## US to UK crochet terminology:

sc = double crochet (dc), hdc = half treble (htr), dc = treble (tr), tr = double treble (dtr), dtr = triple treble (trtr), sk (skip) = miss, gauge = tension, yo = yarn over hook (yoh).

## Special stitches and abbreviations (American):

### Common abbreviations:

- **BLsc (back loop single crochet):** single crochet in back loop only.
- **BLsc2tog:** 2 BLsc together.
- **BPtr (back post treble crochet):** treble crochet made in back post.
- **CL:** cluster; 8 tr in same st together. Can be replaced by 8 dc (easier to make, but smaller). Can be made in st (in 2 lps) or bet posts of prev and current sts (it's easier to fit 8 sts in bet posts space).
- **FPtr (front post treble crochet):** treble crochet made in front post.
- **FPtr2inc:** increase, 2 FPtr in same st.
- **FPtr2tog:** decrease, 2 FPtr together.
- **Legs:** parts of complex stitches. Example: prev st has 2 FPtr legs.

### Custom abbreviations:

- **B** (common abbreviation is **BPdc, back post double crochet**): double crochet made in back post.
- **F** (common abbreviation is **FPdc, front post double crochet**): double crochet made in front post.

- **F2CL:** cluster, 2 F in same st together.
- **B2i (B3i):** increase, 2 (3) B in same st.
- **B2t (B3t):** decrease, 2 (3) B together.
- **F2i (F3i):** increase, 2 (3) F in same st.
- **F2t (F3t):** decrease, 2 (3) F together.
- **Shallow B:** instead of inserting hook in back post, insert hook from WS to RS under 2 lps of directed st, then from RS to WS under 2 lps of next st.

### Yarn abbreviations:

- **Yarn1:** gray/ background color, **Yarn2:** brown/ embossed elements color, **Yarn3:** yellow/ embossed elements color for the bee, bobbles, and crown.

### How to read pattern:

- Check for corrections: <https://www.outstandingcrochet.com/queenbee-bag-crochet-pattern>
- Pattern includes written instructions, step pictures for making wings, lining, and handles, and 4 charts: for the bag bottom, front side (with a bee), back side (with long branches), and wings.
- Before starting, get familiar with special abbreviations on p. 4, watch all videos on p. 5, or refer to both sections when needed.
- You can make your project using only one color. Embossed elements will stand out regardless. Bee stripes can be achieved by alternating 2 rounds of front post and 2 rounds of back post stitches. To find out how much yarn you need for one color version, combine all three colors. Carried yarn amount is not significant to subtract.
- Both bag and pillow are made from the bottom up with rounds starting on the left side. Pillow starts with a few plain rounds followed by embossed elements section (follow bag body instructions where advised, but add extra stitches as directed.) Bag starts with a flat bottom about 5cm/ 2" wide followed by bag body section with embossed elements and finished with bag upper edge backing.
- Before starting first round with embossed elements, fasten off and re-join yarn in the middle of the back side, to the left from the middle stitch of the central branch, which allows beginning ch 2 of each round to blend in. First stitch of each round is painted red on charts.
- Make, wash and dry bag, pillow and wings according to Care section before stitching wings on. Make bag lining and handles. Fill pillow with a filler, and stitch sides together.

