation without written instructions. Patterns survived by being handed down through families. New patterns were copied by examining designs with a magnifying glass. In the 19th century, written instructions became more popular as the reading level of women improved. Instructions, however, can be often long and tedious and, although perfectly clear to the writer, frequently difficult for the crocheter.

Here in *Crochet Blocks* I provide written instructions for each pattern as well as instruction in the International Crochet Symbols system. The diagrams for these symbols are easy to read after you have memorized a few of the basic stitches. This system enables you to see the whole pattern in proportion, and it is an enjoyable experience to pick up a crochet book written for a Russian, French, or Japanese audience and be able to understand the crochet symbols. The symbols themselves look a great deal like the actual crochet stitches and, as you will see, are not at all difficult to follow.

Crochet begins with a chain, and the way the stitches are formed determines the pattern. You need only a hook, your hand, and the thread. It is a portable craft and can be done almost anywhere, and it is difficult to make a mistake that cannot be corrected immediately. Crochet is versatile. You can make lace patterns, both large and small, mimic knitting, patchwork, or weaving, and you can create any number of textile patterns.

This book focuses on blocks and includes an extensive variety of shapes and sizes. Patterns range from small to large, and from circles and squares to triangles and hexagons. Some of the patterns are sculptured, while some are in the shape of rosettes and other floral patterns.

When I first discovered crochet blocks 20 years ago, I was enchanted with the sheer number of different patterns that could be made with a simple crochet hook and the same white thread. It brought to mind all the infinite possibilities we have with our lives. The slow build up of the pattern, block-by-block, suggested to me that, with small steps, we can get through anything. A close friend had died, and I was going through a particularly sad time in my life, and crocheting the blocks was a comforting exercise. Since then, my life has gone through many highs and more lows and, all these years later, I am still enchanted by the beautiful patterns we can make with a little bit of organization and determination.

With the resurgence of interest in crochet today, it has become popular with both newcomers to the craft and veteran crocheters alike. My hope is that with this book, you, too, will discover or perhaps even rediscover the joy of crochet.

Notes for those using the written instructions

- The abbreviations used throughout are ones used in the United States. A list of basic terms used in the U.K. and Australia is on page 255.
- Learn to read the diagrams, as they are much easier to follow than the instructions. When in doubt about the written instructions, check them against the diagrams.
- To make the motifs reversible, turn at the end of each round, and work the wrong-side rows in reverse—clockwise—following the diagram. Many of the motifs were worked this way to make them reversible.
- The division of stitches into chapters is somewhat arbitrary because many of the patterns can fit into several chapters. I tried to place them where they were most typical.

■ Basic Stitches ■

SLIP KNOT

Step 1: Make a loop with the end of the yarn, as shown. Pass the hook through the loop, under the working thread, and catch the thread with the hook.

Step 2: Slip knot on hook to begin.

CHAIN (ch)

Step 1: Yarn over hook (yo), and draw yarn through the loop on hook (ch made). Repeat as required.

SLIP STITCH (sl st)

Step 1: Insert hook in designated stitch.

Step 2: Yo, draw yarn through stitch and the loop on hook (sl st made).

SINGLE CROCHET (sc)

This is a short, tight stitch.

Make a chain of desired length.

Step 1: Insert hook in designated st (2nd ch from hook for first sc).

Step 2: Draw yarn through stitch.

Step 3: Yo, draw yarn through 2 loops on hook (sc made).

Step 4: Insert hook in next chain, and repeat steps to create another single crochet.

HALF DOUBLE CROCHET (hdc)

This stitch gives a lot of body and structure and resembles knitting.

Make a chain of desired length.

Step 1: Yo, insert hook in designated st (3rd ch from hook for first hdc).

Step 2: Yo, draw through stitch (3 loops on hook).

Step 3: Yo, draw yarn through 3 loops on hook (hdc made).

Step 4: You will have one loop left on the hook. Yo, insert hook in next ch, and repeat sequence across row.

DOUBLE CROCHET (dc)

This is perhaps the most popular and frequently used crochet stitch.

Make a chain of desired length.

