

YVONNE MT

by Natasja Hornby

THERE'S NO LIE IN HER FIRE

Each year I try to expand upon one of my favorite techniques, mosaic knitting, by designing what I call a 'Grand Mosaic' shawl. Yvonne MT, with its eye-catching diamonds and arrows, suits my grand criteria perfectly.

This shawl is especially close to my heart, not only because I used a novel technique, but also because it was a joint venture with my mom, Yvonne Maria Theresia.

The three colored version uses a technique I call 'Intarsia light', which is carefully explained in the pattern. If you prefer not to use the technique, the two colored shawl my mom created, proves that Yvonne MT doesn't necessarily need that third color to stand out from the crowd.

TECHNICAL INFORMATION

CONSTRUCTION

Yvonne MT is a sideways constructed triangle. You will start with a few stitches, and work increases to shape the shawl. The three color version is worked using a technique I call 'Intarsia light'. This means you will start a RS row with color 1 for the inner triangle of the shawl and change it to color 2 for the mosaic pattern. The consecutive WS row you will start with color 2 for the mosaic pattern and change it to color 1 for the inner triangle. The next two rows you will use color 3 only.

You can also choose to work the shawl in two colors, without introducing a third color for the inner triangle of the shawl. Please refer to the pictures for an example of the three- and the two-colored version.

Note: the mosaic colorwork is charted only.

After working the Charts you have 66 sts.

TWO OR THREE COLORS

Introducing a third color

In the next row, you are going to introduce the third color for the inner triangle of the shawl. The third color (CC) will be worked until the mosaic pattern, where it will be changed to MC2. You will work the mosaic as you have done before; slipping the MC1 sts and knitting the MC2 sts. To get a neat

finish on the WS of your shawl and avoid gaps, you will need to twist your strands at the color change, by picking up the new color from underneath the color you have been working with.

Continue with two colors

If you choose to work your entire shawl in two colors, follow the instructions below, but ignore the instruction to change color, and read MC2 for CC.

MOSAIC CHART 2

Note: when you are instructed to work as a previous row, follow the instructions for the given row, while continuing to work the Mosaic Charts in the presented order.

If you are working the shawl in three colors; break MC2.

LEFT SIDE BORDER

Next, you are going to work the Left Side Border using MC1 and MC2 only. Start with **Border Chart A** and work as follows.

BORDER CHART A

Row a (RS): with MC1, k to m, slm, work Row a of Border Chart A, sl1, p1.

Row b (WS): sl1 wyib, p1, work Row b of Border Chart A to m, slm, k to end.

Row c: with MC2, k2, kfb, k to m, slm, work Row c of Border Chart A, sl1, p1.

Row d: sl1 wyib, p1, work Row d of border Chart A to m, slm, k to end; 189 sts.

Row e & f: work as Row a & b, working Row e & f of Border Chart A; 190 sts.

BORDER CHART A & B

Next, you will work **Border Chart B** until the marker and continue with **Border Chart A**, starting with Row 1 of both Charts. Work as follows.

RS rows: work **Border Chart B** to m, slm, work **Border Chart A**, sl1, p1.

WS rows: sl1 wyib, p1, work **Border Chart A**, slm, work **Border Chart B**.

After working **Border Chart B** you have 199 sts.

FIRST TRIANGLE

Next, you are going to work the first triangle that protrudes from the edge. Work as follows.

With MC1, k to m, k7, work Row 1 of the **Triangle Chart 1**.

Place the remaining sts on your LH needle on waste yarn or a st holder and turn your work, ready to work a WS row.

Next row (WS): work Row 2 of the **Triangle Chart 1**, k to m, slm, k to end.

Next row (RS): with MC2, k2, kfb, k to m, slm, k7. Place the sts on your RH needle on waste yarn or spare needle and continue by working Row 3 of the Chart.

Next row (WS): work Row 4 of the Chart.