## **Bag body:**

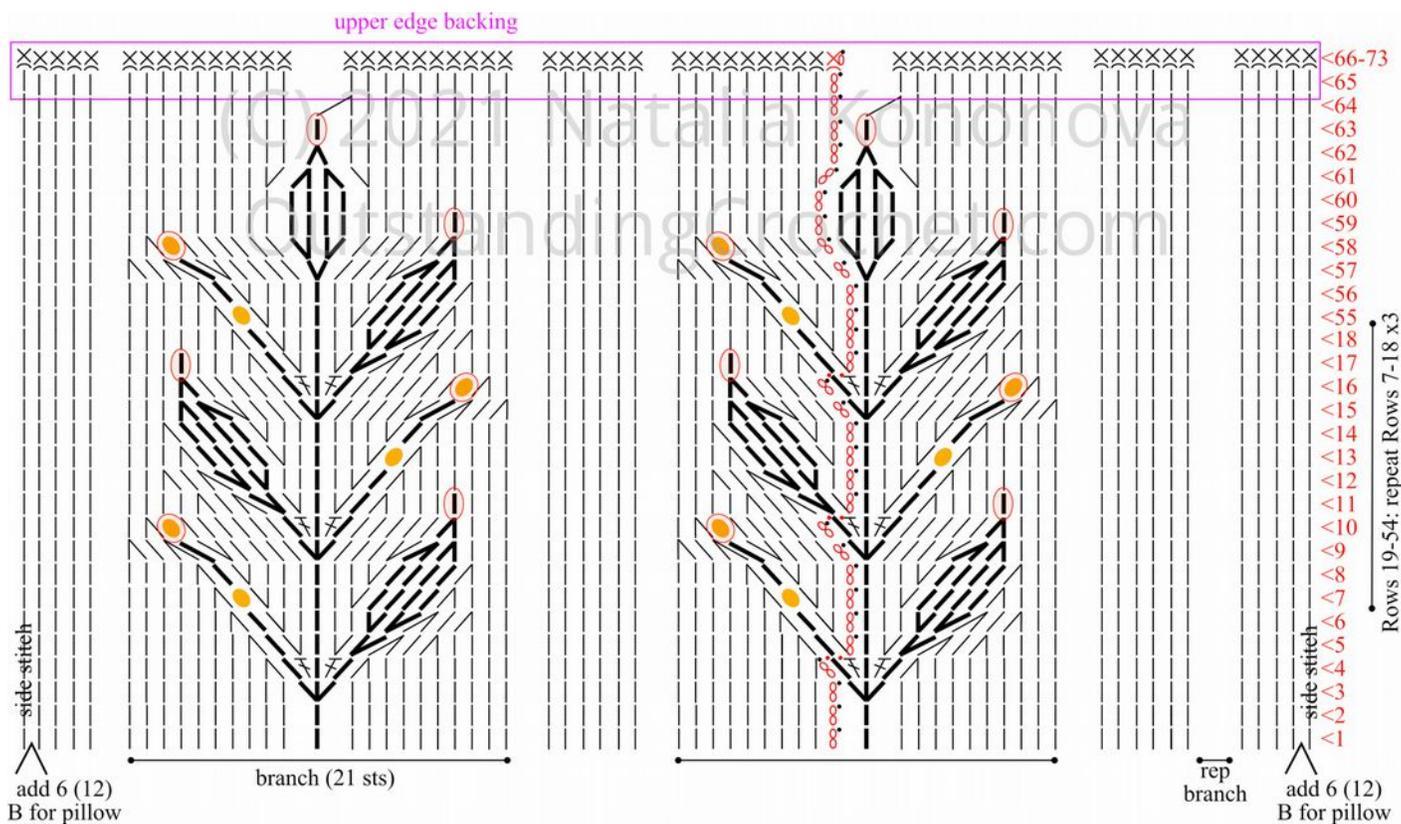

### **Notes:**

- All B, dc between posts, and ss at the end of each round are made with Yarn1/ background color.
- All F are made with Yarn2 or Yarn3. Exception: a few stitches on top of bee head are made with Yarn1.
- Front post sts (made with Yarn2 or Yarn 3) are highlighted with gray, but only ones made with Yarn3 are preceded with phrase “with Yarn3”. Instructions usually do not mention Yarn2, so every gray highlighted front post st that is not preceded with phrase “with Yarn3” is made with Yarn2. Examples: “(with Yarn3 F2t, 11 F, F2t)” means that all sts in the parentheses are made with Yarn3; “with Yarn3 F, F,” without parentheses means that first F is made with Yarn3, but second F is made with Yarn2.
- Switch to other color while finishing prev st: make last yo with next color and draw yarn through all lps on hook. Exception: stitches at the top of embossed elements (marked by red ovals on charts) such as leaves, bee legs, bobbles at the top of branch, crown tips or all sts in which back post st will be made in the next round. Written instructions remind you not to switch yarn in advance for those sts: finish prev stitch with Yarn1, make special st with Yarn2 or Yarn3 and finish with Yarn1.
- You don't have to carry Yarn3 if it's not used in current round (check both: back and front sides; not reminded by written instructions). Fasten Yarn3 off, or leave vertical strand on WS.
- Constantly stretch your work after every few stitches to avoid carried yarn contracting your work.
- To make instructions shorter, both marked *side B sts* are included in **BACK** section.
- Repeated instructions are underlined, and when you need to repeat them, it's directed as rep, rep, or rep. Repeat corresponding instructions.
- Rounds start in the middle of back side.
- There are videos for all stitches and techniques in Videos section on p. 5.

