Teachers were once paid in room and board from their student's families. An apple a day was a simple way to show appreciation.

## Notes

-Secure floats every 5 sts on long single color sections.

-When decreasing, twist the yarns together as you move from the front of the hand to the back of the hand and vice versa. This will prevent gaps from forming.

In the Right Thumb Chart B there are three grayed out letters- This is to give an approximate letter size for you to chart in your own letters for initials. The initials and year are meant to be oriented on the inside of the thumb.

ML	Make 1 new stitch to the left

There are an uneven number of  
decreases in order to accommodate  
the stitch pattern repeats.  
This is intentional.

### Next rnd:

scrap yarn and knit across 15  
sts. Then move those sts back to  
the left needle and continue

needle thread tail through the

### Thumb:

and pick up sts- 30sts.

Pick up an additional two extra  
sts on each side of the thumb
