Materials:

- Worsted or light Aran yarn (approx 80m/90yds for a dog in a single colour) **Yarn A**, Yarn B
- 4ply/fingering weight yarn for the clothes in 2 or 3 colours: **Yarn C**, Yarn D, **Yarn E**
- Scraps of black 4ply/DK yarn for the eyes and facial features
- Toy stuffing
- A tiny button

Notions:

- Knitting needles: A pair each of 3mm (US 2.5) and 2.75mm (US 2)
- Tapestry needle

Finished size:

approx 23cm (9 inches) from the tip of the toes to the top of the head

Gauge:

Gauge for dog: 6 stitches x 9 rows to 1 inch

Gauge for clothes: 7 stitches x 10 rows to 1 inch

Thanks for buying a copy of this pattern. It is suitable for intermediate knitting skills and assumes an understanding of basic stitches and standard knitting terms. Apart from a couple of complicated shaping rows the knitting part of the pattern is quite simple and straightforward. All of the pieces are knitted flat and seamed (though if you decide to convert it to knit in the round please bear in mind that you will lose the ability to use the seams to add structure and shape to your finished dog and it will not look the same).

It is mostly the finishing techniques (sewing up, seams etc.) that give any knitted project a polished look so I've described in detail how I try to get the neatest look to the animals that I make, how I sew up, tighten seams etc. to get a particular shape. You will need to use mattress stitch if you want to follow the instructions properly as it has the benefit of giving a flexible seam that can be gathered in. There are a few fiddly finishing bits that are worth taking extra time over and it's also worth re-doing bits if you're not happy (it sometimes takes me 2 or 3 tries to get a face exactly how I want it).

Anyway, I hope that you find the pattern enjoyable (if a bit fiddly in parts) and are pleased with the dog that you make.

Included are instructions to make a plain brown dog and many other options for different breeds.

Abbreviations:

These increase methods are described in detail in the excellent knitting help website:

<https://www.knittinghelp.com/videos/increases>

KLL : KNIT LEFT LOOP. Increase 1 stitch by knitting into the stitch that is 2 below the one you have just knitted... insert tip of left needle into the stitch from behind and bring the loop onto the left needle. Insert the tip of the right needle into the back loop and knit, so making an extra stitch. This is the most invisible increasing method I've found so far but if you prefer you can substitute M1L.

M1L : MAKE 1 LEFT. A nice tight method of making an extra stitch. With the left hand needle pick up the connecting strand between the two needles and knit into the back of the loop to create an extra stitch. If you find this too tight for your liking you can substitute M1A (make one away) which will give a looser increase.

M1R : MAKE 1 RIGHT. A nice tight method of making an extra stitch. With the left hand needle pick up the connecting strand between the two needles from behind and knit into the front loop to create an extra stitch. If you find this too tight for your liking you can substitute M1T (make one towards) which will give a looser increase.

These decrease methods are described in detail in the excellent knitting help website:

<https://www.knittinghelp.com/videos/decreases>

SSK (SLIP, SLIP, KNIT) : Slip a stitch (as if to knit it) to the right-hand needle, slip a second stitch in the same way, slip both stitches together back to the left-hand needle and knit together through the back loops.

K2TOG : Knit 2 stitches together

P2TOG : Purl 2 stitches together

P2TOG TBL: Purl 2 stitches together through the back loops

Please note that the recommended cast on throughout this pattern is a Cable Cast on.

Yarn suggestions:

Yarn suggestions for the dogs:

When I knit my animals I enjoy experimenting with many different yarns, here are some suggestions, all of which I've used here in the pattern:

Cascade 220 (worsted weight); Malabrigo Worsted; Rowan Wool Worsted; Berroco Lanax; Quince and Co. Lark; Paintbox 100% wool worsted superwash; one strand of Rowan Kidsilk Haze held together with one strand of Rowan Kid Classic (which gives a fluffy result and can be brushed for even more fuzziness).

I have some more detailed yarn suggestions for knitting the dog in over on my blog:

https://littlecottonrabbits.typepad.co.uk/my_weblog/2018/02/choosing-yarns-for-little-cotton-rabbit-patterns-part-1.html

Yarn suggestions for clothes:

I like cotton yarns for the clothing as it has a pleasing drape and the hem will not curl in the same way as it will when knitted in woollen yarn. Cotton yarns are also crisp and show off colour-work patterns nicely, they also block well. DMC Natura Just Cotton, Drops Safran, BCGarn Alba, Krea Deluxe organic cotton and Scheepjes Catona or Cotton 8 are all 4ply cottons that in my experience knit up nicely and have a good range of colours. I have some more detailed yarn suggestions over on my blog:

https://littlecottonrabbits.typepad.co.uk/my_weblog/2020/06/choosing-yarns-for-the-little-cotton-rabbit-animal-patterns-part-2.html

Tip: Before you start, get to know your yarn. Does it break easily? If so you will need to consider using a different yarn to sew up with as seaming can cause weaker yarns to snap.

.....

Some notes on stuffing:

Stuffing soft toys and decorations can be tricky. Knitted fabric has a lot of stretch and unlike a firm woven fabric it will expand to the shape of the stuffing inside.

No matter how good your shaping is on a knitted piece, the way in which you stuff will be more crucial in determining the finished shape.

On limbs it is best not to over stuff and therefore avoid a fat sausage shape. On bodies it is fine to stuff firmly but be aware that over stuffing may mean that your dog does not sit down well.

I find that putting in small amounts of stuffing and building up a shape works best for me rather than pushing in a large wad all at once.

How to use this pattern:

This pattern is designed to give you many options for making different breeds of dog. There are nine options for the design of the head, six options for the type of ear, three options for the body, variations for the arms and legs and three options for the tail. By using different combinations of these elements you can create your own individual dog. I've suggested some combinations below for different dog breeds.

Very Important Note: Please refer to the ear pattern that you've chosen to use before starting on the head, as each different ear pattern has a set of [optional ear placement stitches](#) knitted into the head on **row 12**. If you wish to use these you'll need to incorporate the placement row for your chosen ears into your chosen head pattern. This is optional and you may wish to leave out the markers if you'd prefer to play around with the placement of the ears and choose the positioning yourself.

The pattern instructions:

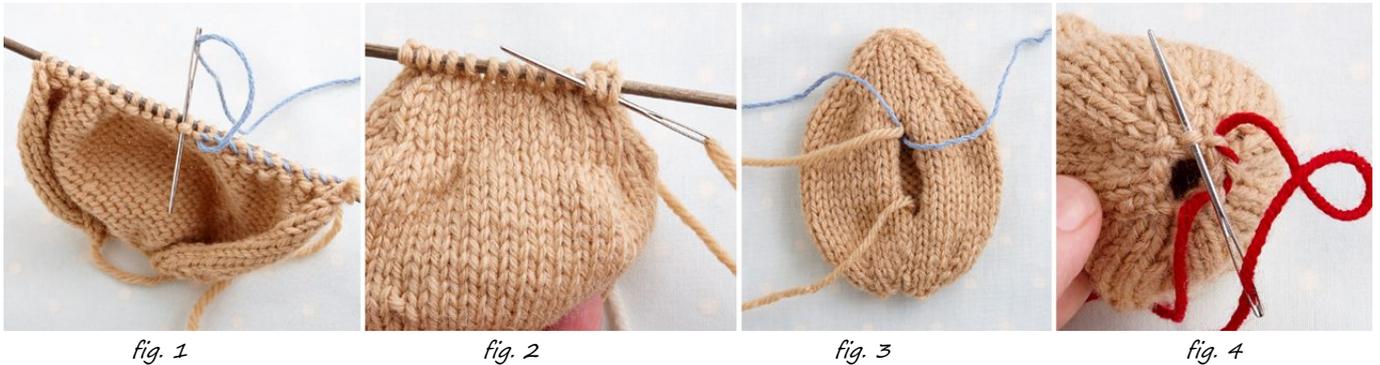

Head:

Make the head of your choice, there are 9 options on [Pages 17-25](#) The head is exactly the same for all in terms of size and shape and apart from the colour markings all are knitted in the same way (the same row and stitch counts).

