Work Mosaic Chart Rows 1-112 once starting with **C2** row, following the written instructions below or the charted instructions on pages 21 and 22.

Mosaic charts are generally written in a way that each chart row represents two rows, one right side row and one wrong side row, both worked with the same color yarn. However, since this shawl has increases and/or decreases on each row, we have provided each row on the chart. The colors alternate every two rows. On dark color RS rows, knit all dark color sts and slip all light color sts purlwise with yarn in the back. On dark color WS rows, purl all dark color sts and slip all light color sts purlwise with yarn in front. Work light color rows just the other way around, knitting /purling light color sts and slipping the dark color sts.