You have now separated the sts for the first triangle from the border sts and you can remove the marker.

Continue to work the first triangle by working the remainder of the **Triangle Chart 1**. Do not break MC1 at the beginning of the border row. Instead use another ball of yarn for the MC1 rows.

After working the Chart you have 9 sts. Place these sts on a st holder and break yarns.

SECOND TRIANGLE

Next, you are going to work the second triangle.

Place the sts for the second triangle on Needle A.

Work **Triangle Chart 2** as follows.

RS rows: work Chart, sl1, p1.

WS rows: sl1 wyib, p1, work Chart.

Place the remaining 9 sts on a st holder and break yarns.

EDGE

Place the sts of the straight edge on Needle A.

Next row (WS): with MC2, knit the sts you have placed on the needle.

Break MC2.

Next row (RS): with MC1, knit the sts until the slanted side of the first Triangle. With working yarn PU and k 10 sts until the live sts. Place the 9 live sts on your LH needle and knit those sts. PU and k 10 sts along the second slanted side of the first Triangle. PU and k 3 sts between the first and the second Triangle. PU and k 10 sts until the live sts of the second Triangle. Place the 9 live sts on your LH needle, k7 sl1, p1.

Next row (WS): sl1 wyib, p1, k to end.

I-CORD BIND OFF

Next, you are going to bind off all sts using an I-cord bind off. Work as follows.

Step 1: With Needle B, CO 2 sts using a cable CO.

Step 2: k1, ssk.

Step 3: slip the 2 sts on your RH needle to your LH needle.

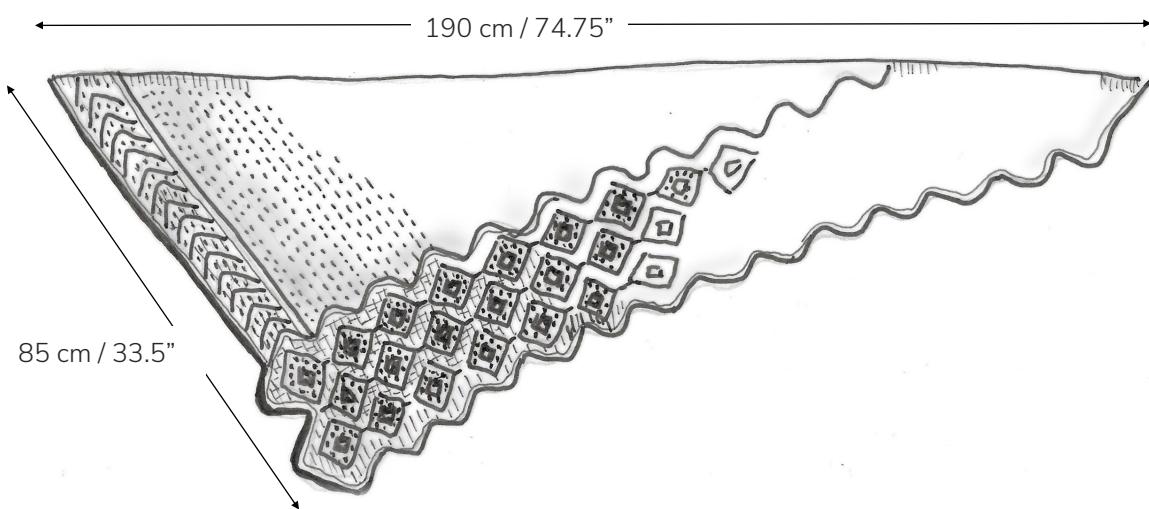

Repeat Step 2 & 3 until there are 2 sts on your LH needle.

Graft the 2 sts on your RH needle together with the 2 sts on your LH needle using Kitchener Stitch.

FINISHING

Weave in all ends. Wet block your shawl, preferably using blocking wires. Stretch the shawl to shape and measurements given in SCHEMATIC.