Finishing Instructions for all heads:

Cut the work from the ball leaving a tail of around 8 inches and use the tapestry needle to sew this tail through the remaining 13 stitches (*fig. 2*). Pull up tightly and over-sew once to keep the seam from opening out again. Continue using this thread to close around an inch of the front head seam using mattress stitch. If you have made one of the heads with colour patches then weave in all yarn ends now. Next thread the tapestry needle with your cast-on tail and use it to begin closing the seam from the back of the head using mattress stitch and leaving an open gap through which to stuff the head (*fig. 3*).

Finally with the right side of work facing you, use a short length of **Yarn A** and sew through the loops from the cast on edge at the back of the head (I've used red thread to illustrate, *fig. 4*). Begin to gather in the seam and tie the ends together tightly inside the head to prevent it loosening again. Now it's time to stuff (see tips on stuffing on page 3).

I start with a tight ball of stuffing which I poke into the back of the head, packing it in firmly (*fig. 5*) then stuff the nose end lightly, pinching and manipulating the stuffing (*fig. 6*) until it takes on the shape that I want. At this point you want to tighten the ends of the thread that you sewed across the back of **row 24**. Pull gently on both ends until they tighten and define the muzzle (*fig. 7*). Here I've pulled the threads firmly to give a defined muzzle but you can just pull very slightly if you want a gentler slope to the muzzle.

Once you're happy with the shape of the muzzle tie these two ends together to secure them. Continue stuffing the head until you're happy with the shape. I pack in quite a lot of stuffing but I tend to add little bits at a time, moulding as I go to get an oval shape with slightly flattened sides, which is the shape I prefer for the dogs head. The finished head is quite firm and solid (*fig. 8*). When you are happy with the shape leave the seam at the bottom of the head open for now (making it easier to hide the tails ends from the ears and facial features inside the head) and set aside while you make the ears.

Ears:

Make the ears of your choice, there are 7 options on pages 26–33. Attach the ears to the head following the instructions detailed for each ear type and once the ears are attached you are ready to work on the face.

.....

To embroider the face:

For a 'smiley' mouth with upturned edges: Thread a tapestry needle with a 7 inch length of black 4ply or DK Yarn and sew it up through the open bottom seam of the head and out 2 rows above the centre of your gathered cast off (*fig. 9*), then down the outside of the centre seam. Sew into the head at the base of the mouth (below the centre gathered point) and out at one mouth corner (*fig. 10*). Take the thread across the front of the muzzle to the other mouth corner and sew back through the head, coming out again at the base of the mouth (*fig. 11*).

fig. 9

fig. 10

fig. 11

fig. 12

fig. 13

Take the working yarn through the loop you've just made so that the mouth is also pulled down into a 'V' shape (*fig. 12*). Sew the end back through the head at the base of the mouth and out of the open seam at the bottom of the head. Adjust the tightness of the stitches forming the mouth and knot the 2 ends of thread together securely before trimming and poke the ends inside the head.

If you prefer you can make a down-turned mouth which follows the curve of the muzzle, in which case make your first stitch (*shown in fig. 10*) shorter by sewing in through the gathered centre seam, and make the corners of the mouth lower than this, just underneath the line of the muzzle which will give a downward sloping mouth (*fig. 13*). See examples of this mouth on page 25

fig. 14

fig. 15

fig. 16

fig. 17

To make the nose: Thread a tapestry needle with an 18 inch length of your chosen yarn (black, brown or grey depending on the colours you've chosen for your head – grey looks better on a black muzzle) and sew up through the open bottom seam of the head and out on one side of the top corner of the nose – I use the decrease stitches as a placement marker. Begin sewing in parallel lines horizontally across the nose (*fig. 14*) and work downwards until you are level with the top of the mouth. You are aiming for a tapering rectangle shape rather than a triangular nose. To give nice neat edges to the nose and to round it off slightly, sew the yarn back through the head to the corner you started from and take it around the side of the nose, pass it underneath the line between nose and mouth (*fig. 15*) and back up the other side. Sew back through top corner of nose (*fig. 16*) and come out underneath head, tie off both nose thread ends and trim. That's the nose and mouth finished (*fig. 17*).

To add the eyes:

I prefer to add the eyes after closing the seam on the underside of the head, so finish joining those seams together now. I aim to get the seams to meet just behind the shaping under the chin and gently tighten the seams to give the head extra shaping before tying both ends together. Don't trim the ends as you'll use them to attach the head to the body later.

To make the eyes cut an 8 inch length of black embroidery floss or 4ply yarn (or brown/grey yarn if you're making a dog with a dark face). Starting underneath the head sew this yarn through the head to the position for the first eye leaving a tail of around 2 inches behind. Create an anchored French Knot for each eye, see below.

Anchored French Knot:

French Knots are a nice way of making a small decorative bobble and can be used as an eye or nose on a stuffed toy, also the shoe 'buttons'. The only problem can be that a knitted fabric tends to have large holes and so it is easy for the knot to slip to the wrong side of the work. To compensate I anchor my French Knots like this:

Thread a tapestry needle with 8 inches of yarn. Bring the needle up through the work to the point that you want the knot. Then push it back through the same point and out again one stitch away from the original point, leaving a little loop (*fig. 18*).

fig. 18

fig. 19

fig. 20

fig. 21

Slide the tip of the needle through this loop and wrap the thread around the needle tip between five and eight times depending on thickness of yarn – here I've wrapped 7 times with 4 ply yarn (*fig. 19*). Hold the wrapped thread in place between your finger and thumb and pull the needle all the way through to make a loose knot. Pull on the end under the head to tighten the anchor loop slightly then push the needle back down through the work (*fig. 20*) and out again underneath the head next to the start point. Gently pull both ends to tighten the knot and create a little eye socket shaping to the head (*fig. 21*). Adjust the tightness until you are happy and then tie off both ends securely before sewing the ends through the head and trimming. Repeat for the second eye and set the finished head to one side while you make the body. **Please note:** There are some suggestions for extra definition to the eyes in the 'Finishing touches' section on Page 39.

B o d y:

Make the body of your choice, there are 3 options on Pages 34–35

L e g s: (make 2 the same)

Please note: There are alternative legs on Page 36.

Beginning at the underside of the foot, use **Yarn A** and 3mm needles to cast on 14 stitches, leaving a tail of 7 inches for seaming with later.

row 1: (wrong side) Purl

row 2: K2, (KLL, K1) 4 times, K3, (KLL, K1) 4 times, K1 (22 stitches)

row 3: Purl

row 4: K3, (KLL, K1) 6 times, K5, (KLL, K1) 6 times, K2 (34 stitches)

rows 5–11: Beginning and ending with a Purl row, work 7 rows in stocking stitch

row 12: K14, SSK, K2, K2tog, K14 (32 stitches)

row 13: Purl

row 14: *Tip: This row is a little complicated because it includes both decreasing and casting off in the centre of the row. It is easy to lose count and I find it helps if you count the stitches yet to be worked rather than those already knitted.*

K7, Knit the next 7 stitches casting them off as you go (18 stitches still to work), SSK and cast off, K2tog and cast off (14 stitches still to work), Knit the next 8 stitches casting them off as you go, K6 (7 stitches on either side of the cast off section giving a total of 14)

Legs (continued):

row 15: Purl across all stitches being careful to keep your tension tight across the gap (14 stitches)

rows 16-29: Beginning with a Knit row and ending with a Purl row, work 14 rows of stocking stitch

row 30: Cast off in Knit and cut the work from the ball leaving a tail of around 5 inches

Join the top of the foot seam by tying a 6 inch length of **Yarn A** to the back of the stitch in the middle of the open seam - I've used blue thread here just to illustrate (fig. 22). Begin to close this seam by over-sewing (whip stitching) across the gap through the outer loops of the cast off edge (fig. 23).

fig. 22

fig. 23

fig. 24

fig. 25

When you reach the top of the seam secure it and close up any small gaps by taking the needle behind one stitch on the right (fig. 24), then behind the stitch directly at the top of the seam (fig. 25), then behind one stitch on the right (fig. 26) and finally through to the inside of the work (fig. 27) where you can weave it along the seam and trim any excess.

