Denise Powell

This is a very practical small shawl with an Art Deco influence. The shape allows it to stay on your shoulders without pinning or tying. Wear it over a coat or alone as a decorative accent. Ideal for fall.

techniques & special abbreviations

ce – chain edge – keep yarn in front and slip the first stitch purlwise; take yarn to back between needles before the next stitch.

cdd – centred double decrease – slip 2 stitches together knitwise, knit 1, pass both slipped stitches over.

Crochet cast on at the **start of a row** make a slip knot and put it on a crochet hook of about the same size as your needle. *Wrap the yarn around your knitting needle and draw it through the loop on the hook. Repeat from * for one less than the required number of stitches. Place the loop from the hook onto the knitting needle to form the last stitch.

Crochet cast on at the **end of the row** knit into the front and the back of the last stitch, place the final stitch onto the crochet hook. Follow the previous instructions from *.

Changing Colours – before the last stitch in the row bring the old colour to the front and cut it, leaving a 10 cm tail. Leaving a similar tail of the new colour, knit the last stitch of the row in the new colour. This stitch will be slipped at the start of the next row. Work in both tails as you work the next row.
