

# **SNØFROST HAT**

/ˈsn̥ɔ̃ ˈfr̥ɔst/

the snøfrost hat is a matching project for the snøfrost jumper. they are inspired by the arctic snowflakes that find their ways onto our parka sleeves and our mittens. we enjoy watching them twirl and dance before gently landing on us. studying snowflake shapes has easily become one of our favourite past times.

### *pattern notes*

The snøfrost hat is a stranded colourwork project. It is knitted in the round using the classic stockinette stitch and has a seamless construction. It features a folded brim for extra warmth and comes in two different sizes. The number of stitches required for size are written as S (M). The pattern includes a colourwork chart, which is read from bottom to top and right to left. The pattern repeat for the design is 8 sts. Should you need to modify the hat for a bigger size, co extra 8 sts. And if you need to make a smaller hat, co 8 sts less than the recommended size.

You should have 16 (17) sts.

Height of hat from folded brim to Round 51 is approximately 18cm/7" (19cm/7.5").

### *finishing*

Cut the working yarn with at least 25.5cm/10" of tail. Attach the yarn to a tapestry needle.

Thread the yarn through all your stitches and slide them off the working needle.

When you have finished with all the stitches, pull it snugly and once you've ensured that the stitches are secured, insert the tapestry needle into the hat.

Tie a knot and weave the remaining tail in.

Optional: Make a large, compact pompom with mc. It should measure approx. 10cm/4" in diameter. Attach pom pom to crown of hat.

Weave in loose ends. Wet block project.

### *final measurements*

Hat measurements with folded brim without pom pom:  
height without pom pom x length across the widest section  
21.5cm/9" x 21cm/8.5" (23cm/ 9.5" x 24cm/9.5")