Start to close the back seam of the foot by threading a tapestry needle with the cast-on tail and using mattress stitch. Seam around 1 inch and leave the rest of the leg open for now to make stuffing the foot easier. Next close the seam at the underside of the foot by re-threading the tapestry needle with a spare length of **Yarn A** and using it to gather up the loops in the bottom of the foot - I've used red thread here to illustrate (fig. 28). Tie both ends tightly inside the foot to fully close the bottom seam.

fig. 26

fig. 27

fig. 28

fig. 29

Next stuff the foot firmly. Take your time to get the shape that you want, adding small amounts of stuffing at a time. Don't be afraid to pull it out and start again if you're not happy with the shape, I often do. Once you're happy with the shape of the foot close the leg back seam but leave a small gap at the top to make stuffing the leg easier. Stuff the leg shaft lightly. If you want your dog to sit nicely then don't stuff the top 1cm of the leg.

Finish closing the seam and tie the two ends together at the top, poking all other ends inside the leg. Repeat for the second leg. Now both legs are ready to attach to the body (fig. 29). Although they are both the same I often find that one looks like a right and one a left so take time to look at them and decide which one goes on which side.

Thread the tapestry needle with the longer end from the top of the first finished leg and use this to sew it to the body. Position the leg by lining it up with the edge of the body and over-sew (whip stitch) the leg in place through the loops on the cast off body edge and cast off leg edge (fig. 30). Work all the way around the top of the leg (fig. 31) and back to the start then tie both ends together inside the body to secure.

fig. 30

fig. 31

fig. 32

fig. 33

fig. 34

Join the second leg in the same way (fig. 32) leaving a gap between both legs and once both legs are attached and secure turn the body inside out. Tie a 5 inch length of **Yarn A** to the inside of the body at the start of the gap between the legs. Turn the work right side out and use this thread to tightly over-sew the short seam between the legs (fig. 33) before threading it back inside and tying off to secure. Now the body is ready to stuff (fig. 34).

I like to put most of the stuffing at the bottom of the body to make a fat tummy, (though don't overstuff and strain the seams) and I put less towards the neck end. When you are happy with the body shape finish closing the seam at the back of the body but leave the neck edge open. Tie off the ends but don't trim as you'll use them to help attach the head later.

A r m s (make 2 the same):

Starting at the top of arm and finishing at the paw, use **Yarn A** and 3mm needles to cast on 10 stitches, leaving a tail of 6 inches for seaming with later. **Please note:** There are alternative arms on Page 36.

row 1: (wrong side) Purl

row 2: K2, (M1L, K2) 4 times (14 stitches)

rows 3-25: Beginning and ending with a Purl row, work 23 rows in stocking stitch

row 26: K1, SSK, K2, K2tog, SSK, K2, K2tog, K1 (10 stitches)

row 27: Purl

Cut the work from the ball leaving a tail of 7 inches. Thread this through the remaining 10 stitches and pull up tightly (fig. 35). Over-sew once to keep the seam from opening out again. Continue using this thread to close the arm seam using mattress stitch. Leave a gap of around an inch and stuff the arm lightly, I prefer not to stuff the very top of the arm so that it's bit floppy. Finish closing the arm side seam and tighten it by pulling the end to get a slight curve to the arm and pulling the gathered paw end under. When you're happy with the arm shape tie both ends together.

fig. 35

fig. 36

fig. 37

Next attach the head. Using one of the two threads from underneath the head, sew through the loops at the open neck edge of the body and then through a whole stitch of the head (fig. 36). Work around the underside of the head in a semi circle until you reach the seam running up the back of the body. Tie the end you've been sewing with to the shorter end from the body and poke both inside the body. Then continue sewing up with the longer end from the body, knotting it to the remaining end under the chin once the head is fully joined. Thread ends through the body before trimming. Next attach the arms, thread the tapestry needle with the longer tail end of one arm and use to join the arm to the body by sewing alternately through a loop on the open top edge of the arm then through a whole stitch of the body (fig. 37). Work around all of the top arm seam joining it to the body and when you reach the start point knot the ends together and sew through the body before trimming. Attach the second arm in the same way.

Tail:

The tail is worked as an elongated triangle and seamed afterwards. Please see Page 38 for some alternative tails. Using 3mm needles and **Yarn A** cast on 13 stitches, leaving a tail of 8 inches for attaching the tail with later.

row 1: (wrong side) Purl

rows 2-5: Beginning with a Knit row and ending with a Purl work 4 rows of stocking stitch

row 6: K2, SSK, K9 (12 stitches)

row 7: Purl

row 8: K8, K2tog, K2 (11 stitches)

row 9: Purl

row 10: K2, SSK, K7 (10 stitches)

row 11: Purl

row 12: K6, K2tog, K2 (9 stitches)

row 13: Purl

row 14: K2, SSK, K5 (8 stitches)

row 15: Purl

row 16: K4, K2tog, K2 (7 stitches)

row 17: Purl

rows 18-21: Beginning with a Knit row and ending with a Purl work 4 rows of stocking stitch

Cut the work from the ball leaving a long tail, sew this end through the 7 stitches on the needle and pull up tightly (*fig. 38*). Over-sew once to keep the seam from opening out. Continue using this thread to close the seam using mattress stitch. When you reach the top of the seam tug on the end that you've sewn with in order to encourage the tail to curl a little (*fig. 39*) and once you are happy with the shape tie both ends together to secure. Lightly stuff the fattest part of the tail and then use the longer end to sew the tail on to the dog's bottom (*fig. 40*). Tie off ends and sew through the body before trimming the excess lengths.

fig. 38

fig. 40

Now your dog is ready for some clothes (see below). Patterns for 2 sweaters and a pair of shorts are on the next 5 pages. One sweater has a mock cable pattern in a single colour and one has a two colour textured pattern.

Mock cable sweater:

To make this sweater you will need approx 44m (48 yds) of 4ply/fingering weight yarn and a pair of 2.75mm (US2) straight needles. Here I've used De Rerum Natura Albertine yarn.

The front and back of this sweater are identical, with a mock cable design formed by decreases on a right side row and increases on the following wrong side row. Don't be concerned that the stitch count changes, this is part of the pattern. **Important note:** Take the yarn to the back of the work before slipping the slipped stitches.

Special Abbreviations: **YRN:** Yarn Round Needle: Take the yarn backwards over the top of the right-hand needle and then under the needle to the front again, so making a stitch that is worked into on the following row.

SL1P: Slip 1 stitch Purlwise; **PSSO:** Pass the slipped stitch over the stitch just worked.

Front and Back:

Starting at the bottom edge and finishing at the neck, use 4ply/fingering weight Yarn and 2.75mm needles to cable cast on 27 stitches, leaving a tail of 8 inches to seam with later.

row 1: (right side) (P2, K1, P1, K1) 5 times, P2
row 2: (K2, P1, K1, P1) 5 times, K2
row 3: Repeat row 1
row 4: Repeat row 2
row 5: (P2, SL1P, K2, PSSO) 5 times, P2 (22 stitches)
row 6: (K2, P1, YRN, P1) 5 times, K2 (27 stitches)
row 7: (P2, K3) 5 times, P2
row 8: (K2, P3) 5 times, K2
rows 9-16: repeat rows 5-8 twice more
row 17: K2, (SL1P, K2, PSSO, P2) 4 times, SL1P, K2, PSSO, K2 (22 stitches)
row 18: P4, (K2, P1, YRN, P1) 3 times, K2, P4 (25 stitches)
row 19: K1, SSK, K1, (P2, K3) 3 times, P2, K1, K2tog, K1 (23 stitches)

row 20: (P3, K2) 4 times, P3
row 21: K1, SSK, (P2, SL1P, K2, PSSO) 3 times, P2, K2tog, K1 (18 stitches)
row 22: P2, (K2, P1, YRN, P1) 3 times, K2, P2 (21 stitches)
row 23: K2, (P2, K3) 3 times, P2, K2
row 24: P2, (K2, P3) 3 times, K2, P2
row 25: K2, (P2, SL1P, K2, PSSO) 3 times, P2, K2
row 26: P2, (K2, P1, YRN, P1) 3 times, K2, P2 (21 stitches)

rows 27-30: Repeat rows 23-26

*Cut the work from the ball, leaving an 8 inch tail for seaming with later.

