

DANIEL'S HAT

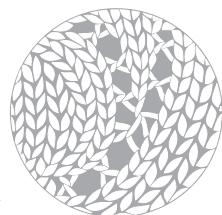

We love the on trend shape of a simple knitted hat with a cosy brim and pom-pom on top. This one skein project is bound to provide you with plenty of opportunities to gleefully tell admirers, "I made this". Stylish knits that are budget friendly? We love them.

The Daniel's hat begins with a 2x2 ribbed band, perfect to fold over and keep ears cosy. The construction of Daniel's hat is full of polished details. The crown shaping is worked at 3 points with paired decreases, making for an interesting detail that also fits well. It's a construction note we borrowed from on-trend commercial knits. Making our own handmade wardrobes never felt so good.