SCHEMATIC

CHARTS

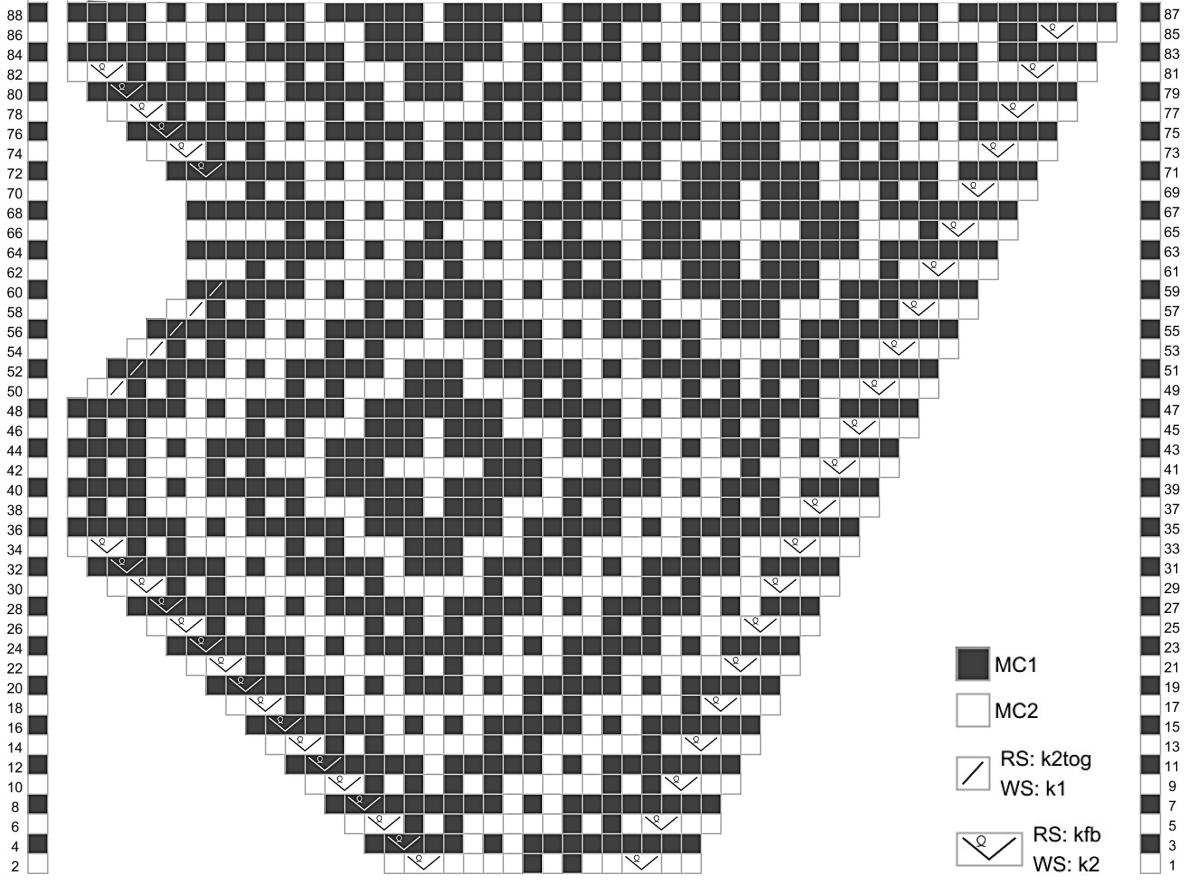

Working a Mosaic Colorwork Chart

A mosaic pattern is a slip-stitch design using two colors. The colors are worked one at a time, so you will be handling only one strand every row. You will be working a RS and a WS row with one color. After working these two rows, you will drop that color, and work a RS and a WS row with the second color. The chart represents this: every horizontal row of squares represents a RS (right to left) and a WS (left to right) row.