Keeping the piece just worked on the left hand needle and with an empty needle in your right hand, cable cast on the second piece by following exactly the same instructions as above, *but don't cut the yarn at the end of **row 30** on the second piece as you'll continue using it.

So now the separate pieces for the front and back are complete (*fig. 41*) and next it's time to work across all 42 stitches on the needle for the collar.

fig. 41

fig. 42

fig. 43

Collar:

The collar is best worked in the round, but if you prefer you can knit it flat and then seam it as pictured above (see full instructions on Page 12).

To work the collar in the round:

This method of working the collar is described and pictured on Pages 13 & 14 (*fig. 48*).

To work the collar flat:

Using 2.75mm (US 2) straight needles and the yarn still joined to the work,

row 31: (right side) (K1, P1) 10 times, K2tog,
(P1, K1) 10 times (41 stitches)

row 32: (P1, K1) 20 times, P1

row 33: (K1, P1) 20 times, K1

row 34: (P1, K1) 20 times, P1

row 35: (K1, P1) 20 times, K1

row 36: Purl

row 37: (P1, K1) 20 times, P1

row 38: (K1, P1) 20 times, K1

row 39: (P1, K1) 20 times, P1

row 40: (K1, P1) 20 times, K1

row 41: Cast off loosely, in P1, K1 ribbing.

Cut the work from the ball, leaving an 8 inch tail for seaming with (fig. 42). Next seam the collar so that it's joined into a round, remembering that as the collar folds over on itself you'll need to seam on the outside of the work so that the seam is hidden when the collar is folded. Now that the front and back parts are joined by the collar (fig. 43) it's time to pick up the stitches for the sleeves.

fig. 46

Sleeves: (Make 2 the same)

The sleeves are started by knitting into the stitches from the front and back armholes and then are knitted flat from the shoulder down to the cuff. So, leaving a short tail for weaving in use 2.75mm needles with the same yarn to Knit into each of the edge stitches from the front armhole. Begin in the gap above the first armhole shaping stitch (fig. 44) and work up to the shoulder (14 stitches). Then do the same for the back but work from the shoulder to the underarm so that you have a total of 28 stitches on the needle.

row 22: Cast off this row in pattern:
P1, (K1, P1, K1, P2) 4 times, (K1, P1) twice

Cut the work from the ball, leaving a tail of 8 inches for seaming with later.

That is the first sleeve done (fig. 45). Make a second sleeve in the same way by picking up the stitches from the other armhole. After finishing the second sleeve finish the sweater by sewing the side seams on the body and sleeves and weaving in all tail ends on the wrong side of the work and trimming. Then your sweater is complete (fig. 46).

Two-colour textured sweater:

This is one of those sweaters that looks far more complicated than it really is. It is worked in 2 row stripes of two alternating colours. The right side rows are simply knitted while the wrong side rows hold the key to the patterning. Using this pattern, you can in fact make 3 sweaters that look completely different. See below:

*Knitted exactly as detailed,
in 2 colours*

*Knitted as detailed
but in a single colour*

*knitted in 2 colours but
just Purling on all reverse side rows*

To make this sweater you will need approx 44m (48 yds) of 4ply/fingering weight yarn and a pair of 2.75mm (US2) straight needles. Above I have used Krea Deluxe Organic cotton Yarn.

Front and Back:

Starting at the bottom edge and finishing at the neck, use **Yarn A** and 2.75mm needles to cable cast on 27 stitches, leaving a tail of 8 inches to seam with later. The front and back of this sweater are identical.

Keeping the piece just worked on the left hand needle and with an empty needle in your right hand, cable cast on the second piece by following exactly the same instructions as above, *but don't cut the yarn at the end of **row 30** on the second piece as you'll continue using it.

So now the separate pieces for the front and back are now complete and pictured on the next page (*fig. 47*) and next it's time to work across all 42 stitches on the needle for the collar.

fig. 47

fig. 49

fig. 50

Collar:

The collar is best worked in the round, but if you prefer you can knit it flat and seam it later (see instructions below).

To work the collar flat:

This method of working the collar is pictured and described on Pages 11-12 (figs. 42 & 43).

To work the collar in the round:

Using 2.75mm (US 2) DPNS (double pointed needles) or a circular needle and the yarn still joined to the work,

row 31: SL1P, (K1, P1) 7 times with the 1st needle; with the 2nd needle (K1, P1) 2 times, K1, P2tog, (K1, P1) 2 times; with the 3rd needle (K1, P1) 7 times, K1, Purl the last stitch together with the first slipped stitch from the first needle in order to close the round. Make sure to leave this last stitch on the 3rd needle so that the round starts again with a Knit stitch.
(40 stitches)

rounds 1-4: (K1, P1) 20 times

round 5: Knit

rounds 6-9: (P1, K1) 20 times

round 10: Cast off loosely, in P1, K1 ribbing.

Cut the work from the ball, leaving a short tail for weaving in later.

Now that the front and back parts are joined by the collar (fig. 48) it's time to pick up the stitches for the sleeves.

Sleeves: (Make 2 the same)

The sleeves are started by knitting into the stitches across the front and back armholes and then are knitted flat from the shoulder down to the cuff. So, leaving a short tail for weaving in use **Yarn A** and 2.75mm needles to Knit into each of the edge stitches from the front armhole. Begin in the gap above the first armhole shaping stitch (fig. 49) and work up to the shoulder (14 stitches). Then do the same for the back but work from the shoulder to the underarm so that you have a total of 28 stitches on the needle.

row 1: (wrong side) Join in Yarn B: P2, (K1B, P1) 5 times, K1B, P2tog, (K1B, P1) 4 times, P1, turn leaving 4 stitches un-worked (27 stitches)

row 14: Knit

row 15: Change to **Yarn A: P2, (K1B, P1)** 11 times, **P1**, cut Yarn B from the work as it is no longer needed

row 16: Knit

row 17: **P1, (K1, P1)** 12 times

row 18: **K1, (P1, K1)** 12 times

row 19: **P1, (K1, P1)** 12 times

row 20: Cast off keeping ribbing pattern correct: **K1, (P1, K1)** 11 times

Cut the work from the ball, leaving a tail of 8 inches for seaming with later.

That is the first sleeve done (fig. 50).

Make a second sleeve in the same way by picking up the stitches from the other armhole. After finishing the second sleeve finish the sweater by sewing the side seams on the body and sleeves and weaving in all tail ends on the wrong side of the work and trimming.

Then your sweater is complete (see top of Page 13).

Short Trousers:

These shorts are knitted in one piece and seamed afterwards. You cast on at the waist and cast off at the bottom edge of each leg.

The pattern requires approx. 25m (27yds)

Use a 4ply/5ply weight yarn (here I've used BC Garn Allino) and 2.75mm needles to cable cast on 36 stitches, leaving a tail of 8 inches for seaming with later.

row 22: Purl
row 23: K8, M1L, K18, turn and work only on these stitches to form one leg of the shorts. (27 stitches)

Special abbreviations:

M1R : MAKE 1 RIGHT. A nice tight method of making an extra stitch. With the left hand needle pick up the connecting strand between the two needles from behind and knit into the front loop to create an extra stitch. If you find this too tight for your liking you can substitute M1T (make one towards) which will give a looser increase.

