Rosa Tee (Little) is a summer T-shirt with a beautiful lace on the raglan.

It has an opening in the back, which closes with a knot thanks to a pretty Icord added to the neckline. Sleeves and lower body are finished with picot hems (or sewn hems if you prefer). It is knitted with a single fingering yarn.

The construction is **top-down**: the back, the sleeves and the front are knitted back and forth at the start of the project to create an opening for the head at the back (the backs is split in two). After a certain measure, the two parts of the back are joined in the round to close this opening. The sleeves are put on hold in order to knit the body; the sleeves are then knitted one after the other.

The stitches of the neckline are then picked-up to knit an Icord finish which is tied at the back.

An adult version is available on Ravelry & alongavecanna.com under the name "**Rosa Tee (Lady)**".

By following the chart, you will make 8 yarn overs by row, which means 8 raglan increases.

Finishes

Icord neckline:

With 2.75mm needles, pick-up and knit all the sts from the neckline. Cut the yarn.

Still with 2.75mm needles, CO 3sts using the long-tail cast on, slide them on the left needle and knit them. Slide them again on the left needle and knit them. Repeat this until the I-cord measures about 20cm long.

You are now going to attach the Icord to the neckline. To do so, place the 3sts from the Icord on the left needle, just before the sts from the neckline that you've previously picked-up.

Then, k2 and k2tog through the back loop: it means that for the k2tog, you will knit a stitch from the Icord with a stitch from the neckline. Slip the 3sts from the right needle to the left needle and do the same again: k2 and k2tog through the back loop. Continue this way until you've knit all the sts from the neckline that you've previously picked-up.

You will now continue the strand of the Icord by itself on the other side: as for the other side, k3, put them back on the left needle, k3, and put them back on the left needle again. Continue like this until the Icord measures the same length as on the other side.

Bind-off your 3 stitches, cut the yarn and pass it through the loop formed by the last

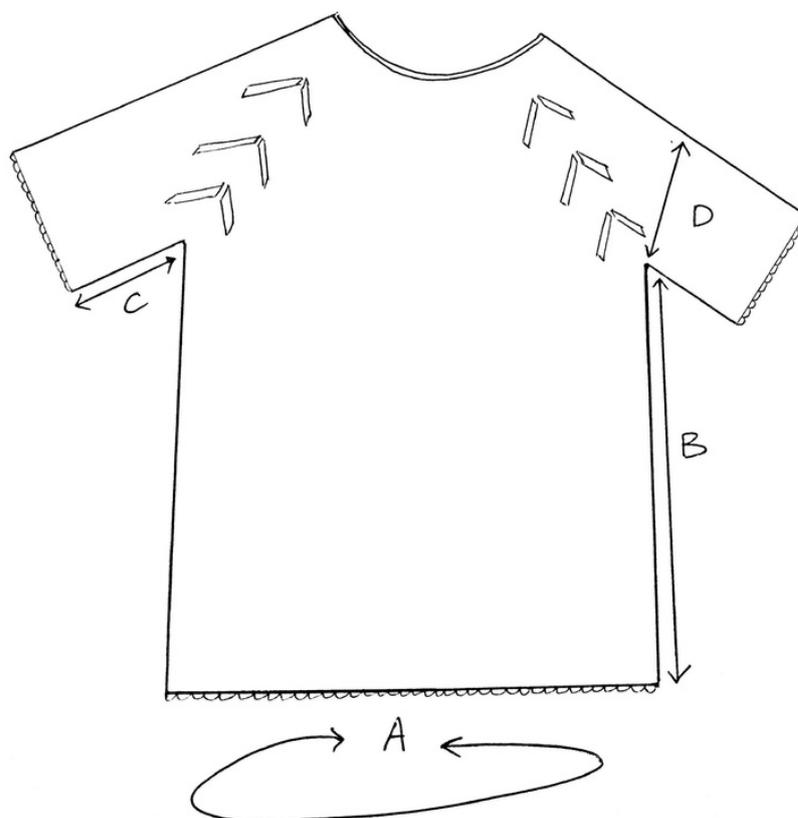

stitch.

Weave in the ends; Sew the picot or sewn hem inside. Block the tee and put it to the final measurements.

Note: if it's easier for you, you could sew the hem once it's been blocked.
