Beret and Mitts

A clever use of reverse colouring adds extra impact to this traditional motif inspired hat and mitts set as well as being an economical use of yarns

DESIGNER **Elizabeth Lovick**

Liz lives and works on the small Orkney island of Flotta. She has been knitting and designing since she was small, and enjoys bringing traditional stitches to modern knitters. Her website is www.northernlace.co.uk, and she sells her patterns on Etsy and Ravelry where she is **northernlace**.

- One stitch marker (optional)
- Row counter (optional)
- Waste yarn
- Tapestry needle

“When J&S brought out their new Heritage yarn with colours taken from old Fair Isle knitwear, I took out my photos of items in the small museum on the island to see which motifs were used most on the old items. As ‘berrets’ have long been worn in Shetland, this was an obvious project. By swapping the colours in the mitts, there is less yarn left over.”

PATTERN NOTES

All charts are worked in stocking stitch, using colours as designated.

Begin working the beret with shorter circular needle, changing to DPNs when the crown becomes too small to comfortably fit on the needles. Alternatively, use a longer circular needle and Magic Loop method throughout.

Work mitts on long circular (Magic Loop) or DPNs.

In the beret, increases and decreases occur on plain rounds between the pattern bands. In the mitts, there are small changes in stitch numbers to accommodate the different stitch repeats. These also occur on plain rounds between the pattern bands.

YARN REVIEW

Liz says

"The new Heritage yarn was developed to give the same colours and feel as the old Shetland hand-spun yarns. It is much softer than other Shetland yarns – no scratching here! – and the vivid colours are ideal for Fair Isle stranded work."