For an excellent video of the increases see here: <https://www.knittinghelp.com/videos/increases>

That is one trouser leg, now rejoin the yarn at the stitches still waiting to be worked and begin on the other leg:

row 29 b: K21, M1R, K8 (30 stitches)
row 30 b: Purl
row 31 b: Cast off loosely and cut the work from the ball, leaving a 6 inch tail for seaming later

Before I sew up the back seam I like to block the shorts to make them neat. I usually do this by carefully steam blocking but if you prefer wet blocking that is fine too. After blocking thread the tapestry needle with the cast on end and use mattress stitch to close the top 1cm of the seam.

Re-thread the tapestry needle with the cast off end of one leg and use it to join the inside leg seam up to the crotch of the shorts. Do the same for the second leg. Tie both ends together inside the shorts and use the longer end to continue seaming up the back of the shorts, leaving a gap for the tail to stick through. Weave in all the ends inside the shorts before trimming excess and your shorts are ready.

Heads Section:

Very Important Note: Please refer to the ear pattern that you've chosen to use before starting on your chosen head, as each different ear pattern has a set of **optional ear placement stitches** knitted into the head (on **row 12**). If you wish to use these you'll need to incorporate the placement row for your chosen ears into your chosen head pattern. This is optional and you may wish to leave out the markers if you'd prefer to play around with the placement of the ears and choose the positioning yourself.

5. Head with a wide blaze:

Suitable for a Beagle this head is worked in 2 colours: **Yarn A** (a brown/tan/gold coloured yarn and Yarn B; a lighter cream coloured contrast yarn).

Before starting cut an extra 2m (2.2 yds) length of **Yarn A** in order to work the second side of the intarsia sections from **rows 19-23** and an 8 inch length of **Yarn A** to use after working **row 24**.

Starting at the back of the head and finishing at the nose. Use **Yarn A** and 3mm needles to cast on 11 stitches, leaving a tail of 8 inches for seaming with later.

Please note: the narrow part of the blaze in between the eyes is worked in duplicate stitch. I find this easiest to do straight after the head is stuffed, so before seaming the head sew the tail end from row 19 through to the right side of the work so that it is ready to use after the head is stuffed. Sew a duplicate stitched stripe as long as you like.

7. Head with multiple patches:

This head is suitable for a Dalmatian or a Pointer and is worked in 2 colours: Yarn A (a cream coloured yarn) and Yarn B (a darker contrast yarn). Before starting cut an extra 5m (5.5 yds) length of Yarn A in order to work the second side of the intarsia sections from **rows 8 -25** and an 8 inch length of Yarn A to use after working **row 24**.

Important note: When joining in and cutting Yarn B from the work at the start and end of the patches, leave long tails to use later for embroidering extra small spots around the larger knitted ones.

Starting at the back of the head and finishing at the nose. Use Yarn A and 3mm needles to cast on 11 stitches, leaving a tail of 8 inches for seaming with later.

Please note: The small speckles around the larger patches are worked in duplicate stitch. This is easiest to do after the head has been stuffed, so before seaming the head weave in all Yarn A tail ends and sew all of the black tail ends through to the right side of the work, so that they are ready to use (see above). Sew as many random speckles as you like (see below for examples) and then sew any remaining tails back through the head and tie off before trimming excess.

8. Head with contrasting muzzle:

This head is suitable for a German Shepherd/Alsatian, a Pug or a Husky and is worked in 2 colours: **Yarn A** (a sand or grey coloured yarn) and Yarn B (a contrast yarn, darker for a Pug or German Shepherd and lighter for a Husky).

Before starting cut two extra lengths of **Yarn A**: one 2m (2.2yds) and one 1m (1.2yds) and an extra 1m (1.2yds) length of Yarn B in order to work the intarsia sections from **rows 20-23** and also an 8 inch length of Yarn B to use after working **row 24**.

Starting at the back of the head and finishing at the nose. Use **Yarn A** and 3mm needles to cast on 11 stitches, leaving a tail of 8 inches for seaming with later.

Turn the work so that the wrong side is facing and with the 8 inch length of Yarn B sew through all of the purl bumps from the back of **row 24**, making sure that you sew through each one in the same direction, here I have used blue yarn for contrast (*fig. 1 on page 5*)

To shorten the muzzle:

All of the dogs in this pattern use exactly the same shaped head, but with some breeds this makes the muzzle a little too long, so in order to create a shorter muzzle suitable for a French Bulldog, Boston Terrier or Pug we can sew a little pleat into the top of the muzzle above the nose. This is best done after the head is seamed and stuffed, though if you are planning on making this shaped face then just put a little less stuffing into the muzzle area. This technique will work with any of the eight different colour-work head designs.

To begin with, mark the rows you'll be sewing through with pins and test out how it looks by pinching them together. Here I've used the row just above the start of the muzzle and the row above the shaping at the nose (*fig. 51*). Using a length of the same yarn that your head is knitted in (here I've used red yarn to demonstrate), sew alternately through one \wedge stitch on the top row (*fig. 52*) and one \vee stitch on the bottom row (*fig. 53*). Join 4 stitches in this zig-zag way (*fig. 54*). Then simply pull on both tail ends of the sewing thread and the edges will close up tightly together, creating a pleat in the top of the muzzle (*fig. 55*). Sew the tail ends through to the underside of the head and tie together to secure before trimming excess. Now the head is ready to have the mouth, nose and eyes added (*fig. 56*). See Page 6 for instructions on adding the facial features.

You can see the muzzle before sewing this seam (*fig. 57*) and after (*fig. 58*).

Below are some examples of dog breeds made with this shorter muzzle.

Ears Section:

Important Note: Please refer to the ear pattern that you've chosen to use before starting the head, as each different ear pattern has a set of **optional ear placement stitches** knitted into the head on **row 12**. If you wish to use these you'll need to incorporate the placement row for your chosen ears into your chosen head pattern.

1. Large flapped Ear (make two the same):

This ear pattern creates a large, triangular flapped ear which slopes downwards from the sides of the head, suitable for a hound type of dog (Labrador, Dachshund, Beagle, Pointer).

Incorporate this row into any of the head patterns, and use these Purl stitch markers as a guide for positioning the top bend of the ear: **Head row 12:** K12, P1, K9, P1, K12

Starting at the front tip of the ear and finishing at the back tip, use Yarn A and 3mm needles to cast on 5 stitches, leaving a tail of 8 inches for sewing the ear together and attaching to the head later. **Please note**, the Purl stitches at both ends of row 18 mark the centre point of the ear edge that is joined to the head.

Cut the work from the ball leaving an 8 inch tail and sew this tail end through the last 5 stitches on the needle and pull up to tighten the stitches (*fig. 59*). Fold the ear in half lengthways and sew the edges together from the cast off tip to the purl marker stitches on row 18. Then re-thread the needle with the cast on tail and gather up the stitches from the cast on edge, then sew the ear edges together, finishing again at the purl marker stitch.

Tie both tail ends together and repeat with the second ear. You will now have a mirrored pair of ears (fig. 60). The coloured lines on figs. 61 & 62 illustrate how to join the two sides of the ear to the head, as follows:

Thread the tapestry needle with one of the tail ends from the ear and sew through the purled marker stitch on the left side of the head (fig. 63). Work downwards along the side of the head, join the **short back edge** of the ear (marked above in red) by sewing alternately through a whole stitch on the head (fig. 64) and 2 bars from the sewn edge of the ear (fig. 65). When you reach the end of the seam, the back edge of the ear is fully attached to the head (fig. 66) leave that tail end hanging for now.

fig. 63

fig. 64

fig. 65

fig. 66

Next re-thread the needle with the other tail end from the edge of the ear and use this to join the **longer front edge** of the ear (marked in blue above) in the same way, (fig. 67). Work diagonally down the side of the head so that the ear slopes forwards a little. Don't join the full length of the front of the ear, instead leave the bottom part of the ear free and then sew the tail end through the head to the point where the first end is hanging at the back of the ear. Tie the two ends together securely then sew both ends through the head and out of the open seam at the bottom and that's the first ear done (fig. 68). Repeat with the second ear (fig. 69). When you are happy with positioning tie all the ends from the ears together securely underneath the head, trim them and poke inside the head cavity. Next you are ready to sew the facial features on Page 6.