**Chart 2** for back side on p. 9, **Chart 3** for front side on p. 10. **Chart 3.1** (left and right side) on pages 30, 31 is for printing bigger chart. Glue together left and right halves.

### *Attaching wings:*

Weave in ends, wash and dry wings according to Care section on p. 20. Arrange wings on the bag or the pillow, baste on. Place a magazine inside to prevent catching other side with needle. Working from RS, sew wings on along the edge with back stitch, making invisible tiny stitches on RS.

### *Bag lining:*

- **Measure and cut fabric for lining.** Lay your bag on a flat surface with upper edge backing unfolded. Measure the bag: Height - from the bottom to the top of unfolded upper edge backing (43cm/ 17"). Width - stretch it slightly width-wise while measuring, multiply by 2, add 5cm/ 2" for seam allowances and adjustments. ( $35 \times 2 + 5 = 75\text{cm} / 29 \frac{1}{2}"$ ). Cut fabric to the measurements: 43cm/ 17" x 75cm/29 1/2".
- **Side seam.** Fold your fabric into half width-wise with RS together, stitch side seam with 2.5cm/1" seam allowance. Insert lining in, stretch the bag width-wise to check if it fits, re-do the side seam if necessary. When lining fits the bag, trim seam allowances to 2cm/ 3/4", overcast separately, press open. Fold the lining so the side seam is located in the middle of one side, press.

- **Bottom seam.** Stitch bottom seam with 2 cm/ 3/4" seam allowance, overcast separately. Flatten the bottom corners of the lining to form triangles and pin to secure. Mark and stitch 5cm/ 2" long corner seams. Trim off excess fabric from the triangles, overcast seam allowances together, fold inwards and hand-stitch to the bottom with whip stitch.

- **Upper edge.** Insert lining in. Align the upper edge of the lining with the upper edge of the bag not the backing. Check that the height of the lining matches the height of the bag (without the backing). Make adjustments to the lining by trimming off excess fabric from its upper edge. If the end of the side seam comes undone after trimming, secure it with a few stitches. Overcast upper edge.

- **Upper edge seam, backing seam. Magnet clasp.** Video for upper edge seams: <https://youtu.be/AsCG2rdwvgs> Insert finished lining in. Align upper edges of lining and bag, match the side seam of lining with the middle of bag's back, baste or pin. With the RS of the bag facing, hand-stitch lining to the bag with back-stitch - work very close to the upper edge of the lining and along the top edge of the bag, making tiny invisible stitches on RS. Fold backing over the lining and hand-stitch backing edge to the lining with whip stitch. Stitch magnet clasp parts to the backing.

## **Handle (x2):**

### **Special Abbreviations:**

- **CPsc (center post or waistcoat single crochet):** insert hook in center of post of another sc, or in the middle of 'V'.
- **CPjoin (center post join):** after last st of each waistcoat st round take lp off hook, insert hook from WS in second sc, pick up lp, and draw through st, turn to RS.
- **First CPsc (first center post single crochet of each round):** ch 1, with lp on hook (first lp) insert hook from RS in center post of first sc from prev round, yo, pull up lp (second lp), make sure lps are same size, take both lps off hook, insert hook in second lp, pick up first lp, and draw through second lp.

### **Notes:**

- Step pictures on next page. Video for waistcoat stitch: <https://youtu.be/Gq5KiByT07s>
- Using measuring tape, determine the desired length of handles. Provided instructions result in about 50cm/ 19 3/4" long handles which is long enough to wear the bag over shoulder for smaller sizes. For bigger sizes, try foundation on and adjust length.
- Each handle is made in rounds and folded in half. Halves stitched together along the edges, and the handle is stitched to the bag.

