

GLOWHAIR FROST SCARFLET

BY STEPHEN WEST

This small shawl is knit sideways starting with an I-cord Tab Cast On. Increases along one edge with corresponding decreases gradually shape the fabric into a thin little scarf. Two skeins (100g total) of West Wool Bicycle are used throughout the pattern along with three shades of West Wool Glowhair. The lace weight mohair colors are marled together with the fingering weight wool to create a frothy halo. I recommend choosing a gradient of three colors for the lace weight mohair contrast colors. The stitch patterns feature simple knits and purls together with fascinating lace motifs. The combination of marled color changes and different stitch patterns make this a project that you can't put down. You will be knitting "just one more row" toward the final decrease point. Wrap the skinny scarf around once or tie it around your neck for a decorative collage of color.