There is a spotted version of this ear, suitable for a Dalmatian on Page 28.

Ear 1a, Spotted version:

This ear pattern creates a spotted, large, triangular flapped ear which slopes downwards from the sides of the head.

Optional ear placement stitches for Ear no. 1a: Incorporate this row into any of the head patterns, and use these Purl stitch markers as a guide for positioning the top bend of the ear: **Head row 12:** K12, P1, K9, P1, K12

Important note: When cutting and rejoining **Yarn B** from the work at the start and end of the patches, leave longish tails to use later for embroidering extra small spots around the larger knitted ones. If you prefer you can knit one of the ears in reverse colours so that the ear is black with white spots (see below).

Before starting cut an extra 3m (3.5 yds) length of Yarn A in order to work the intarsia sections.

Starting at the front tip of the ear and finishing at the back tip, use Yarn A and 3mm needles to cast on 5 stitches, leaving a tail of 8 inches for seaming with later. **Please note**, the Purl stitches at both ends of row 18 mark the centre point of the ear edge that is joined to the head.

Before seaming the ears, sew the long tails from each patch through to the right side of the work and use these to embroider small dots at random around the larger knitted patches (*fig. 71*). Once you've finished the dots sew the tail ends back to the wrong side of the work and weave in before trimming. Then seam the ears closed, as detailed on Page 27. Although both ears are knitted to the same pattern, they look different because they are turned in opposite directions when attached to the head (*figs. 72 & 73*). Join the ears to the head in exactly the same way as detailed in the plain ear Page 27. Next you are ready to sew the facial features on Page 6.

2. Small bent triangle ear:

Cut the work from the ball leaving an 8 inch tail and sew this end through the last 5 stitches on the needle and pull up to tighten the stitches (fig. 74). Fold the ear in half lengthways and sew the edges together from the cast off tip to the purl marker stitch on row 12. Then re-thread the needle with the cast on tail and gather up the stitches from the cast on edge, then sew the ear edges together, finishing again at the purl marker stitch. Tie both tail ends together and repeat with the second ear. The coloured lines on figs. 75 & 76 illustrate how to join the two sides of the ear to the head, like so:

Thread the tapestry needle with one of the tail ends from the ear and sew through the purl marker stitch on the side of the head. Work downwards in a straight line along the side of the head, following the red line and joining the **shorter back edge** of the ear by sewing alternately through a whole stitch on the head (fig. 64 on page 27) and 2 bars from the sewn edge of the ear (fig. 65 on page 27). When you reach the end of the seam, the back edge of the ear is fully attached to the head (fig. 66 on page 27) leave that tail end hanging for now.

Re-thread the needle with the other tail end and following the blue line join the **longer front edge** of the ear to the head in a diagonal line. Don't attach the full length of the edge, just enough to hold the ear flap in place (fig. 77).

Next you are ready to sew the facial features on Page 6.

Starting at the front tip of the ear and finishing at the back tip, use Yarn A and 3mm needles to cast on 12 stitches, leaving a tail of 8 inches for seaming with later.

(20 stitches)

row 19: P3, P2togtbl, P1, P2tog, P4, P2togtbl, P1, P2tog, P3
(16 stitches)

row 20: K2, K2tog, K1, SSK, K2, K2tog, K1, SSK, K2
(12 stitches)

Cut the work from the ball leaving an 8 inch tail and sew this end through the last 12 stitches on the needle (fig. 78) and pull up to tighten the stitches. Fold the ear in half lengthways and sew the edges together using mattress stitch (fig. 79). Tie both tail ends together and repeat with the second ear. The coloured lines on figs. 80 & 81 show how to attach the ear to the head, like so:

Position the ear so that the seam is underneath, thread the tapestry needle with the longest tail end from the ear and sew through the purl marker stitch on the head. Follow the blue lines in figs. 80 & 81 working backwards along the top of the ear and downwards along the side of the head at a slight angle, joining the back edge of the ear by sewing alternately through a whole stitch on the head (fig. 64 on page 27) and 2 bars from the sewn edge of the ear (fig. 65 on page 27). Join just over ½ of the length of the ear (enough to make the ear lay flat to the head) and leave that tail end hanging for now.

Re-thread the tapestry needle with the other tail end from the top edge of the ear and following the red line in figs. 80 & 81, use it to attach the remainder of the top edge and then a short length of the front ear edge. Only attach a few stitches, just enough of the edge for the ear to lay flat. Once you are happy with the placement of the ear (fig. 82), sew the tail end through to the other tail end and tie both together to secure before sewing them through the head and out of the open seam underneath. Repeat with the second ear. Then tie all 4 tails from the ears together before trimming excess and poking the ends inside the head cavity. Next you are ready to sew the facial features on Page 6.

Starting at the top tip of the ear and finishing at the bottom, use Yarn A and 3mm needles to cast on 5 stitches, leaving a tail of 8 inches for seaming with later. **Please note:** the Purl stitches at both ends of row 12 below mark the centre point of the ear edge, the shorter part of which which is joined to the head.

row 8: K2, M1L, K7, M1R, K2 (13 stitches)	row 17: P2, P2togtbl, P1, P2tog, P2 (7 stitches)
row 9: Purl	

Cut the work from the ball leaving an 8 inch tail and sew this end through the last 7 stitches on the needle and pull up to tighten the stitches (fig. 83). Fold the ear in half lengthways and sew the edges together from the cast off tip to the purl marker stitch on row 12. Then re-thread the needle with the cast on tail and gather up the stitches from the cast on edge, then sew the ear edges together, finishing again at the purl marker stitch. Tie both tail ends together to complete the ear (fig. 84) and repeat with the second ear. The coloured lines on figs. 84 & 85 illustrate how to join the ear to the head.

Thread the tapestry needle with one of the tail ends from the ear and sew through the purled marker stitch on the left side of the head. Work downwards along the side of the head, joining the **shorter back edge of the ear** (marked in blue) by sewing alternately through a whole stitch on the head (fig. 64 on page 27) and 2 bars from the sewn edge of the ear (fig. 65 on page 27). When you reach the end of the seam bend the bottom of the ear in half lengthways and sew back up the front of the ear, attaching only the bottom 2 or 3 stitches to the head (the line shown in red above) and causing the ear to bend at the bottom (fig. 86). Once you are happy with the placement of the ear, sew the tail end through to the top of the ear seam and tie both tail ends from the ear together to secure before sewing them through the head and out of the open seam underneath. Repeat with the second ear. Then tie all 4 tails from the ears together before trimming excess and poking the ends inside the head cavity. Next you are ready to sew the facial features on Page 6.

Cut the work from the ball leaving an 8 inch tail and sew this end through the last 7 stitches on the needle and pull up to tighten the stitches (fig. 87). Fold the ear in half lengthways and sew the edges together from the cast off tip to the purl marker stitch on row 11. Then re-thread the needle with the cast on tail and gather up the stitches from the cast on edge, and sew the ear edges together, finishing again at the purl marker stitch (fig. 88). Tie both tail ends together and repeat with the second ear. The coloured lines on figs. 88 & 89 show how to join the ear to the head:

Thread the tapestry needle with one of the tail ends from the ear and sew through the purled marker stitch on the left side of the head. Work downwards along the side of the head, joining the **shorter back edge of the ear** (marked in blue) by sewing alternately through a whole stitch on the head (fig. 64 on page 27) and 2 bars from the sewn edge of the ear (fig. 65 on page 27). Optional ear placement stitches for Ear no. 6:

Incorporate this row into any of the head patterns, and use these Purl stitch markers as a guide for positioning the bottom edge of the ears: **row 12: K12, P1, K2, P1, K3, P1, K2, P1, K12**

Please note These instructions are for the taller version used on the Alsatian below, for the shorter version suitable for a terrier/husky work row 1 and then skip rows 2-5 and instead continue from row 6 onwards.