**Row 1:** 160 sts foundation cord, ch 1 (doesn't count as st), sc in same st, 159 sc, ss in 1<sup>st</sup> sc to join.

**Rows 2-6:** First CPsc, 159 CPsc, CPjoin. Fasten off leaving a long tail (130cm/ 51" is enough to sew end to the bag and whip-stitch one side of the handle).

### **Assembly:**

- **Block handle.** Weave in beg tail. Steam-block (only 100% cotton fiber) while stretching handle to full capacity.
- **Stitch one end to the bag.** Thread tapestry needle with tail and sew one end to 6 sts at the top of Row 64. See pictures for the right spot. Distance between attached handle ends is 16cm/ 6 3/8". Start from the st closest to the bag side, work inwards, make 4 stitches in each of 6 sts of the bag and through the handle folded end for durability, secure end, do not cut off yarn.
- **Stitching 2 sides together, attaching 2<sup>nd</sup> end to the bag.** Slide your hands over held together 2 sides of the handle all the way to the other end while arching it to find the second folded end. Pin other end to the bag. It's important to have other end pinned to the bag while stitching 2 sides of the handle together because bottom side of the handle should be slightly shorter due handle arching. Proceed stitching edges of 2 halves of the handle together with whip stitch. Upon reaching other end, unpin it and stitch to the bag the same way you attached the first end. Secure end, and proceed to whip-stitching other side edges together. Re-thread when needed.

Stitch 1<sup>st</sup> end to the bag.

Make 4 sts in each of 6 sts of the bag for secure attachment.