Step 1: Yo, insert hook in designated st (4th ch from hook for first dc).

Step 2: Yo, draw through stitch (3 loops on hook).

Step 3: Yo, draw yarn through first 2 loops on hook.

Step 4: Yo, draw yarn through last 2 loops on hook (dc made).

Step 5: Yo, insert hook in next st, and repeat steps to continue across row. Repeat steps 2-4 to work next dc.

TREBLE CROCHET (tr)

Make a chain of desired length.

Step 1: Yo twice, insert hook in designated st (5th ch from hook for first tr).

Step 2: Yo, draw through stitch (4 loops on hook).

Step 3: Yo, draw yarn through 2 loops on hook (3 loops on hook).

Step 4: Yo, draw yarn through 2 loops on hook (2 loops on hook).

Step 5: Yo, draw yarn through 2 loops on hook (tr made).

Step 6: Yo twice, and repeat steps in next ch st.

BOBBLE

Can be made with 2 to 6 loops. Shown for 4 loops.

Step 1: Yo, insert hook in designated st.

Step 2: Yo, draw yarn through st and up to level of work (first loop).

Step 3: (Yo, insert hook in same st, yo, draw yarn through st) as many times as required (3 more times for 4-looped bobble st—11 loops on hook).

Step 4: Yo, draw yarn through all loops on hook (bobble made).

PUFF STITCH

Can be made with 2 to 6 sts. Shown for 3 dc.

Step 1: Yo, insert hook in designated st (4th ch from hook for first puff st), yo, draw yarn through st, yo, draw yarn through 2 loops on hook (half-closed dc made—2 loops remain on hook).

Step 2: Yo, insert hook in same st, yo, draw yarn through st, yo, draw yarn through 2 loops on hook for each additional dc required (2 more times for 3-dc puff stitch—4 loops on hook).

Step 3: Yo, draw yarn through all loops on hook (puff stitch made).

POPCORN (pop)

Can be made with 2 to 6 sts. Shown with 5 dc.

Pop on RS rows:

Step 1: Work 5 dc in designated st (4th ch from hook for first pop).

Step 2: Drop loop from hook, insert hook from front to back in top of first dc of group, pick up dropped loop, and draw through st, ch 1 tightly to secure (pop made).

Pop on WS rows:

Step 1: Work 5 dc in designated st (4th ch from hook for first pop).

Step 2: Drop loop from hook, insert hook from back to front in top of first dc of group, pick up dropped loop, and draw through st, ch 1 tightly to secure (pop made).

CLUSTER

Shown for 4-dc cluster.

Step 1: Yo, insert hook in designated st, yo, draw yarn through st, yo, draw yarn through 2 loops on hook (half-closed dc made—2 loops remain on hook).

Step 2: (Yo, insert hook in next designated st, yo, draw yarn through st, yo, draw yarn through 2 loops on hook) as many times as required (3 more times for 4-dc cluster—4 half-closed dc made—5 loops on hook).

Step 3: Yo, draw yarn through all loops on hook (cluster made).

PICOT

Shown for ch-3 picot.

Step 1: Ch 3.

Step 2: Sl st in 3rd ch from hook (picot made).

CROSSED STITCH (CROSSED tr SHOWN)

Step 1: Skip required number of sts (skip 2 sts shown), tr in next st, ch required number of sts (ch 1 shown), working behind tr just made, tr in first skipped st.

V-STITCH (V-st), OR SHELL

A designated number of stitches (frequently worked with double crochet stitches) worked in same stitch (shown for 4-dc shell). V-sts are comprised of 2 dc (with or without a ch space). Shells can be made with 3 or more dc (with or without ch spaces).

Work 4 dc in designated st (shell made).

Y-STITCH (OPEN VERSION SHOWN)

Step 1: Work tr in designated st.

Step 2: Ch required number of sts (ch 3 shown), yo, work dc in 2 strands at center of tr just made (Y-st made).

FRONT POST DOUBLE CROCHET (FPDC)

Stitch is raised to front side of work.

Step 1: Yo, insert hook from front to back to front again, around the post of next designated st.