Starting at the base of the ear where it joins the head and finishing at the top tip, use Yarn A and 3mm needles to cast on 15 stitches, leaving a tail of 8 inches for seaming with later.

row 1: (wrong side) Purl

rows 2-5: Beginning with a Knit row and ending with a Purl, work 4 rows of stocking stitch (for the shorter ear skip these rows and skip straight to row 6)

row 6: K1, SSK, K9, K2tog, K1 (13 stitches)

row 7: P1, P2tog, P7, P2togtbl, P1 (11 stitches)

row 8: K1, SSK, K5, K2tog, K1 (9 stitches)

row 9: P1, P2tog, P3, P2togtbl, P1 (7 stitches)

row 10: K1, SSK, K1, K2tog, K1 (5 stitches)

Cut the work from the ball leaving an 8 inch tail and sew this end through the last 5 stitches on the needle and pull up to tighten the stitches (fig. 91). Close the seam that runs down the outside of the ear using mattress stitch and then continue to close the seam along the bottom of the ear, sewing through the purl bumps from the cast on edge. Now you will have 2 tail ends at opposite sides of the edge which will be joined to the head (fig. 92).

You want to position the ear so that the straight folded edge is on the inside (facing the other ear) and the sloping seamed edge is on the outside of the head. Thread a tapestry needle with the tail at the bottom of the straight edge and use it to sew through the Purl marker stitch on the head. You want to join the ear in a \wedge shape so that both tail ends from each side meet together at the back of the ear, the coloured lines in figs. 92 & 93 show how.

Once the bottom edge of the ear is fully joined tie the two tail ends together where they meet at the back of the ear and sew them down through the head and out of the open seam underneath. Tie all 4 tail ends from the ears together before trimming and poking the excess inside the head. Next you are ready to sew the facial features on Page 6.

2. Body with a bottom patch:

Before starting cut two extra 3m (3.5 yds) lengths of **Yarn B** ready to work the intarsia section from, **rows 14-26**.

Starting at the neck and finishing at the bottom, use Yarn A and 3mm needles to cast on 16 stitches, leaving a tail of 8 inches for seaming with later

- row 1: (wrong side) Purl
- row 2: K3, (KLL, K2) 6 times, K1 (22 stitches)
- row 3: Purl
- row 4: K3, (KLL, K3) 6 times, K1 (28 stitches)
- row 5: Purl
- row 6: K3, (KLL, K4) 6 times, K1 (34 stitches)
- rows 7-13:** Beginning and ending with Purl rows, work 7 rows in stocking stitch

Cut the Yarn from the work

- row 14:** Join in **Yarn B** and **K3**, re-join Yarn A and **K28**, join in second length of **Yarn B** and **K3**
- row 15:** **P4**, **P26**, **P4**
- row 16:** **K5**, **K24**, **K5**

- row 17:** **P6**, **P22**, **P6**
- row 18:** **K6**, **K22**, **K6**
- rows 19-22:** repeat rows 17-18 twice more
- row 23:** **P6**, **P22**, **P6**
- row 24:** **K5**, **K24**, **K5**
- row 25:** **P4**, **P26**, **P4**
- row 26:** **K3**, **K28**, **K6**

Cut the yarns from the work, rejoin Yarn A from the main ball and continue with this for the remaining rows

- row 27:** Purl
- row 28:** Knit
- row 29:** Cast off in Purl

3. Body with a tummy patch:

Before starting extra 4m (4.5 yds) of **Yarn A** ready to work the intarsia section from, **rows 1-22**.

Starting at the neck and finishing at the bottom, use **Yarn A** and 3mm needles to cast on 16 stitches, leaving a tail of 8 inches for seaming with later

- row 1: (wrong side) **P6**, join in Yarn B and P4, Join in extra length of **Yarn A** and **P6**
- row 2: (**K2, M1R**) twice, **K2**, K1, M1R, K2, M1L, K1, **K2**, (**M1L, K2**) twice (22 stitches)
- row 3: **P8**, P6, **P8**
- row 4: (**K3, M1R**) twice, **K2**, K2, M1R, K2, M1L, K2, **K2**, (**M1L, K3**) twice (28 stitches)

- row 6: (**K4, M1R**) twice, **K2**, K2, M1R, K4, M1L, K2, **K2**, (**M1L, K4**) twice (34 stitches)

- row 7: **P12**, P10, **P12**
- row 8: **K12**, K10, **K12**
- rows 9-18: Repeat rows 7-8 five times
- row 19: **P12**, P10, **P12**
- row 20: **K13**, K8, **K13**
- row 21: **P14**, P6, **P14**
- row 22: **K15**, K4, **K15**

Cut Yarn B from the work and continue in **Yarn A** only
rows 23- 28: Beginning with a Purl row and ending with a Knit, work 6 rows in stocking stitch

- row 29: Cast off in Purl

4. Body with small patches:

See illustrations on Page 36.

Before starting cut an extra 5m (5.5 yds) length of Yarn A and two extra lengths of **Yarn B**, both 2m (2.2 yds) in order to work the intarsia sections.

Important note: When cutting and rejoining **Yarn B** from the work at the start and end of the patches, leave long tails to use later for embroidering extra small spots around the knitted ones.

Starting at the neck and finishing at the bottom, use Yarn A and 3mm needles to cast on 16 stitches, leaving a tail of 8 inches for seaming with later.

- row 1: (wrong side) Purl
- row 2: K3, (KLL, K2) 6 times, K1 (22 stitches)
- row 3: Purl
- row 4: K3, (KLL, K3) 6 times, K1 (28 stitches)
- row 5: Purl
- row 6: K3, (KLL, K4) 6 times, K1 (34 stitches)
- row 7: Purl
- row 8: K19, join in **Yarn B** and **K2**, join in extra length of Yarn A and K13
- row 9: P12, **P4**, P18
- row 10: K18, **K4**, K12
- row 11: P13, **P2**, P19
- row 12: Knit in Yarn A from the main ball only and cut the other lengths from the work
- row 13: Purl
- row 14: Join in **Yarn B** and **K2**, K30, join in extra length of **Yarn B** and **K2**

- row 15: **P3**, P28, **P3**
- row 16: **K3**, K11, Join in extra length of **Yarn B** and **K3**, join in extra length of Yarn A and K13, **K4**
- row 17: **P4**, P12, **P5**, P10, **P3**
- row 18: **K3**, K10, **K5**, K12, **K4**
- row 19: **P4**, P13, **P4**, P10, **P3**
- row 20: **K3**, K10, **K3**, K14, **K4**
- row 21: **P3**, P16, **P2**, P11, **P2**
- row 22: Knit in Yarn A from the main ball only and cut the other lengths from the work
- row 23: Purl
- row 24: K9, join in **Yarn B** and **K2**, Join in extra length of Yarn A and K23
- row 25: P22, **P3**, P9
- row 26: K9, **K3**, K22
- row 27: P22, **P2**, P10
- row 28: Knit in Yarn A only
- row 29: Cast off in Purl

Before seaming the body, sew the long **Yarn B** tail ends from the patch through to the right side of the work, as shown at the top of Page 36. After the body is attached to the legs and stuffed use these tail ends to embroider extra small dots at random around the larger patch, less is probably more – I maybe went a little overboard here!

Arm and leg Options:

Paw with the last 5 rows in contrasting colour

Paw with the last 7 rows in contrasting colour

Paw with the last 8 rows in contrasting colour

Paw with the last 12 rows in contrasting colour

The arms can be knitted with optional variations. You can choose to work the paw ends of the arms in a different colour for contrast, above are some examples. You can also work the arms and legs with patches, see below:

Limbs with a small patches:

These are suitable for combining with Head no. 7, Ears no. 1A and body no. 4 to make a Dalmatian.