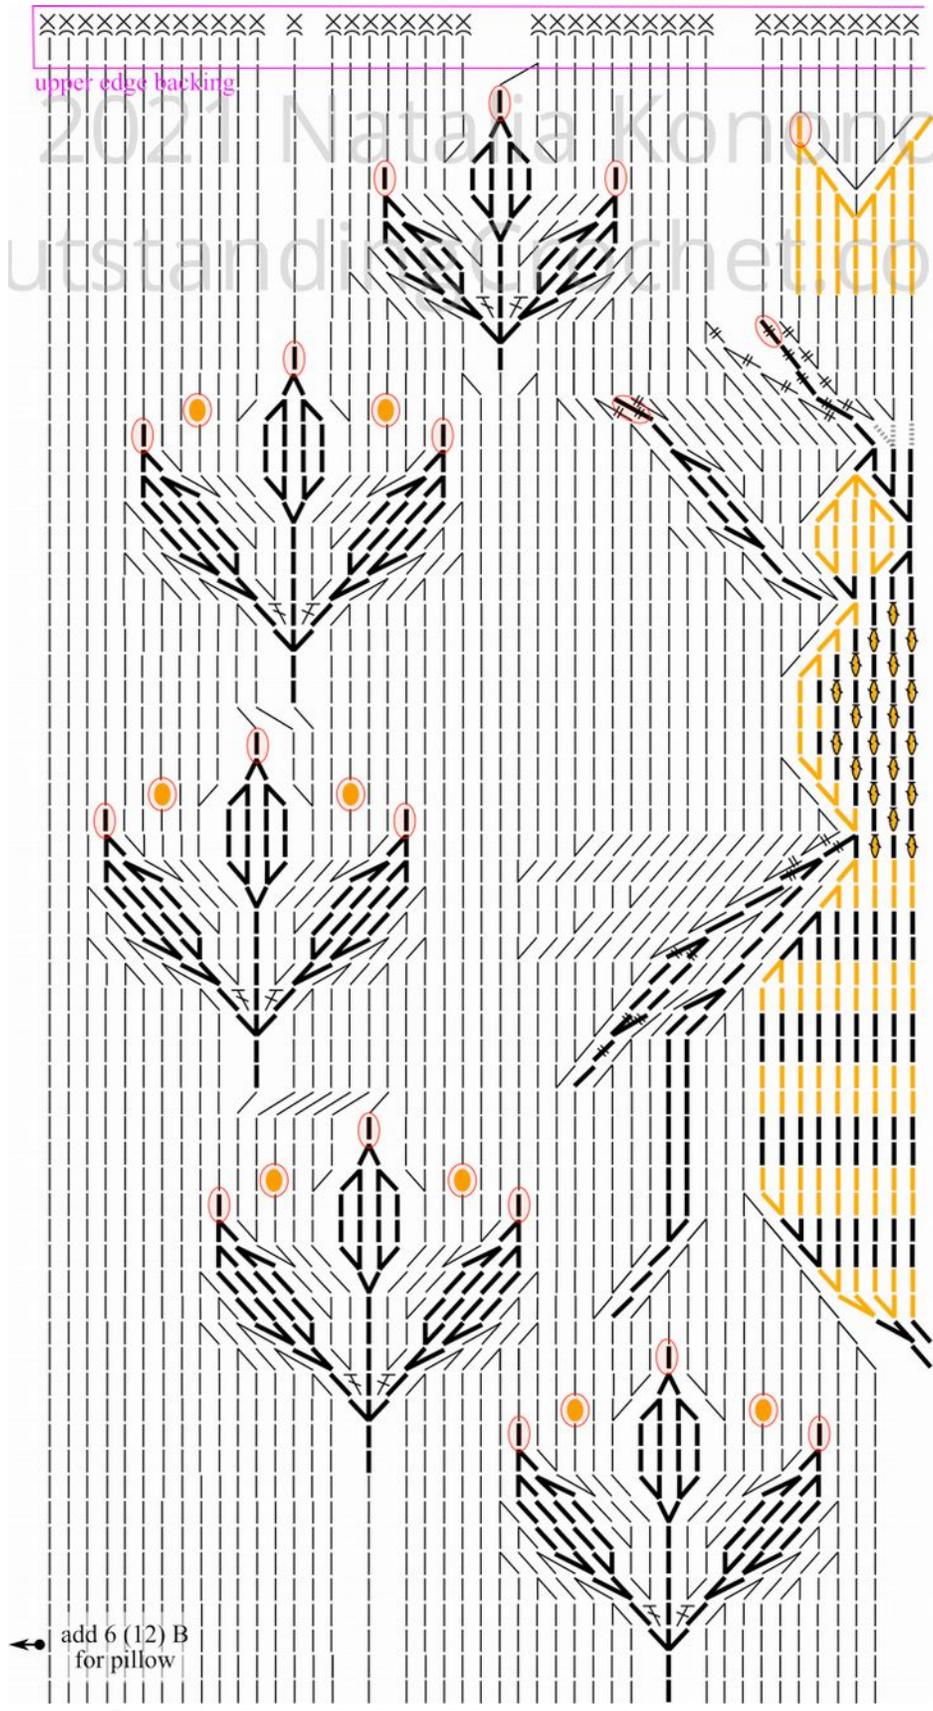

Pin other end to the bag.

