

## Boomslang

### A short instruction for a quick cowl by Jancacha

I was looking for a pattern using my perfectly matching skeins of Wollmeise Löwenzahn and Raupe very dark. And I need a scarf when biking on cold winter days. And I love the gorgeous wurm pattern by Katushika. That's the result!

#### Materials:

You will need about 100 grams each of fingering yarn in two complementing colours,

#### Notions:

1 circular needle 3,5 or 4 mm, at least 80 cm long .

Gauge: 20 st / 10 cm. If you have another gauge, no problem, you can adjust your stitch count easily, also in case you want to have more or less width. My scarf has a diameter of 55 cm. If you prefer a looser fit, add more stitches.

CO 220 st in MC using long tail cast on and close to round. Be careful not to twist.

Knit 6 rounds.

Change to CC and purl 6 rounds. Twist the two strands in every round. You can also cut the yarn if you want to have a more discreet change of rounds, but when wearing you won't see the twisted strands, you can hide them in your neck.

Repeat rd 1-12 at least 7 times or more, if you want.

Change to MC and knit 6 rounds, bind-off loosely. Weave in loose ends, wear and have fun.

Thank you for respecting my copyright.
