PATTERN TECHNIQUES
Cable Cast-On: *Insert right-hand needle **between** first two stitches on left-hand needle, yarn over needle (as for a regular knit stitch) and bring the loop through. Without twisting it, transfer the newly created stitch onto the left-hand needle; rep from * until you have cast on the specified number of stitches

PATTERN NOTES
Piccadilly begins at the top centre and is worked downwards to border. There are two yarn-over increases in every row to create an elongated crescent shape. The shawl is worked in stocking stitch with picot garter stripes before a lace border is worked sideways and joined to the body with simple decreases and slipped stitches.
At the end of each Picot Stripe the stitch count will have increased by 12 stitches with the exception of Picot Stripes 6 and 13 which include additional M1R increases – stitch counts are given at the end of each row for these sections.
Stitches created by each M7 are decreased away in subsequent rows and have no net effect on total stitch counts.
All slip stitches should be slipped purlwise with the yarn held as indicated by the stitch.

PATTERN BEGINS
Take time to read the Pattern Notes before starting.

GARTER TAB CAST ON & SET-UP
Using MC, cast on 3 sts.
Knit 6 rows but do not turn on the last row.
Rotate work 90 degrees clockwise, pick up and knit 1 st in each of the 3 garter ridges. Rotate work another 90 degrees, pick up and knit 3 sts along the cast-on edge, turn. *9 sts*
Set-up row: K3, PM, k3, PM, k3.
Row 1 (RS): K3, SM, yo, [kfb] 3 times, yo, SM, k3. *14 sts*

PICOT STRIPE 1
Join CC and commence working stripes of 2 rows in CC and 4 rows in MC. **Loosely** carry the unused yarn up the side of the shawl – no need to break it after each stripe. If desired, begin each RS row with a yarn over and drop it at the end of the following WS row to keep the edge loose.

BORDER
Notes: The border includes two pattern stitches worked simultaneously: Chart A in MC and Chart B in CC. As you work the border, the last stitch of each RS row is joined to the main body of the shawl by working an ssk (1 st from border with 1 st from body), then turn and work the next WS row to the end.
When changing colours between Chart A and Chart B, twist the yarn strands in the back of work on RS rows, and in front on WS rows.
Stitch counts fluctuate so when checking stitch counts do so after working either Row 1, 2 or 4 of Chart B.

With RS facing, using MC and the Cable Cast-On method, cast 24 sts onto LH needle (at the end of main body sts), then tightly join CC and cast on a further 9 sts using CC.

Set-up row 1 (RS): K8, k1tbl, k23, ssk (1 st from border with 1 st from body), turn.
Set-up row 2 (WS): Sl1 wyif, k23, p1tbl, k8, turn.

Reading from the Charts or Written Instructions, working Chart A in MC and Chart B in CC, work Rows 1-50 of Chart A a total of 13 times, then work Rows 1-15 **only** once more continuing to work repeats of the 4-row Chart B throughout. On RS rows Chart B is worked first followed by Chart A, and vice versa on WS rows.

Next row (WS): sl1 wyf, k23, p1tbl, k8.
Cast off knitwise on RS, joining the last st of body to the border.

FINISHING
Weave in ends and block to measurements in a crescent shape, taking care to pin-out the eyelets along the edge.