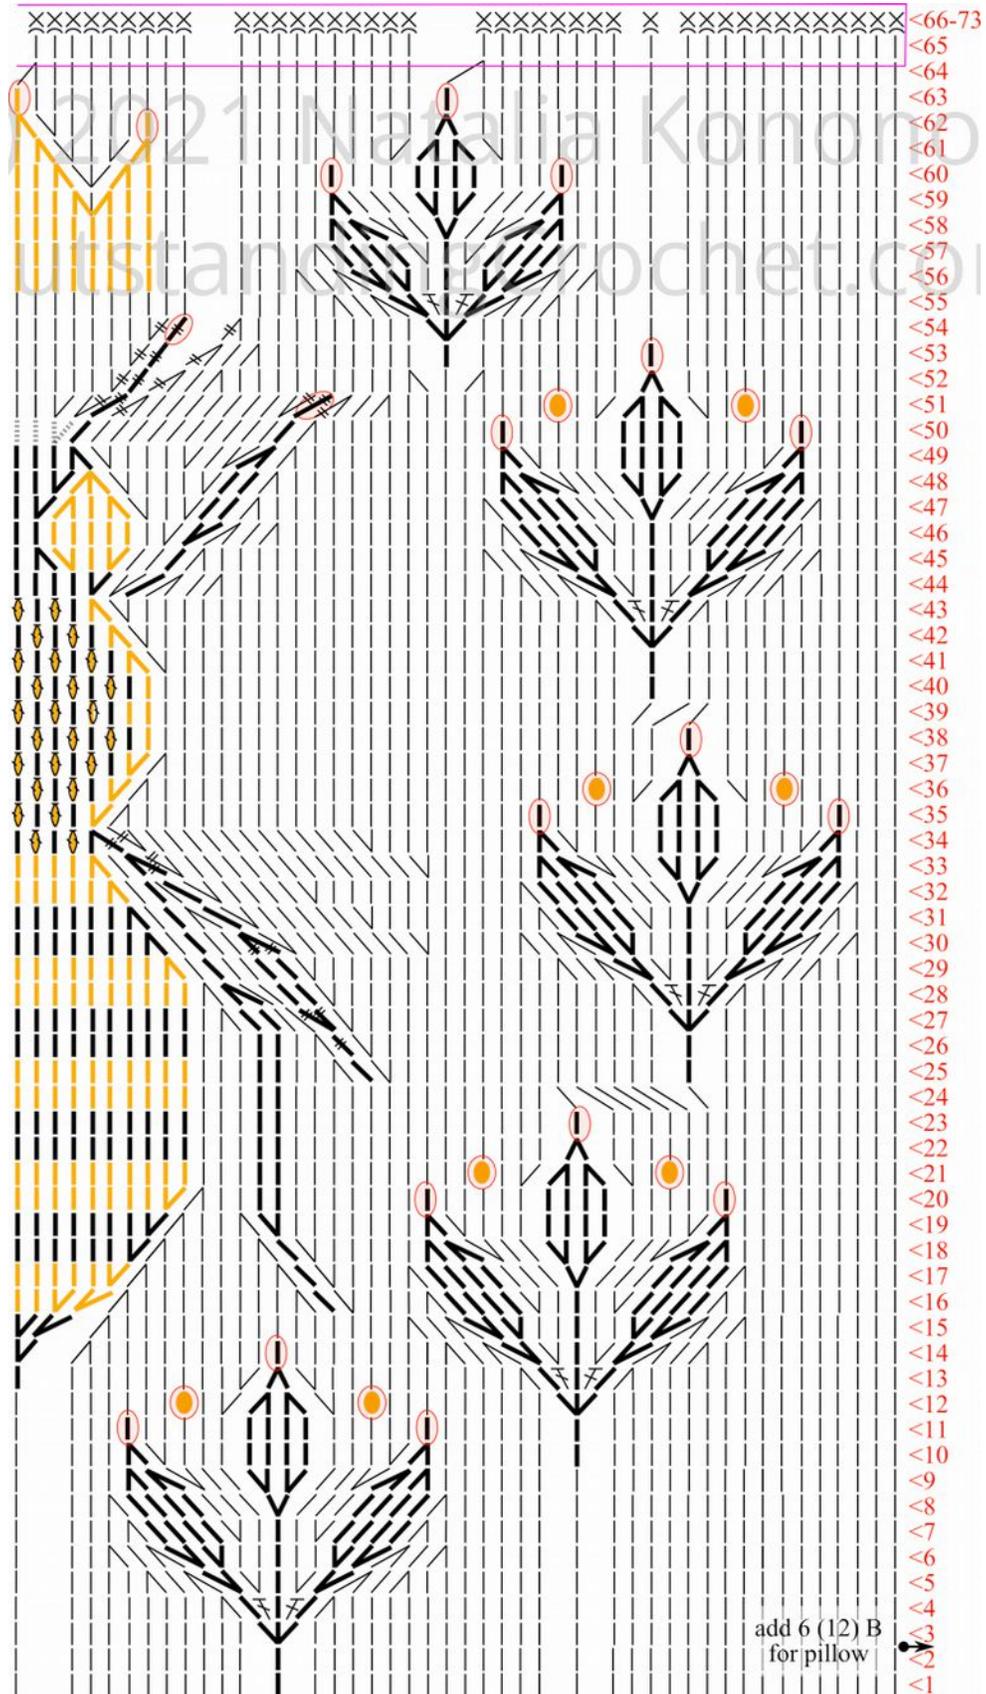

Sew edges together with whip stitch.