Arms with patches, showing the tail ends sewn to the right side of the work

finished arms with patches, showing extra dots embroidered around the knitted patches

finished legs with patches, showing extra dots embroidered around the knitted patches

There are 2 sets of colour-work instructions and charts below, each of 15 rows. I suggest you make one of each for the arms and the same for the legs. You'll need to incorporate the colour-work rows into the instructions for the arms and the legs. So for example:

For the arms: Cast on and work **rows 1-3** for the plain arms on Page 9. Then substitute one of the 15 row colour-work sections below for **rows 4-18** and then continue in Yarn A only for the remaining rows of the pattern. Make the second arm in the same way but using the other set of patch instructions.

For the legs Cast on and work **rows 1-15** for the plain legs on Page 7. Then substitute one of the 15 row colour-work sections below for **rows 16-30**. Make the second leg in the same way but using the other set of patch instructions.

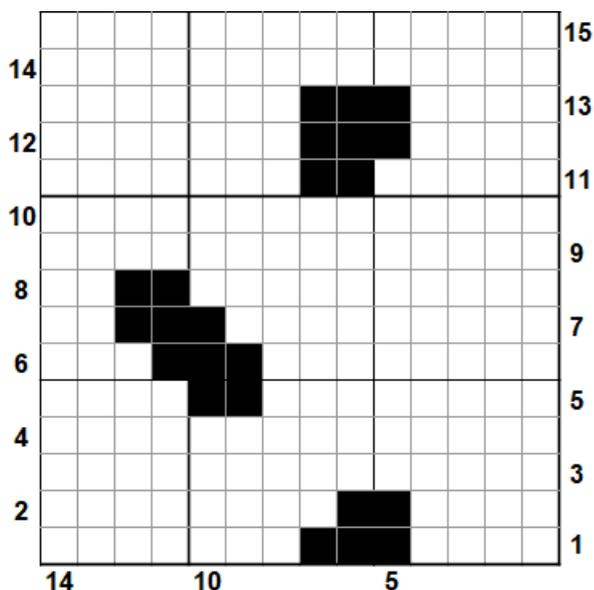

Colour-work section instructions:

Before starting cut an extra 2m (2.2 yds) length of Yarn A in order to work the intarsia sections.

Important note: When cutting and rejoining **Yarn B** from the work at the start and end of the patches, leave long tails to use later for embroidering extra small spots around the larger knitted ones.

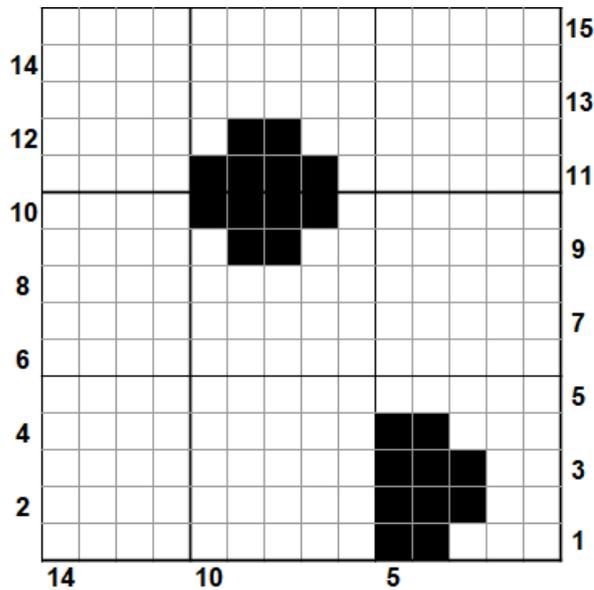

Version 1 for arms and legs:

- row 1:** K4, join in **Yarn B** and K3, join in the extra length of Yarn A and K7
- row 2:** P8, **P2**, P4, Cut Yarn B and the extra length of Yarn A from the work
- row 3:** Knit

Version 2 for arms and legs:

- row 1:** K3, join in **Yarn B** and K2, join in the extra length of Yarn A and K9
- row 2:** P9, **P3**, P2
- row 3:** K2, **K3**, K9
- row 4:** P9, **P2**, P3, Cut **Yarn B** and the extra length of Yarn A from the work
- rows 5-8:** Beginning with a Knit row and ending with a Purl, work 4 rows in stocking stitch
- row 9:** K7, join in **Yarn B** and K2, join in extra length of Yarn A and K5
- row 10:** P4, **P4**, P6
- row 11:** K6, **K4**, K4
- row 12:** P5, **P2**, P7, Cut **Yarn B** and the extra length of Yarn A from the work
- row 13:** Knit
- row 14:** Knit
- row 15:** Purl

Alternative tails:

If you'd like you can knit the regular sized tail from Page 10 with a contrasting coloured tip, see below for an example. Below there is also a small tail, suitable for a terrier breed and a long thin tail suitable for a hound. The long thin tail can also be made for a pug type breed and if you pull tightly on the sewing thread after closing the seam you can encourage the tail into a tight curl:

Regular tail from Page 10, with the last 5 rows in contrasting colour

long thin tail

Short tail:

The tail is worked as an elongated triangle and seamed afterwards.

Using 3mm needles and Yarn A cast on 11 stitches, leaving a tail of 8 inches for attaching the tail with later.

row 1: (wrong side) Purl

rows 2-5: Beginning with a Knit row and ending with a Purl work 4 rows of stocking stitch

row 9: Purl

row 10: K2, SSK, K5 (8 stitches)

row 11: Purl

row 12: K4, K2tog, K2 (7 stitches)

row 13: Purl

Cut the work from the ball, leaving a long tail for seaming with and continue by following the finishing instructions for the regular tail on Page 10.

Long thin tail:

The tail is worked as an elongated triangle and seamed afterwards.

Using 3mm needles and Yarn A cast on 10 stitches, leaving a tail of 8 inches for attaching the tail with later.

row 1: (wrong side) Purl

rows 2-5: Beginning with a Knit row and ending with a Purl work 4 rows of stocking stitch

row 6: K2, SSK, K6 (9 stitches)

rows 7-9: Beginning and ending with a Purl row, work 3 rows of stocking stitch

row 10: K5, K2tog, K2 (8 stitches)

rows 11-13: Beginning and ending with a Purl row, work 3 rows of stocking stitch

row 14: K2, SSK, K4 (7 stitches)

rows 15-21: Beginning and ending with a Purl row, work 7 rows of stocking stitch

Cut the work from the ball, leaving a long tail for seaming with and continue by following the finishing instructions for the regular tail on Page 10. Please note that because this tail is thin it doesn't really need to be stuffed before being attached.

Finishing touches:

Defining the eyes:

*white stitches
underneath the eyes*

*white stitches
all around the eyes*

*white stitches on the
inner edge of the eyes*

*white stitches on the
outer edge of the eyes*

When sewing the eyes on to a black or very dark brown/grey I find it best to use a brown yarn but even this does not always give enough definition to the eyes. If you feel that the eyes do not show up enough against the fur colour of the dog you've made then you can experiment with some white highlights. This needs to be done after you've completely finished the head and sewn the facial features.

Here I've used a strand of white 4ply cotton yarn to sew short stitches around the eyes. Stitches underneath the eyes cause the eyes to look upwards, stitches on the inside of the eyes cause the eyes to look outwards, etc. It's fun to play around and if you're not happy then you can easily remove the stitches or start again. It's surprising how much this little touch can change a whole facial expression and is worth experimenting with.

Freckles and Speckles:

There are some small finishing touches that you can add to your dog. You can add freckles to the muzzle by sewing very short stitches at random on to the finished head. This is best done once you've finished the head and added the face, as then you can best see where you want to position the freckles. For bold freckles just use a strand of the yarn that you want as it is, for finer and more delicate freckles I'd suggest cutting a length of yarn and splitting the plies so that the thread you use to sew the freckles with is thinner. Below are some examples of sewn on freckles, including freckles sewn on to the body, arms and legs.

.....

Many thanks for buying a copy of this pattern. I hope you enjoy it,
whether you're just making one dog or a whole pack.

Happy Knitting