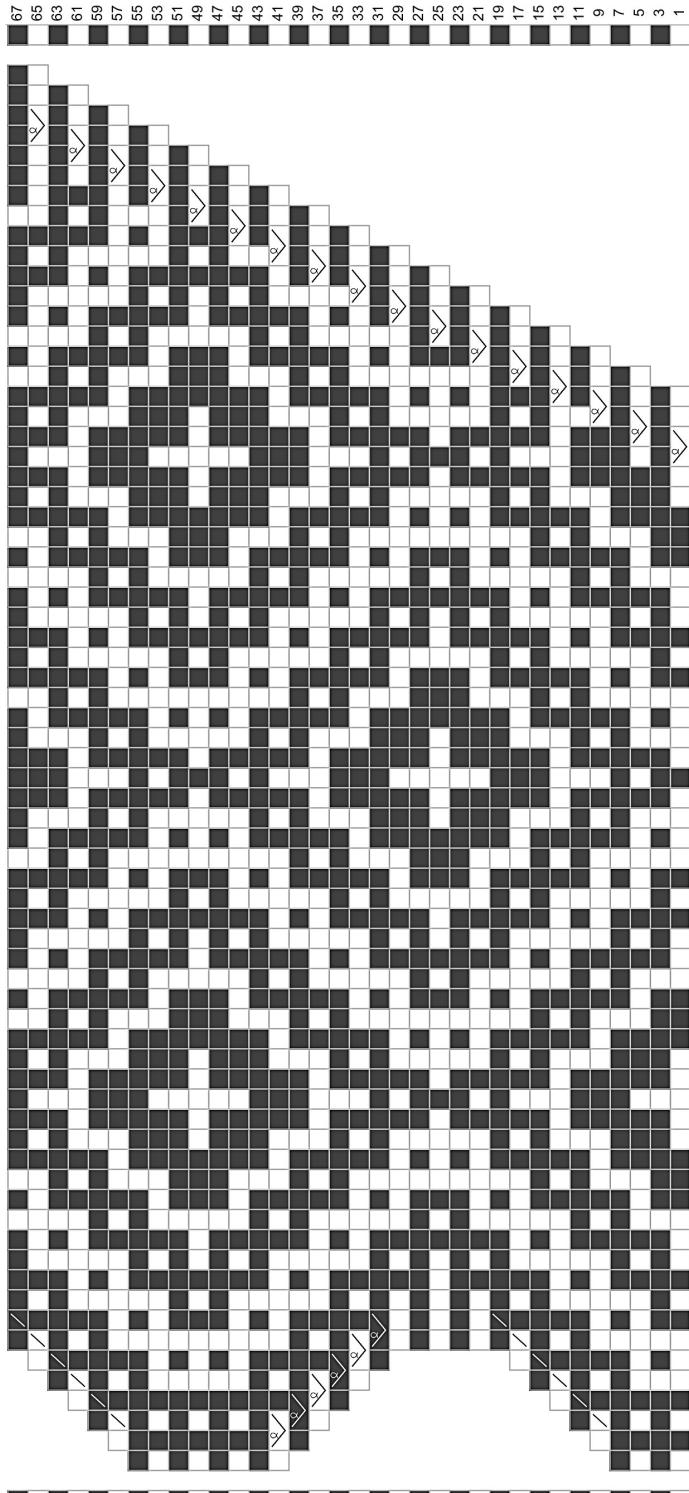

The squares that form the vertical bar on the left and right of the Chart represent the color you will be using for that row. If the square indicates to use MC1, you will be knitting the MC1 sts, and slipping the MC2 sts. On the next (WS) row you will be knitting and slipping the exact same sts. Note that the squares that form the vertical bars do not represent stitches, **and should not be worked at the beginning or end of the row**.

All sts are slipped purlwise, with the yarn held on the WS. So, on a RS row you will be slipping the sts with the yarn in back and on the WS rows with the yarn in front.