Step 2: Yo, draw yarn through st, (yo, draw yarn through 2 loops on hook) twice (FPdc made).

BACK POST DOUBLE CROCHET (BPDC)

Stitch is raised to back side of work.

Step 1: Yo, insert hook from back to front to back again, around the post of next designated st.

Step 2: Yo, draw yarn through st, (yo, draw yarn through 2 loops on hook) twice (BPdc made).

JOINING BLOCKS

Blocks such as squares, triangles, and hexagons, and even some other designs can be joined together directly without using a different shape to fill out the pattern. Others, such as circular or floral blocks, must be alternated, sometimes with a pattern of a different shape. This provides an opportunity to use your imagination in the selection of a complementary pattern. There is no right or wrong way. Whatever looks good to you can be used.

JOINING MOTIFS TOGETHER

There are several methods for joining motifs together. Sewing and crocheting are the most popular methods. Sewn seams are the least bulky, but if you prefer to avoid sewing, I've included two methods of crocheting seams.

Joinings can be worked with right sides or wrong sides facing. Worked with the wrong sides facing, the joining will stand out on the front of the piece. Placing the motifs with right sides of the motifs facing, the joining will be on the back and less noticeable. Use whichever method you prefer, just be consistent throughout.

Joinings can be worked through both loops of stitches for a sturdy join or through only the back loops of both pieces for a flexible seam. Illustrations show sewing and slip stitching through back loops of stitches and single crocheting through both loops of stitches. Always work joining stitches as loosely as the crocheted pieces to avoid tight seams that distort the fabric.

SEWN OR WHIPSTITCHED SEAMS

Place motifs together with right (or wrong) sides facing. Using a yarn needle and matching yarn, insert needle through back loop only of corner stitches of both pieces, draw yarn through and secure with a knot, *insert needle from top to bottom through the back loop of the next stitch of each piece, then draw yarn through; repeat from * across side to be joined, to next corner stitch. Fasten off.

SLIP STITCHED SEAMS

Place motifs together with right (or wrong) sides facing. Using crochet hook and matching yarn, make a slip knot with yarn. Insert hook through back loop only of corner stitches of both pieces, place slip knot on hook, *insert hook through back loop of next stitch of each piece, yo, draw yarn through all three loops on hook; repeat from * across side to be joined, to next corner stitch. Fasten off.

SINGLE CROCHETED SEAMS

Place motifs together with right (or wrong) sides facing. Using crochet hook and matching yarn, make a slip knot with yarn. Insert hook through both loops of corner stitches of both pieces, place slip knot on hook, ch 1, insert hook through same two stitches, yo, draw yarn through stitches, yo, draw yarn through 2 loops on hook, *insert hook through both loops of next stitch of each piece, yo, draw yarn through stitches, yo, draw yarn through two loops on hook; repeat from * across side to be joined, to next corner stitch. Fasten off.

■ Acknowledgments ■

I'd like to thank Charles Nurnberg, president of Sterling Publishing Company in New York, who very kindly remembered me from 20 years ago, when I wrote my first crochet books, and gave me the wonderful opportunity of reprising them with Lark Books and passing on again these timeless techniques and my own love of crochet.

Thanks also to the Lark team who helped me through the revision of this book and who brought the entire project together—my editor Susan Kieffer, technical editor Karen Manthey, and art director Shannon Yokeley. I appreciate your dedication and vision. And, thanks to the following for their assistance with editorial details: Amanda Carestio, Dawn Dillingham, Rosemary Kast, and intern Halley Lawrence, and to the following for their assistance with production details: Jeff Hamilton, Avery Johnson, and intern Eva Reitzel.

■ About the Author ■

Linda Schapper's artistic vision is expressed in a wide range of media, from patchwork quilts and crochet, to painting and liturgical textiles, all of which are characterized by a folk-art style. She has traveled and taught extensively around the world in more than 30 countries, speaks four languages, and has had some 100 exhibits of her patchwork quilts. She has written eight books, four of them on crochet. She now divides her time between painting and writing, primarily about her liturgical work.
